

DEPARTMENT OF TRANSPORTATION**Federal Motor Carrier Safety Administration**

[Docket No. FMCSA–2020–0101]

Controlled Substances and Alcohol Use and Testing: Motion Picture Compliance Solutions Application for Exemption From the Drug and Alcohol Clearinghouse Pre-Employment Full-Query**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.**ACTION:** Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that Motion Picture Compliance Solutions (MPCS) has applied for an exemption on behalf of its members that employ commercial driver's license (CDL) holders subject to drug and alcohol testing. Specifically, MPCS requests an exemption from the requirement that an employer must not employ a driver who is subject to drug and alcohol testing to perform safety-sensitive functions prior to conducting a full query of the Drug and Alcohol Clearinghouse (Clearinghouse). Under the requested exemption, MPCS would conduct a limited query of the Clearinghouse before one of its member employers hires a driver for a project. If the limited query indicates that information about the driver exists in the Clearinghouse, the driver would not be permitted to perform safety-sensitive functions unless and until a full query subsequently shows that the driver is not prohibited from operating a commercial motor vehicle (CMV). FMCSA requests public comment on MPCS's application for an exemption.

DATES: Comments must be received on or before April 6, 2020.**ADDRESSES:** You may submit comments identified by Federal Docket Management System (FDMS) Number FMCSA–2020–0101 by any of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. See the *Public Participation and Request for Comments* section below for further information.
- *Mail:* Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Ground Floor, Room W12–140, Washington, DC 20590–0001.
- *Hand Delivery or Courier:* West Building, Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
- *Fax:* 1–202–493–2251.

• Each submission must include the Agency name and the docket number for this notice. Note that DOT posts all comments received without change to www.regulations.gov, including any personal information included in a comment. Please see the *Privacy Act* heading below.

Docket: For access to the docket to read background documents or comments, go to www.regulations.gov at any time or visit Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays. The on-line FDMS is available 24 hours each day, 365 days each year.

Privacy Act: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy.

FOR FURTHER INFORMATION CONTACT: Ms. Pearlie Robinson, FMCSA Driver and Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; Telephone: (202) 366–4325; Email: MCPSD@dot.gov. If you have questions on viewing or submitting material to the docket, contact Docket Services, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:**I. Public Participation and Request for Comments**

FMCSA encourages you to participate by submitting comments and related materials.

Submitting Comments

If you submit a comment, please include the docket number for this notice (FMCSA–2020–0101), indicate the specific section of this document to which the comment applies, and provide a reason for suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comments online, go to www.regulations.gov and put the docket number, “FMCSA–2020–0101” in the “Keyword” box, and click “Search.” When the new screen appears, click on “Comment Now!”

button and type your comment into the text box in the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period and may grant or not grant this application based on your comments.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31315(b) to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305(a)). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Background*Current Regulations*

Currently, 49 CFR 382.701(a)(2) requires that employers of CDL holders must not employ a driver subject to the testing requirements of 49 CFR part 382 without first conducting a pre-employment full query of the Clearinghouse. A full query allows the employer to see any information that exists about a driver in the Clearinghouse. An employer must obtain the driver's specific consent,

provided electronically through the Clearinghouse, prior to the release of detailed information provided in response to the full query.

By contrast, a limited query allows an employer to determine whether the Clearinghouse contains any information about the driver. However, a limited query does not release any specific information about the driver. Limited queries require only a driver's general consent, which is obtained and retained outside the Clearinghouse and may be in written or electronic form. If the response to a limited query indicates there is information about the driver in the Clearinghouse, the employer must conduct a full query, after obtaining the driver's specific consent, within 24 hours, as required by 49 CFR 382.701(b)(3).

MPCS Exemption Application

MPCS requests the exemption from 49 CFR 701(a)(2) on behalf of its members that employ CDL holders subject to drug and alcohol testing under 49 CFR part 382. MPCS's members employ drivers providing transportation services to or from theatrical, commercial, television, or motion picture production sites. MPCS would conduct a limited query of the Clearinghouse before one of its member employers hires a driver for a project. If the limited query indicates that information about the driver exists in the Clearinghouse, the driver would not be permitted to perform safety-sensitive functions unless and until a full query subsequently shows that the driver is not prohibited from operating a CMV. MPCS, serving as a Consortium/Third-party Administrator (C/TPA) for its member employers, requests, obtains, and retains limited query general consent forms from drivers. A copy of the exemption application is included in the docket referenced at the beginning of this notice.

