Proposed Project: Projects for Assistance in Transition From Homelessness (PATH) Program Annual Report (OMB No. 0930–0205)—Revision

SAMHSA awards grants each fiscal year to each state, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands (hereafter referred to as states), from allotments authorized under the PATH program established by Public Law 101–645, 42 U.S.C. 290cc–21 *et seq.*, the Stewart B. McKinney Homeless Assistance Amendments Act of 1990 [Section 521 *et seq.* of the Public Health Service Act and the 21st Century Cures Act (Public Law 114–255), hereafter referred to as “the Act”]. Section 522 of the Act, specifies that states must expend their payments solely for making grants to political subdivisions of the state, and to non-profit private entities (including community-based veterans’ organizations and other community organizations) for the purpose of providing services specified in the Act. Available funding is allotted in accordance with the formula provision of Section 524 of the PHS Act.

This submission is for the revision to the approved PATH Annual Report Manual. Section 528 of the Act

specifies, not later than January 31 of each fiscal year, a funded entity will “prepare and submit to the Secretary a report in such form and containing such information as the Secretary determines to be necessary for: (1) Securing a record and a description of the purposes for which amounts received under Section 521 were expended during the preceding fiscal year and of the recipients of such amounts; and (2) determining whether such amounts were expended in accordance with the provisions of this part.”

The proposed revision to the PATH 2020 Annual Report Manual are as follows:

Homelessness Management Information System (HMIS) Data Standards Updates

When needed, field response options and questions have been updated or added to align with the most recent version of the Department of Housing and Urban Developments (HUD) HMIS Data Standards.

The HUD HMIS Data Standards have been updated and are effective October 1, 2019. The changes in the HUD HMIS Data Standards are reflected in the PATH Annual Report Manual, and include:

- Updates to response categories for Housing Outcomes
- Addition of an “Unable to Locate Client!” response option to PATH Status
- Addition of a demographic question on history with domestic violence

The estimated annual burden for these reporting requirements is summarized in the table below.

Respondents	Number of respondents	Responses per respondent	Burden per response (hrs.)	Total burden
States	56	1	15	840
Local provider agencies	476	1	15	7,140
Total	532	7,980
