Needs and Uses: The United States, the European Union (EU), and Switzerland share the goal of enhancing privacy protection for their citizens but take different approaches to doing so. Given those differences, the Department of Commerce (DOC) developed the EU-U.S. and Swiss-U.S. Privacy Shield Frameworks (Privacy Shield) in consultation with the European Commission, the Swiss Administration, industry, and other stakeholders. Privacy Shield provides U.S. organizations a reliable mechanism for personal data transfers to the United States from the EU and Switzerland, while ensuring data protection that is consistent with EU and Swiss law.

The European Commission and Swiss Administration deemed the EU-U.S. Privacy Shield Framework and Swiss-U.S. Privacy Shield Framework adequate to enable data transfers under EU and Swiss law, respectively, on July 12, 2016 and on January 12, 2017. The DOC began accepting self-certification submissions for the EU-U.S. Privacy Shield on August 1, 2016, and for the Swiss-U.S. Privacy Shield on April 12, 2017. More information on the Privacy Shield is available at: <https://www.privacyshield.gov/welcome>.

The DOC issued the Privacy Shield Principles under its statutory authority to foster, promote, and develop international commerce (15 U.S.C. 1512). The International Trade Administration (ITA) administers and supervises the Privacy Shield, including maintaining and making publicly available an authoritative list of U.S. organizations that have self-certified to the DOC. U.S. organizations submit information to ITA to self-certify their compliance with Privacy Shield.

U.S. organizations considering self-certifying to the Privacy Shield should review the Privacy Shield Framework. In summary, to participate, an organization must (a) be subject to the investigatory and enforcement powers of the Federal Trade Commission, the Department of Transportation, or another statutory body that will effectively ensure compliance with the