IV. Request for Comments

In accordance with 49 U.S.C. 31315(b), FMCSA requests public comment from all interested persons on MPCS's application for an exemption from § 382.701(a)(2). All comments received before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available for examination in the docket at the location listed under the **ADDRESSES** section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable. In addition to late comments, FMCSA will also continue to file, in the public docket, relevant

information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.

Issued on: March 3, 2020.

Larry W. Minor,

Associate Administrator for Policy.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2020-0013]

Program Approval: CSX Transportation

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of approval.

SUMMARY: FRA is issuing this notice to explain its rationale for approving a CSX Transportation (CSX) Test Program designed to test track inspection technologies (*i.e.*, an autonomous track geometry measurement system) and new operational approaches to track inspections, as well as its rationale for granting a limited, temporary suspension of a substantive FRA rule that is necessary to facilitate the conduct of the Test Program.

FOR FURTHER INFORMATION CONTACT: Yu-Jiang Zhang, Staff Director, Track Division, Office of Railroad Safety, FRA, 1200 New Jersey Avenue SE, Washington, DC 20590, telephone (202) 493-6460 or email yujiang.zhang@dot.gov; Aaron Moore, Attorney, Office of Chief Counsel, FRA, 1200 New Jersey Avenue SE, Washington, DC 20590, telephone (202) 493-7009 or email aaron.moore@dot.gov.

SUPPLEMENTARY INFORMATION: On November 25, 2019, CSX petitioned FRA under Title 49 Code of Federal Regulations (CFR) Section 211.51 to suspend certain requirements of FRA's track safety regulations to conduct a program to test new track inspection technologies (*i.e.*, an autonomous track geometry measurement system) and new operational approaches to track inspections. CSX also submitted a written Test Program providing a description of the proposed tests and the geographic scope of the testing territory.

The Test Program specifies that the tests will be conducted on two separate segments totaling approximately 1,818 miles of main and siding tracks in 13 subdivisions of CSX's Chicago, Great

Lakes, Northern, and Jacksonville Zones.

The Test Program is designed to test autonomous track geometry measurement systems and gradually decreased manual visual inspections as an alternative to FRA's inspection frequency requirements. CSX indicates that it will continue to use other inspection technologies during the Test Program, including: (1) Vehicle Track Interaction monitoring systems; (2) Sperry joint bar crack detection systems; (3) Georgetown Rail's Aurora Tie Inspection technology; (4) ground penetrating radar; (5) lidar; and (6) laser rail profiling and cant measurements. The Test Program will be carried out in three separate phases over the course of 18 months as detailed in Exhibit C of the Test Program (available for review at www.regulations.gov (docket number FRA-2020-0013)).

After review and analysis of CSX's petition for approval of its Test Program, subject to certain conditions designed to ensure safety, FRA approved CSX's Test Program and suspended the requirements of 49 CFR 213.233(c) as necessary to carry out the Test Program. A copy of FRA's letter approving CSX's Test Program and granting the requested limited temporary suspension of 49 CFR 213.233(c), as well as a complete copy of the Test Program, is available in docket number FRA-2020-0013 at www.regulations.gov. FRA's letter approving CSX's Test Program and granting the requested limited temporary suspension of certain regulations specifically details the conditions CSX will need to undertake during the Test Program. As required by 49 CFR 211.51(c), FRA is providing this explanatory statement describing the Test Program.

As explained more fully in its approval letter, FRA finds that the temporary, limited suspension of 49 CFR 213.233(c) is necessary to the conduct of the approved Test Program, which is specifically designed to evaluate the effectiveness of new automated track inspection technologies and operational methods. Furthermore, FRA also finds that the scope and application of the granted suspension of 49 CFR 213.233(c) as applied to the Test Program are limited to that necessary to conduct the Test Program. Finally, FRA's approval letter outlines the conditions of the Test Program that will
