NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Institute of Museum and Library Services

Implementation of Executive Order 13891: Guidance Documents

AGENCY: Institute of Museum and Library Services, National Foundation on the Arts and the Humanities.

ACTION: Notice.

SUMMARY: Through this notice, the Institute of Museum and Library Services announces the existence and location of an online guidance portal. This portal is designed to enable the public and our stakeholders to easily locate the Institute's guidance documents.

DATES: The portal is online as of February 28, 2020.

ADDRESSES: The portal URL is www.imls.gov/guidance.

FOR FURTHER INFORMATION CONTACT: Nancy E. Weiss, General Counsel, Institute of Museum and Library Services, 955 L'Enfant Plaza North SW, 4th Floor, Washington, DC 20024. Email: nweiss@imls.gov. Telephone: (202) 653-4657.

SUPPLEMENTARY INFORMATION: Pursuant to Executive Order 13891, "Promoting the Rule of Law Through Improved Agency Guidance Documents," and the implementing guidance from the Office of Management and Budget in memorandum M-20-02, the Institute of Museum and Library Services (IMLS) is establishing on its website a centralized guidance portal that contains or links to all IMLS guidance documents currently in effect. This guidance portal, located at www.imls.gov/guidance, does not replace the information contained in content-specific areas of the IMLS website. Individuals who already access IMLS guidance documents through these pages (such as our grants management pages) may continue to do so.

Dated: February 28, 2020.

Amanda Bakale,

Assistant General Counsel, Institute of Museum and Library Services.

BILLING CODE 7036-01-P

NUCLEAR REGULATORY COMMISSION

Advisory Committee on the Medical Uses of Isotopes Charter Renewal

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of renewal of the charter of the Advisory Committee on the Medical Uses of Isotopes.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has determined that renewal of the charter for the Advisory Committee on the Medical Uses of Isotopes (ACMUI) until February 28, 2022, is in the public interest in connection with duties imposed on the Commission by law. This action is being taken in accordance with the Federal Advisory Committee Act, after consultation with the Committee Management Secretariat, General Services Administration.

The purpose of the ACMUI is to provide advice to the NRC on policy and technical issues that arise in regulating the medical use of byproduct material for diagnosis and therapy. Responsibilities include providing guidance and comments on current and proposed NRC regulations and regulatory guidance concerning medical use; evaluating certain non-routine uses of byproduct material for medical use; and evaluating training and experience of proposed authorized users. The members are involved in preliminary discussions of major issues in determining the need for changes in

NRC policy and regulation to ensure the continued safe use of byproduct material. Each member provides technical assistance in his/her specific area(s) of expertise, particularly with respect to emerging technologies. Members also provide guidance as to NRC's role in relation to the responsibilities of other Federal agencies as well as of various professional organizations and boards.

Members of this Committee have demonstrated professional qualifications and expertise in both scientific and non-scientific disciplines including nuclear medicine; nuclear cardiology; radiation therapy; medical physics; nuclear pharmacy; State medical regulation; patient's rights and care; health care administration; and Food and Drug Administration regulation.

CONTACT INFORMATION: Kellee Jamerson, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555; Telephone: (301) 415-7408 or at kellee.jamerson@nrc.gov.

Dated: February 28, 2020.

Russell E. Chazell,

Federal Advisory Committee Management Officer.

BILLING CODE 7590-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88296; File No. SR-GEMX-2020-05]

Self-Regulatory Organizations; Nasdaq GEMX, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Options 3, Section 7, "Types of Orders" To Permit the Exchange To Determine the Availability of Order Types and Time-In-Force Provisions

February 27, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 14, 2020, Nasdaq GEMX, LLC ("GEMX" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Options 3, Section 7, "Types of Orders" to permit the Exchange to determine the availability of order types and time-in-force provisions.

The Exchange requests that the Commission waive the 30-day operative delay period contained in Exchange Act Rule 19b-4(f)(6)(iii).³

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Options 3, Section 7, "Types of Orders" to provide that the Exchange may determine which order types and times-in-force provisions are available on a class or system basis. This proposed change is based on the rules of Cboe BZX Exchange, Inc. ("BZX Options"),⁴ Rule 21.1, Cboe EDGX Exchange, Inc.

("EDGX Options") Rule 21.1,⁵ Cboe Exchange, Inc. ("Cboe") Rule 5.6⁶ and Cboe C2 Exchange, Inc. ("C2") Rule 6.10(a).⁷ The Exchange proposes to also amend the title of the rule from "Types of Orders" to "Types of Orders and Order and Quote Protocols" to reflect the information in the rule.

The Exchange proposes to add rule text at the beginning of Options 3, Section 7 which states, "The Exchange may determine to make certain order types and time-in-force, respectively, available on a class or System basis." The purpose of this rule change is to provide the Exchange with appropriate flexibility to address different trading characteristics, market models, and the investor base of each class, as well as to handle any System issues that may arise and require the Exchange to temporarily not accept certain order types. This rule is consistent with BZX Options Rule 21.1, EDGX Options Rules 21.1(d) and 21.1(f), Cboe Rule 5.6 and C2 Rule 6.10(a), each of which provides these exchanges with the same flexibility. The Exchange intends to file rule changes to adopt this rule across all Nasdaq affiliated markets.

