

0.89 to 0.86 acres of occupied ABM habitat. We request public comment on the application, which includes the proposed modified habitat conservation plan (HCP) and the Service's preliminary determination that the HCP qualifies as "low-effect," categorically excluded, under the National Environmental Policy Act (NEPA; 42 U.S.C. 4231 *et seq.*). To make this determination, we used our environmental action statement and low-effect screening form, both of which are also available for public review.

Project

The applicant requests to modify its ITP to authorize take of the ABM via conversion of approximately 0.86 acres of the species' occupied associated with construction of a parking lot with amenities on 1.37 acres of a 5.1-acre parcel in Baldwin County, Alabama. The applicant proposes to implement standard ABM minimization and mitigation measures to mitigate for take of the species. The standard minimization and mitigation measures include, but are not limited to, reducing the construction footprint, shifting the project to the west and north to increase habitat continuity for the species, installing sea turtle-friendly exterior lighting and tinted windows, planting landscaping with native vegetation, and constructing a driveway with materials that will not disperse in a storm surge. The applicant will utilize refuse control measures during construction, as well as restore species' habitat after tropical storms. Free-roaming cats and use of exterior rodenticide also would be prohibited on the parcel. The applicant will conduct on-site monitoring of the Alabama beach mouse population via fall and spring trapping surveys (twice a year) over the remaining term of the ITP. Other minimization and mitigation measures include trapping and relocating ABM, dune enhancement, and restoration and installation of sand fencing. The applicant also would create and contribute to a dune enhancement fund to which future developers could also contribute. The applicant would make an annual contribution to the fund over the span of the ITP. The proceeds from the fund would be used to enhance habitat elsewhere within the city limits where ABM might be found.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment including your personal identifying information may be made available to the public. While you may

request that we withhold your information, we cannot guarantee that we will be able to do so.

Our Preliminary Determination

The Service has made a preliminary determination that the applicant's project, including the proposed minimization and mitigation measures, would have a minor or negligible effect on the Alabama beach mouse and the environment. Therefore, we have preliminarily determined that modification of the incidental take permit would qualify for categorical exclusion and the modified HCP would be "low effect" and categorically excluded under our NEPA regulations at 43 CFR 46.205 and 46.210. A low-effect HCP is one that would result in (1) minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) minor or negligible effects on other environmental values or resources; and, (3) impacts that, when considered together with those of other past, present, and reasonably foreseeable similarly situated projects, would not over time result in significant individual or cumulative effects to environmental values or resources.

Next Steps

The Service will evaluate the application and comments to determine whether to issue the requested modified permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding findings, we will determine whether to modify the ITP and issue ITP number TE84363C-1 to the City of Gulf Shores.

Authority

The Service provides this notice under section 10(c) (16 U.S.C. 1539(c)) of the ESA and NEPA regulation 40 CFR 1506.6.

William Pearson,

Field Supervisor, Alabama Field Office.

Endangered and Threatened Wildlife and Plants; Initiation of 5-Year Status Reviews for 129 Species in Oregon, Washington, Idaho, Hawaii, Montana, California, and Nevada

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of initiation of reviews; request for information.

SUMMARY: We, the U.S. Fish and Wildlife Service, are initiating 5-year status reviews for 129 species in Oregon, Washington, Idaho, Hawaii, Montana, California, and Nevada under the Endangered Species Act of 1973. A 5-year status review is based on the best scientific and commercial data available at the time of the review; therefore, we are requesting submission of any new information on these species that has become available since the last reviews.

DATES: To ensure consideration in our reviews, we are requesting submission of new information no later than May 11, 2020. However, we will continue to accept new information about any species at any time.

ADDRESSES: Submitting Information on Species:

- *Gentner's fritillary:*
- *U.S. mail:* State Supervisor, Attention: 5-Year Review, U.S. Fish and Wildlife Service, Oregon Fish and Wildlife Office, 2600 SE 98th Ave., Suite 100, Portland, OR 97266; or
- *Email:* fw1ofwo@fws.gov.
- *Bull trout, MacFarlane's four-o'clock, and slickspot peppergrass:*
- *U.S. mail:* Project Leader, Attention: 5-Year Review, U.S. Fish and Wildlife Service, Idaho Fish and Wildlife Office, 1387 S Vinnell Way, Suite 368, Boise, ID 83709; or
- *Email:* ifwo@fws.gov.
- *Any of the 125 species occurring in Hawaii:*
- *U.S. mail:* Field Supervisor, Attention: 5-Year Review, U.S. Fish and Wildlife Service, Pacific Islands Fish and Wildlife Office, 300 Ala Moana Blvd., Room 3-122, Honolulu, HI 96850; or
- *Email:* pifwo_admin@fws.gov.

FOR FURTHER INFORMATION CONTACT: Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800-877-8339 for TTY assistance. For information about the various species, contact the following people.

- *Gentner's fritillary*: Jeff Dillon, Oregon Fish and Wildlife Office, 503–231–6179.
- *Bull trout, MacFarlane's four-o'clock, and slickspot peppergrass*: Kathleen Hendricks, Idaho Fish and Wildlife Office, 208–378–5243.
- *Any of the 125 species occurring in Hawaii*: Megan Laut, Pacific Islands Fish and Wildlife Office, 808–792–9400.

SUPPLEMENTARY INFORMATION:

Why do we conduct 5-year status reviews?

Under the Endangered Species Act of 1973, as amended (Act; 16 U.S.C. 1531, *et seq.*), we maintain lists of endangered and threatened wildlife and plant species (referred to as the List) in the Code of Federal Regulations (CFR) at 50 CFR 17.11 (for wildlife) and 17.12 (for plants). Section 4(c)(2) of the Act requires us to review each listed

species' status at least once every 5 years. For additional information about 5-year status reviews, refer to our factsheet at <http://www.fws.gov/endangered/what-we-do/recovery-overview.html>.

