

**Public Participation**

Members of the public are welcome to register and attend the workshop. To attend the workshop, you must contact Dr. Brianna Farber at (202) 586-5188 or Email: [eere\\_biomass@ee.doe.gov](mailto:eere_biomass@ee.doe.gov) by February 10, 2020. DOE will also accept public comments as described in **ADDRESSES** for purposes of developing the Bioenergy Technologies Office portfolio, but will not respond individually to comments received.

Participants should limit information and comments to those based on personal experience, individual advice, information, or facts regarding this topic. It is not the object of this session to obtain any group position or consensus from the meeting participants. To most effectively use the limited time, please refrain from passing judgment on another participant's recommendations or advice, and instead, concentrate on your individual experiences.

**Information on Services for Individuals With Disabilities**

Individuals requiring special accommodations at the meeting, please contact Brianna Farber no later than the close of business on February 18, 2020.

**Confidential Business Information**

According to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email, postal mail, or hand delivery two well-marked copies: One copy of the document marked confidential including all the information believed to be confidential, and one copy of the document marked non-confidential with the information believed to be confidential deleted. Submit these documents via email or on a CD, if feasible. DOE will make its own determination about the confidential status of the information and treat it according to its determination.

Signed in Washington, DC, on February 10, 2020.

**BILLING CODE 6717-01-P**

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission**

[Docket Nos. CP19-509-000; CP19-509-001]

**Texas Eastern Transmission, LP; Notice of Schedule for Environmental Review of the Marshall County Mine Panels 19e and 20e Project**

On September 4, 2019, Texas Eastern Transmission, LP (Texas Eastern) filed an application in Docket No. CP19-509-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act to construct and operate certain natural gas pipeline facilities in Marshall County, West Virginia. On December 19, 2019, Texas Eastern amended its application in Docket No. CP19-509-001. The proposed project, known as the Marshall County Mine Panels 19E and 20E Project (Project), would ensure safe and efficient operation of existing Texas Eastern pipeline facilities for the duration of planned longwall mining activities.

On September 17, 2019 and January 6, 2020, the Federal Energy Regulatory Commission (Commission or FERC) issued two separate Notice of Applications for the Project as amended. Among other things, the notices alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

**Schedule for Environmental Review**

Issuance of EA—March 27, 2020  
90-day Federal Authorization Decision  
Deadline—June 25, 2020

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

**Project Description**

Texas Eastern proposes to excavate, elevate, and replace certain sections of four natural gas transmission pipelines due to longwall mining activities in Marshall County, West Virginia. The Project would allow for safe and efficient operation of Texas Eastern's existing pipeline facilities for the duration of the longwall mining activities planned by Marshall County Coal Company in the area beneath Texas
