

industry organizations; and recordkeeping requirements. The forms and information covered under this information collection require minimum information necessary to effectively carry out the requirements of the programs and their use is necessary to fulfill the intent of the applicable authority.

As part of this renewal collection for the National Research, Promotion, and Consumer Information Programs (0581-0093), AMS is deleting all references to the processed raspberry program as termination of the program was favored by a majority of eligible producers and importers voting in a referendum from September 10 through October 5, 2018. The termination order was published in the **Federal Register** on September 24, 2019 (Vol. 84, No. 185).

Two previously approved OMB packages are merged into this submission for renewal and approval:

For National Sheep Improvement Center

Estimate of Burden: Public reporting burden for this collection information is estimated to average 0.50 hours per response.

Respondents: Sheep and goat producers.

Estimated Number of Respondents: 10.

Estimated Total Annual Responses: 20.

Estimated Number of Responses per Respondent: 1 per year per form.

Estimated Total Annual Burden on Respondents: 6 hours.

For Soybean Promotion, Research, and Consumer Information; Beef Promotion and Research; Amendments To Allow Redirection of State Assessments to the National Program

Estimate of Burden: Public reporting burden for this collection information is estimated to average 0.0830 hours per response.

Respondents: Soybean and beef producers.

Estimated Number of Respondents: 30.

Estimated Total Annual Responses: 30.

Estimated Number of Responses per Respondent: 1 per year per form.

Estimated Total Annual Burden on Respondents: 2.49 hours.

AMS is committed to comply with the E-Government Act, which requires Government agencies in general to provide the public the option of submitting information or transacting business electronically to the maximum extent possible.

For National Research, Promotion, and Consumer Information Program—0581-0093

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1.27 hours per response.

Respondents: Producers, processors, handlers, manufacturers, importers, and others in the marketing chain of a variety of agricultural commodities, and recordkeepers.

Estimated Number of Respondents: 118,232.

Estimated Total Annual Responses: 439,447.

Estimated Number of Responses per Respondent: 3.72.

Estimated Total Annual Burden on Respondents: 149,909 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this document will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Authority: 44 U.S.C. Chapter 35.

Dated: February 26, 2020.

Bruce Summers,

Administrator, Agricultural Marketing Service.

BILLING CODE 3410-02-P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2020-0004]

Notice of Request for Revision to and Extension of Approval of an Information Collection; Swine Health Protection

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Revision to and extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request a revision to and extension of approval of an information collection associated with the swine health protection program.

DATES: We will consider all comments that we receive on or before May 4, 2020.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2020-0004>.
- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2020-0004, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2020-0004> or in our reading room, which is located in Room 1141 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the swine health protection program, contact Dr. Ross Free, Swine Commodity Health Specialist, Strategy and Policy, Veterinary Services, APHIS, 920 Main Campus Drive, Suite 200, Raleigh, NC 27606; (919) 855-7712. For more detailed information on the information collection process, contact Mr. Joseph Moxey, APHIS' Information Collection Coordinator, at (301) 851-2483.

SUPPLEMENTARY INFORMATION:

Title: Swine Health Protection.

OMB Control Number: 0579-0065.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (AHPA) of 2002 (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to prohibit or restrict the interstate movement of animals and animal products to prevent the dissemination within the United States of animal

diseases and pests of livestock and to conduct programs to detect, control, and eradicate pests and diseases of livestock.

The Swine Health Protection Act (7 U.S.C. 3801 *et seq.*, referred to below as the Act) prohibits the feeding of garbage to swine intended for interstate movement or foreign commerce or that substantially affect such commerce unless the garbage has been treated to kill disease organisms. Untreated garbage is one of the primary media through which numerous infectious and communicable diseases can be transmitted to swine. APHIS' regulations promulgated under the Act, which are located at 9 CFR part 166, require that garbage intended to be fed to swine must be treated at a facility that holds a valid permit to treat the garbage and must be treated in accordance with the regulations.

As part of its swine health protection program, APHIS conducts a pseudorabies (PRV) eradication program in cooperation with State governments, swine producers, swine shippers, herd owners, and accredited veterinarians. The program identifies PRV-affected swine, provides herd management techniques, and has eliminated PRV in commercial production herds. However, APHIS periodically finds infected swine when swine are exposed to feral swine or other swine that have had exposure to feral swine.

The regulations in 9 CFR parts 71 and 85 facilitate the PRV eradication program and general swine health by providing requirements for moving swine interstate within a swine production system. (A production system consists of separate farms that each specialize in a different phase of swine production such as sow herds, nursery herds, and finishing herds. These separate farms, all members of the same production system, may be located in more than one State.)

The regulations for the feeding of garbage to swine and for the PRV eradication program require the use of a number of information collection activities, including the creation of food waste reports; the completion of applications to operate garbage treatment facilities; an acknowledgement of the Swine Health Protection Act and implementing regulations; garbage treatment facility inspection; cancellation of license by State animal health officials; request for a hearing; cancellation of license by licensee; notification by licensee of sick or dead animals; notification by licensee of changes to name, address, or management; cooperative agreements for those States that issue garbage feeding licenses under VS supervision

but do not have primary enforcement responsibility (four States); swine health protection program inspection summary; permit to move restricted animals; owner-shipper statement; certificate of veterinary inspection; accredited veterinarian's statement; embryo and semen shipments; identification for swine moving interstate; swine production system health plan; interstate movement report and notification; cancellation or withdrawal of a swine production system health plan; appeal of cancellation of a swine production system health plan; shipment to slaughter seal; appraisal and indemnity claim form; report of net salvage proceeds; herd management plans; and recordkeeping.

The information collection requirements above are currently approved by the Office of Management and Budget (OMB) under OMB control numbers 0579-0323 (Trichinae Certification Program) and 0579-0065 (Swine Health Protection). After OMB approves this combined information collection package (0579-0065), APHIS will retire OMB control number 0579-0323.

We are asking OMB to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 1.78 hours per response.

Respondents: Owners/operators (licensees) of garbage treatment facilities, herd owners, food establishments, accredited veterinarians, and State animal health authorities.

Estimated annual number of respondents: 15,150.

Estimated annual number of responses per respondent: 63.57.

Estimated annual number of responses: 962,899.

Estimated total annual burden on respondents: 1,715,536 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 25th day of February 2020.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Pennsylvania Advisory Committee

AGENCY: Commission on Civil Rights.

ACTION: Announcement of meeting.

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission), and the Federal Advisory Committee Act (FACA) that a meeting of the Pennsylvania Advisory Committee to the Commission will convene by conference call at 11:30 a.m. (EST) on Tuesday, March 17, 2020. The purpose of the project planning meeting is to discuss the Committee's draft report on its civil rights project titled, School Discipline and the School-to-Prison Pipeline in PA.

Public Call-In Information:
Conference call-in number: 800-353-6461 and conference call ID number: 6813288.

FOR FURTHER INFORMATION CONTACT: Ivy Davis at ero@usccr.gov or by phone at 202-376-7533.

SUPPLEMENTARY INFORMATION: Interested members of the public may listen to the discussion by calling the following toll-free conference call-in number: 800-353-6461 and conference call ID number: 6813288. Please be advised that before placing them into the conference call, the conference call operator will ask callers to provide their names, their organizational affiliations (if any), and email addresses (so that callers may be notified of future meetings). Callers can expect to incur charges for calls they