What information do we consider in our review?

A 5-year status review considers all new information available at the time of the review. In conducting these reviews, we consider the best scientific and commercial data that have become available since the listing determination or most recent status reviews, such as:

A. Species biology, including but not limited to population trends, distribution, abundance, demographics, and genetics;

B. Habitat conditions, including but not limited to amount, distribution, and suitability;

C. Conservation measures that have been implemented that benefit the species;

D. Threat status and trends in relation to the five listing factors (as defined in section 4(a)(1) of the Act); and

E. Other new information, data, or corrections, including but not limited to taxonomic or nomenclatural changes, identification of erroneous information contained in the List, and improved analytical methods.

Any new information will be considered during the 5-year status review and will also be useful in evaluating the ongoing recovery programs for these species.

Which species are under review?

This notice announces our active review of the 129 species listed in the table below.

Common name	Scientific name	Status	Known range of species occurrence	Final listing rule and publication date
ANIMALS				
<i>Birds:</i>				
Millerbird, Nihoa	<i>Acrocephalus familiaris kingi</i>	Endangered	Hawaii	32 FR 4001, 3/11/1967.
Duck, Laysan	<i>Anas laysanensis</i>	Endangered	Hawaii	32 FR 4001, 3/11/1967.
Akekee	<i>Loxops caeruleirostris</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Akikiki	<i>Oreomystis bairdi</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Petrel, Hawaiian	<i>Pterodroma sandwichensis</i>	Endangered	Hawaii	32 FR 4001, 3/11/1967.
Finch, Laysan	<i>Telespyza cantans</i>	Endangered	Hawaii	32 FR 4001, 3/11/1967.
Finch, Nihoa	<i>Telespyza ultima</i>	Endangered	Hawaii	32 FR 4001, 3/11/1967.
<i>Fishes:</i>				
Trout, bull (coterminous U.S. distinct population segment)	<i>Salvelinus confluentus</i>	Threatened	Washington, Oregon, Idaho, Nevada, Montana.	64 FR 58910, 11/01/1999.
<i>Snails:</i>				
Snail, Newcomb's	<i>Erinna newcombi</i>	Threatened	Hawaii	65 FR 4162, 1/26/2000.
<i>Arachnids:</i>				
Spider, Kauai cave wolf or pee pee maka ole.	<i>Adelocosa anops</i>	Endangered	Hawaii	65 FR 2348, 1/14/2000.
<i>Crustaceans:</i>				
Amphipod, Kauai cave	<i>Spelaeorchestia koloana</i>	Endangered	Hawaii	65 FR 2348, 1/14/2000.
<i>Insects:</i>				
Fly, Hawaiian picture-wing	<i>Drosophila musaphilia</i>	Endangered	Hawaii	71 FR 26835, 5/9/2006.
Fly, Hawaiian picture-wing	<i>Drosophila sharpi</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
PLANTS				
<i>Flowering Plants:</i>				
No common name	<i>Amaranthus brownii</i>	Endangered	Hawaii	61 FR 43178, 8/21/1996.
Painiu	<i>Astelia waialealae</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Olulu	<i>Brighamia insignis</i>	Endangered	Hawaii	59 FR 9304, 2/25/1994.
Awikiwiki	<i>Canavalia napaliensis</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Papala	<i>Charpentiera densiflora</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Haha	<i>Cyanea asarifolia</i>	Endangered	Hawaii	59 FR 9304, 2/25/1994.
Haha	<i>Cyanea dolichopoda</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Haha	<i>Cyanea eleeleensis</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Haha	<i>Cyanea kolekoleensis</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Haha	<i>Cyanea kuhihewa</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Haha	<i>Cyanea recta</i>	Threatened	Hawaii	61 FR 53070, 10/10/1996.
Haha	<i>Cyanea remyi</i>	Endangered	Hawaii	61 FR 53070, 10/10/1996.
Haha	<i>Cyanea rivularis</i>	Endangered	Hawaii	61 FR 53070, 10/10/1996.
No common name	<i>Cyanea undulata</i>	Endangered	Hawaii	56 FR 47695, 9/20/1991.
Mapele	<i>Cyrtandra cyaneoides</i>	Endangered	Hawaii	61 FR 53070, 10/10/1996.
Haiwale	<i>Cyrtandra limahuliensis</i>	Threatened	Hawaii	59 FR 9304, 2/25/1994.

No common name	<i>Doryopteris angelica</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Aumakua, Palapalai	<i>Dryopteris crinalis</i> var. <i>podosorus</i>	Endangered	Hawaii	75 FR 18960, 4/13/2010.
Wawaeiole	<i>Huperzia nutans</i>	Endangered	Hawaii	59 FR 14482, 3/28/1994.

Request for New Information

To ensure that a 5-year status review is complete and based on the best available scientific and commercial information, we request new information from all sources. See What Information Do We Consider in Our Review? for specific criteria. If you submit information, please support it with documentation such as maps, references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources.

If you wish to provide information for any species listed in the table, please submit your comments and materials to the appropriate contact in **ADDRESSES**.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments and materials received will be available for public inspection, by appointment, during normal business hours at the offices to which the comments are submitted.

Completed and Active Reviews

A list of all completed and currently active 5-year status reviews addressing species for which our Regional Office has lead responsibility is available at <http://www.fws.gov/pacific/ecoservices/ endangered/recovery/5year.html>.

Authority

This document is published under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531, *et seq.*).

Mary M. Abrams,

Acting Regional Director, U.S. Fish and Wildlife Service.
