SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Part 40, Provisions Common to Registered Entities (OMB Control No. 3038–0093). This is a request for extension of a currently approved information collection.

Abstract: This collection of information involves the collection and submission to the Commission of information from registered entities concerning new products, rules, and rule amendments pursuant to the procedures outlined in §§ 40.2, 40.3, 40.5, 40.6, and 40.10 found in 17 CFR part 40.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the

use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

Burden Statement: Registered entities must comply with certification and approval requirements which include an explanation and analysis when seeking to implement new products, rules, and rule amendments, including changes to product terms and conditions. The Commission’s regulations §§ 40.2, 40.3, 40.5, 40.6 and 40.10 provide procedures for the submission of rules and rule amendments by designated contract markets, swap execution facilities, derivatives clearing organizations, and swap data repositories. They establish the procedures for submitting the “written certification” required by Section 5c of the Act. In connection with a product or rule certification, the registered entity must provide a concise explanation and analysis of the submission and its compliance with statutory provisions of the Act. Accordingly, new rules or rule amendments must be accompanied by concise explanations and analyses of the purposes, operations, and effects of the submissions. This information may be submitted as part of the same submission containing the required “written certification.” The Commission estimates the average burden of this collection of information as follows:

- Rules 40.2, 40.3, 40.5, and 40.6
Estimated Number of Respondents: 70.
Annual Responses by each Respondent: 100.
Estimated Hours per Response: 2.
Estimated Total Hours per Year: 14,000.
- Rule 40.10
Estimated Number of Respondents: 3.
Annual Responses by each Respondent: 2.
Estimated Hours per Response: 5.
Estimated Total Hours per Year: 30.