This rule change will not permit the Exchange to discriminate among market participants when determining which order types and times-in-force provisions are available on a class or system basis. The Exchange's proposal allows the Exchange to make certain order types and time-in-force, respectively, available on a class or System basis uniformly for all market participants. For example, if the Exchange determined to make a certain order type unavailable, that order type would not be available for any market participant.

³ 17 CFR 240.19b-4(f)(6)(iii).
⁴ BZX Options Rule 21.1(d), Definitions, provides "The term "Order Type" shall mean the unique processing prescribed for designated orders, subject to the restrictions set forth in paragraph (l) below with respect to orders and bulk messages submitted through bulk ports, that are eligible for entry into the System. Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following Order Types are available on a class or system basis."

⁵ Cboe Rule 5.6, Availability of Orders, provides, "Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following order types are available on a class-by-class and system-by-system basis."

⁶ C2 Rule 6.10(a), Availability of Orders, provides, "Availability. Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following order types, Order Instructions, and Times-in-Force are available on a class, system, or trading session basis. Rule 6.13 sets forth the order types, Order Instructions, and Times-in-Force the Exchange may make available for complex orders."

The Exchange would issue an Options Trader Alert to provide notification to Participants that a change is being made to the availability or unavailability of a certain order type or time-in-force. The Exchange notes that in the event of System disruption, the Exchange would notify Participants of the unavailability of any order type and would also provide notification when that order type was available once the disruption was resolved.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The proposed rule change would provide the Exchange with the flexibility to determine the availability of order types and times-in-force on a class and System basis. This flexibility would remove impediments to and perfect the mechanism of a free and open market and a national market system by allowing the Exchange to address the specific characteristics of different classes and different market conditions. The Exchange believes that this proposal serves to protect investors by ensuring that the appropriate order types and times-in-force are tailored to the different class characteristics and by mitigating risks associated with changing market conditions.¹⁰ The Exchange would issue a notification to Participants to provide them notice that a change is being made to the availability or unavailability of a certain order type or time-in-force before implementing the change. In the event of a System issue, the Exchange believes that it is consistent with the Act to temporarily not offer a certain order type to ensure the proper executions of transactions within the System thereby protecting investors and the public interest. The Exchange anticipates that exercising its ability to temporarily not offer order types would be infrequent.

Adding this provision on all Nasdaq affiliated markets will ensure consistency between the Exchange rules and that of its affiliates and would remove impediments to and perfect the

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

¹⁰ The Exchange may also determine to temporarily not offer an order type or a time-in-force based on a System issue.

³ 17 CFR 240.19b-4(f)(6)(iii).

⁴ BZX Options Rule 21.1(d), Definitions, provides "The term "Order Type" shall mean the unique processing prescribed for designated orders, subject to the restrictions set forth in paragraph (l) below with respect to orders and bulk messages submitted through bulk ports, that are eligible for entry into the System. Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following Order Types are available on a class or system basis."

BZX Options Rule 21.1(f), Definitions, provides "The term "Time in Force" means the period of time that the System will hold an order, subject to the restrictions set forth in paragraph (j) below with respect to bulk messages submitted through bulk ports, for potential execution. Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following Times-in-Force are available on a class, system, or trading session basis. Rule 21.20 sets forth the Times-in-Force the Exchange may make available for complex orders."

mechanism of a free and open market and promote just and equitable principles of trade, as well as foster cooperation and coordination with persons engaged in facilitating transactions in securities. The proposed rule change provides the Exchange with the same flexibility currently permitted on BZX Options, EDGX Options, Cboe and C2. The Exchange believes that this consistency promotes market participants' understanding of the rules across the multiple affiliated exchanges and promotes a fair and orderly national options market system. The Exchange also notes that the proposed change is reasonable and does not affect investor protection because the proposed change does not present any novel or unique issues, as it has previously been filed with the Commission.

The Exchange's proposal is not unfairly discriminatory because the Exchange will not discriminate among market participants when determining which order types and times-in-force provisions are available on a class or system basis. The Exchange's proposal allows the Exchange to make certain order types and time-in-force, respectively, available on a class or System basis uniformly for all market participants. For example, if the Exchange determined to make a certain order type unavailable, that order type would not be available for any market participant.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe the proposed rule change will impose any burden on intra-market competition, as the proposed rule change will apply in the same manner to all order types and/or times-in-force, as the Exchange determines, for all Participants. The Exchange does not believe the proposed rule change will impose any burden on inter-market competition because the proposed change provides the Exchange with substantially the same flexibility as the rules of other exchanges.¹¹ Therefore, the Exchange believes that the proposed rule change will allow it to make determinations regarding the availability of orders that will enable it to remain competitive as markets and market conditions evolve.

