SUPPLEMENTARY INFORMATION: PHMSA received a special permit renewal request from Empire Pipeline, Inc. (Empire), owned by National Fuel Gas Company, to continue its operations of the Empire State Pipeline as defined in the original special permit issued on May 20, 2010, and renewed on May 20, 2015. An additional special permit segment was added to the special permit on March 28, 2017. The present special permit term is through May 20, 2020. Empire’s special permit renewal request submitted on November 22, 2019, seeks to waive compliance from the requirements of 49 CFR § 192.611, “Change in class location: Confirmation or revision of maximum allowable operating pressure”. This special permit renewal is being requested in lieu of pipe replacement or pressure reduction for six (6) special permit segments totaling 10,475 feet of 24-inch diameter Empire State Pipeline located in Genesee, Monroe, Niagara, and Wayne Counties, New York. The special permit renewal will allow the continued operation of the original Class 1 pipe in Class 3 locations.

The Empire State Pipeline is comprised of 157 miles of 24-inch diameter pipeline and transports natural gas from the Canadian and United States international border in Niagara County, New York to Oswego County, New York. The Empire State Pipeline was

installed in 1993 and has a maximum allowable operating pressure of either 1,440 pounds per square inch gauge (psig) or 1,000 psig in the special permit segments.

The special permit renewal request, existing special permit with conditions, and Environmental Assessment and Finding of No Significant Impact (EA/FONSI) for the Empire State Pipeline is available for review and public comment in Docket No. PHMSA–2008–0213. We invite interested persons to review and submit comments on the special permit renewal request and EA/FONSI in the docket. Please include any comments on potential safety and environmental impacts that may result if the special permit renewal is granted. Comments may include relevant data.

Before issuing a decision on the special permit renewal request, PHMSA will evaluate all comments received on or before the comment closing date. Comments received after the closing date will be evaluated, if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment it receives in making its decision to grant or deny this special permit renewal request.

Issued in Washington, DC, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.
