The Public Inspection File R&O removed and reserved 47 CFR.76.1708.

This collection is being revised to reflect the removal of 47 CFR 76.1708 made in the *Public Inspection File R&O*.

The other information collection requirements contained under this collection and have not changed are as follows:

47 CFR 76.56 requires cable television systems to carry signals of all qualified local commercial and Noncommercial Educational (NCE) stations requesting carriage. As a result of this requirement, the following information collection requirements are needed for this collection:

47 CFR 76.1709(a) states that the operator of every cable television system shall maintain for public inspection a file containing a list of all broadcast television stations carried by its system in fulfillment of the must-carry requirements pursuant to 47 CFR 76.56. Such list shall include the call sign; community of license, broadcast channel number, cable channel number, and in the case of a noncommercial educational broadcast station, whether that station was carried by the cable system on March 29, 1990.

47 CFR 76.1709(c) states that a cable operator shall respond in writing within 30 days to any written request by any person for the identification of the signals carried on its system in fulfillment of the requirements of 47 CFR 76.56.

47 CFR 76.1614 states that a cable operator shall respond in writing within 30 days to any written request by any person for the identification of the signals carried on its system in fulfillment of the requirements of 47 CFR 76.56. The required written response may be delivered by email, if the consumer used email to make the request or complaint directly to the cable operator, or if the consumer specifies email as the preferred delivery method in the request or complaint.

Additionally, 47 CFR 76.1620 states that if a cable operator authorizes subscribers to install additional receiver connections, but does not provide the subscriber with such connections, or with the equipment and materials for such connections, the operator shall notify such subscribers of all broadcast stations carried on the cable system which cannot be viewed via cable without a converter box and shall offer to sell or lease such a converter box to such subscribers. Such notification must be provided by June 2, 1993, and annually thereafter and to each new subscriber upon initial installation. The notice, which may be included in routine billing statements, shall identify the signals that are unavailable without an additional connection, the manner

for obtaining such additional connection and instructions for installation.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Request for Information; Innovative Approaches and Knowledge Gaps Related to Enhancing Nonresident Parents' Ability To Support Their Children Economically and Emotionally; Extension of Comment Period

AGENCY: Administration for Children and Families; HHS.

ACTION: Request for Public Comment.

SUMMARY: Through this Request for Information (RFI), the Administration for Children and Families (ACF), in the U.S. Department of Health and Human Services (HHS), seeks to further the

development of employment programs for nonresident parents by soliciting information and recommendations from a broad array of stakeholders in the public and private sectors, including state, regional, tribal, and local areas. The Foundations for Evidence-Based Policymaking Act of 2018 (Evidence Act) requires federal agencies to develop evidence-building plans to identify and address policy questions relevant to programs, policies, and regulations of the agency. In this vein, ACF will analyze information collected from this RFI to continue developing a learning and action agenda to better understand the effectiveness of employment programs for nonresident parents.

DATES: The comment period for this RFI, originally published November 20, 2019 at 84 FR 64079, is extended. Send comments on or before March 30, 2020.

ADDRESSES: Submit questions, comments, and supplementary documents to nonresidentemploymentRFI@acf.hhs.gov.

SUPPLEMENTARY INFORMATION: *Invitation to Comment:* HHS invites comments regarding the questions included in this notice. To ensure that your comments are clearly stated, please identify the specific question, or other section of this notice, that your comments address.

1.0 Background

A key responsibility of all parents is to economically support their children, whether or not they live with them. Parents are better able to fulfill this responsibility when they are working regularly. While the Temporary Assistance for Needy Families (TANF) program has encouraged parents receiving government assistance (who are typically custodial mothers) to pursue employment, increasing work among nonresident parents (who are typically fathers and not receiving assistance) remains a challenge. An analysis by the federal Office of Child Support Enforcement (OCSE) estimates that in 2015, 13% of noncustodial parents had been out of work for at least a year.

ACF recently issued three Information Memorandums to encourage states to provide employment services to noncustodial parents. TANF-ACF-IM-18-01 reminded states that they may use federal TANF funds and state maintenance-of-effort funds to provide employment services to noncustodial parents (please see <https://www.acf.hhs.gov/ofa/resource/tanf-acf-im-2018-01the-use-of-tanf-funds-to-promote-employment-programs-for-noncustodial-parents>).