The Exchange's proposal does not impose an undue burden on competition because the Exchange's

proposal will uniformly make certain order types and time-in-force, respectively, available on a class or System basis for market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵

A proposed rule change filed under Rule 19b-4(f)(6)¹⁶ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately. The Exchange notes that waiver of the operative delay will allow GEMX to exercise immediately the same flexibility to make certain order types available or unavailable as BZX Options, EDGX Options, Cboe, and C2. The Exchange states that this flexibility would serve to protect investors and the public interest by mitigating risks associated with changing market conditions. Based on the foregoing, the

¹² 15 U.S.C. 78s(b)(3)(A)(iii).

¹³ 17 CFR 240.19b-4(f)(6).

¹⁴ 15 U.S.C. 78s(b)(3)(A).

¹⁵ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁶ 17 CFR 240.19b-4(f)(6).

¹⁷ 17 CFR 240.19b-4(f)(6)(iii).

Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, and the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-GEMX-2020-05 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-GEMX-2020-05. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the

¹⁸ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹¹ See notes 4-6 above.

provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal offices of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-GEMX-2020-05, and should be submitted on or before March 25, 2020.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁹

J. Matthew DeLesDernier,
Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88297; File No. SR-LCH SA-2020-001]

Self-Regulatory Organizations; LCH SA; Notice of Filing of Proposed Rule Change Relating to Amendments to the Wind Down Plan

February 27, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder² notice is hereby given that on February 24, 2020, Banque Centrale de Compensation, which conducts business under the name LCH SA ("LCH SA"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change described in Items I, II, and III below, which Items have been prepared primarily by LCH SA. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

Banque Centrale de Compensation, which conducts business under the name LCH SA ("LCH SA"), is proposing to adopt an updated wind down plan

(the "WDP"). The text of the proposed rule change has been annexed as Exhibit 5.

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, LCH SA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. LCH SA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements.

A. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 28, 2016, the Securities and Exchange Commission (the "Commission") adopted amendments to Rule 17Ad-22³ pursuant to Section 17A of the Securities Exchange Act of 1934 (the "Act")⁴ and the Payment, Clearing and Settlement Supervision Act of 2010 ("Clearing Supervision Act")⁵ to establish enhanced standards for the operation and governance of those clearing agencies registered with the Commission that meet the definition of a "covered clearing agency," as defined by Rule 17Ad-22(a)(5)⁶ (collectively, the new and amended rules are herein referred to as "CCA rules").

LCH SA is a covered clearing agency under the CCA rules and therefore is subject to the requirements of the CCA rules, including Rule 17Ad-22(e)(3). The CCA rules require that covered clearing agencies, among other things: "establish, implement, maintain and enforce written policies and procedures reasonably designed to . . . maintain a sound risk management framework for comprehensively managing legal, credit, liquidity, operational, general business, investment, custody, and other risks that arise in or are borne by the covered clearing agency, which . . . includes plans for the recovery and orderly wind-down of the covered clearing agency necessitated by credit losses, liquidity shortfalls, losses from general business risk, or any other losses."⁷

As a central counterparty recognized under the European Market Infrastructure Regulation ("EMIR"), LCH SA is also required to have in place

relevant recovery and wind down mechanisms required under EMIR.⁸

As a credit institution based in the European Union, LCH SA is also subject to Directive 2014/59/EU, as supplemented, requiring institutions to draw up and maintain recovery plans setting forth options for measures to be taken by the institution to restore its financial position following a significant deterioration of its financial position.

The purpose of the WDP is to ensure an orderly wind down of the CCP under extreme circumstances and to limit market impact as much as possible, should the recovery plan (the "RP")⁹ or the resolutions measures that could have been taken by the authorities have failed to allow the CCP to obtain the resources required to a return to business as usual conditions.

The WDP sets out the steps that LCH SA would follow to close its clearing services and shut down the company. The plan demonstrates how LCH SA, as it exists today, can achieve this orderly wind down within six (6) months.

In addition, in order to ensure the feasibility of the plan, LCH SA holds capital, funded by equity, equal to the operating expenses for a six (6) month period. LCH SA has estimated the amount required to wind down and ensures that it remains inferior to the level of capital set aside.

Although, it is only required to update the wind down plan when a significant change has occurred, LCH SA has decided to review its wind down plan on an annual basis or more frequently if required. The objective of this annual review is to update the overall cost to wind down in order to ensure it remains under the amount of capital held for that purpose, update the assessment of key contract termination provisions, align with the recovery plan if need be and more generally complete the plan with any areas for improvement which could have been detected during the year. In 2018, LCH SA conducted a review of the wind down and identified two areas that needed to be addressed.

The revised version of the plan clarifies the fact that, in accordance with its banking status and with its rules, LCH SA could not decide to wind down by itself but that, if the CCP is no longer deemed viable by its authorities, the ACPR could require LCH SA to start to wind down. This requirement could be made while the CCP is operating under its current governance or once it has been put under resolution by the
