

Further, to the extent that a vehicle remanufacturer is responding to a solicitation for new or remanufactured vehicles with a vehicle to which the remanufacturer has provided post-production alterations or retro-fitting (e.g., replacing major components such as an engine to provide a “like new” vehicle), the vehicle remanufacturer is considered a transit vehicle manufacturer and must also comply with the DBE regulations.

Grant recipients must verify each manufacturer’s compliance with these requirements before accepting its bid. A list of compliant, certified transit vehicle manufacturers (TVMs) is posted on FTA’s web page at www.fta.dot.gov/regulations-and-guidance/civil-rights-ada/eligible-tvms-list. Please note that this list is nonexclusive and recipients must contact FTA before accepting bids from entities not listed on this web-posting. Recipients may also establish project specific DBE goals for vehicle procurements. FTA will provide additional guidance as grants are awarded. For more information on DBE requirements, please contact Monica McCallum, Office of Civil Rights, 206–220–7519, email: monica.mccallum@dot.gov.

e. Standard Assurances

The applicant assures that it will comply with all applicable Federal statutes, regulations, executive orders, directives, FTA circulars, and other Federal administrative requirements in carrying out any project supported by the FTA grant. The applicant acknowledges that it is under a continuing obligation to comply with the terms and conditions of the grant agreement issued for its project with FTA. The applicant understands that Federal laws, regulations, policies, and administrative practices might be modified from time to time and may affect the implementation of the project. The applicant agrees that the most recent Federal requirements will apply to the project, unless FTA issues a written determination otherwise. The applicant must submit the Certifications and Assurances before receiving a grant if it does not have current certifications on file.

3. Other National Policy Requirements

a. Independent Evaluation

Projects funded under this announcement will be subject to evaluation by an independent evaluator selected by FTA. Recipients will be required to coordinate with the independent evaluator to assist in developing an evaluation plan and

collecting, storing and managing data required to fulfill that evaluation plan.

b. Draft Mobility Metrics

Projects funded under this notice will be required to support the efforts of FTA or its designee to evaluate the project and its outcomes against mobility-specific metrics. FTA will work with the project team to implement evaluation plans that are consistent with FTA’s draft models for Mobility Metrics.

c. Data Access and Data Sharing

All work conducted under the AIM Challenge Grants should make every attempt to follow USDOT data policies outlined in the DOT Public Access Plan (www.transportation.gov/mission/open/official-dot-public-access-plan-v11).

d. AIM Incubators and Knowledge Transfer

The AIM Initiative also includes efforts to launch a national network of innovative transit agencies, or AIM Incubators, to test new mobility solutions and share the results broadly with industry. AIM Challenge Grant recipients selected through this NOFO will be designated as the inaugural class of AIM Incubators. They will work through the FTA technical assistance program and provide ongoing outreach. Applicants selected for project awards must be willing to share project outcomes and methods with FTA and the larger public transportation community. Recipients may be asked to participate in information exchange meetings, webinars, or outreach events to support FTA’s goal of advancing mobility innovations. Applicants should allocate a portion of their budgets, up to \$50,000 of the Federal project budget, to support their work as AIM Incubators, which may include travel or presentations at key industry gatherings, peer exchanges and similar knowledge transfer activities.

4. Reporting

Post awards reporting requirements include electronic submission of Federal Financial Reports and Milestone Progress Reports in FTA’s electronic grants management system.

G. Federal Awarding Agency Contacts

For further information concerning this notice, contact FTA Research office via email at AIMChallenge@dot.gov, or please contact Ms. Christina Gikakis, Office of Mobility Innovation, 202–366–2637, or christina.gikakis@dot.gov. A TDD is available for individuals who are deaf or hard of hearing at 202–366–3993. In addition, FTA will post answers to questions and requests for

clarifications as well as information about webinars for further guidance at www.transit.dot.gov/AIM. To ensure applicants receive accurate information about eligibility or the program, the applicant is encouraged to contact FTA directly, rather than through intermediaries or third parties, with questions.
