

the network uses; the cost of the connection; and the applicable contractual provisions. Indeed, fiber network connections may be more attractive to some market participants as they are more reliable and less susceptible to weather conditions.

The proposed change does not affect competition among national securities exchanges or among members of the Exchange, but rather between IDS and its commercial competitors.

For the reasons described above, the Exchange believes that the proposed rule changes reflect this competitive environment.

Summary of the Application

1. Applicants request an order to permit (a) each Fund¹ (and each a “Fund of Funds”) to acquire shares of Underlying Funds² in excess of the limits in sections 12(d)(1)(A) and (C) of the Act, and (b) each Underlying Fund that is a registered open-end management investment company or series thereof, their principal underwriters, and any broker or dealer registered under the 1934 Act to sell shares of the Underlying Funds to the Fund of Funds in excess of the limits in section 12(d)(1)(B) of the Act.³ Applicants also request that the Commission issue an order under sections 6(c) and 17(b) of the Act from the prohibition on certain affiliated transactions in section 17(a) of the Act to the extent necessary to permit the Underlying Funds to sell their shares to, and redeem their shares from, the Funds of Funds.⁴ Applicants state that such

¹ Applicants request that the order apply not only to the existing series of the Trust (the “Existing Funds”), but that the order also extend to any future series of the Trust and any other existing or future registered open-end management investment companies and any series thereof that are part of the same “group of investment companies,” as defined in section 12(d)(1)(G)(ii) of the Act, as the Trust are, or may in the future be, advised by the Adviser or any other investment adviser controlling, controlled by, or under common control with the Adviser (together with the Existing Funds, each series a “Fund,” and collectively, the “Funds”). For purposes of the request for relief, the term “group of investment companies” means any two or more registered investment companies, including closed-end investment companies and BDCs, that hold themselves out to investors as related companies for purposes of investment and investor services.

² Certain of the Underlying Funds registered under the Act as either UITs or open-end management investment companies may have requested and obtained exemptions from the Commission necessary to permit their shares to be listed and traded on a national securities exchange at negotiated prices and, accordingly, to operate as exchange-traded funds (collectively, “ETFs” and each an “ETF”).

³ Applicants are not requesting relief for a Fund of Funds to invest in BDCs and registered closed-end investment companies that are not listed and traded on a national securities exchange.

⁴ A Fund of Funds generally would purchase and sell shares of an Underlying Fund that operates as an ETF or closed-end fund through secondary market transactions rather than through principal transactions with the Underlying Fund. Applicants nevertheless request relief from sections 17(a)(1) and (2) to permit each ETF or closed-end fund that is an affiliated person, or an affiliated person of an affiliated person, as defined in section 2(a)(3) of the Act, of a Fund of Funds, to sell shares to or redeem shares from the Fund of Funds. This includes, in the case of sales and redemptions of shares of ETFs, the in-kind transactions that accompany such sales and redemptions. Applicants are not seeking relief from section 17(a) for, and the requested relief will

transactions will be consistent with the policies of each Fund of Funds and each Underlying Fund and with the general purposes of the Act and will be based on the net asset values of the Underlying Funds.

2. Applicants agree that any order granting the requested relief will be subject to the terms and conditions stated in the application. Such terms and conditions are designed to, among other things, help prevent any potential (i) undue influence over an Underlying Fund that is not in the same “group of investment companies” as the Fund of Funds through control or voting power, or in connection with certain services, transactions, and underwritings, (ii) excessive layering of fees, and (iii) overly complex fund structures, which are the concerns underlying the limits in sections 12(d)(1)(A), (B), and (C) of the Act.

3. Section 12(d)(1)(J) of the Act provides that the Commission may exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provision of section 12(d)(1) if the exemption is consistent with the public interest and the protection of investors. Section 17(b) of the Act authorizes the Commission to grant an order permitting a transaction otherwise prohibited by section 17(a) if it finds that (a) the terms of the proposed transaction are fair and reasonable and do not involve overreaching on the part of any person concerned; (b) the proposed transaction is consistent with the policies of each registered investment company involved; and (c) the proposed transaction is consistent with the general purposes of the Act. Section 6(c) of the Act permits the Commission to exempt any persons, securities, or transactions from any provision of the Act if such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Assistant Secretary.
