

interest and will conserve public and private resources.” *Id.* No petition for review of the subject ID was filed.

The Commission has determined not to review the subject ID. The investigation is terminated.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: March 13, 2020.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

DEPARTMENT OF JUSTICE

Notice of Proposed Settlement Agreement and Draft Restoration Plan Under the Comprehensive Environmental Response, Compensation and Liability Act and Clean Water Act

Notice is hereby given that the United States of America, on behalf of the Department of the Interior (“DOI”) acting through the Fish and Wildlife Service and the Commonwealth of Virginia, acting through its Secretary of Natural Resources (collectively “Trustees”), are providing an opportunity for public comment on a proposed Settlement Agreement (“Settlement Agreement”) among the Trustees and Nutrien Ag Solutions (f/k/a Crop Production Services). The Trustees are also providing notice of an opportunity for public comment on a draft Restoration Plan (“draft Restoration Plan”).

The settlement resolves the civil claims of the Trustees against Nutrien Ag Solutions (“Nutrien”) arising under their natural resource trustee authority under the Comprehensive Environmental Response, Compensation, and Liability Act, and applicable state law for injury to, impairment of, destruction of, and loss of use of natural resources as a result of a July 29, 2017 release of approximately 165 gallons of Termix 5301 at or from the Nutrien facility located at 218 Simmons Drive in Cloverdale, Virginia (“Release”). The Release occurred when a container leaked into a stormwater culvert which discharged into Tinker Creek.

Under the proposed Settlement Agreement, Nutrien agrees to pay \$385,000 to the DOI Natural Resource

Damage Assessment and Restoration Fund to be used to restore, replace, rehabilitate, or acquire the equivalent of those resources injured by the Release and compensate the public for lost recreational opportunities, as proposed in the draft Restoration Plan. In addition, Nutrien agrees to pay \$40,000 to the Trustees for restoration planning and oversight costs. Nutrien will receive from the Trustees a covenant not to sue for natural resource damages under CERCLA, the Clean Water Act, and applicable state laws.

In accordance with the CERCLA and the National Environmental Policy Act, the Trustees have also written a draft Restoration Plan/Environmental Assessment that describes proposed alternatives for restoring the natural resources and natural resource services injured by the Release. The two preferred restoration alternatives selected by the Trustees in the draft Plan are (1) Fish Passage Improvements through the removal of impediments in Tinker Creek; and (2) Recreational Fishing Improvements through one time fish re-stocking and hosting a children’s fishing day.

The publication of this notice opens a period for public comment on the proposed Settlement Agreement and draft Restoration Plan. Comments on the proposed Settlement Agreement should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to the Tinker Creek Release Settlement Agreement, D.J. Ref. No. 90–5–1–1–11891. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

<i>To submit comments:</i>	<i>Send them to:</i>
By email	pubcomment-ees.enrd@usdoj.gov .
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044–7611.

During the public comment period, the Settlement Agreement may be examined and downloaded at this Justice Department website: <https://www.justice.gov/enrd/consent-decrees>. We will provide a paper copy of the Settlement Agreement upon written request and payment of reproduction costs. Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044–7611.

Please enclose a check or money order for \$3.00 (25 cents per page

reproduction cost) payable to the United States Treasury.

Comments on the draft Restoration Plan may be submitted to the Trustees either by email or by mail:

<i>To submit comments:</i>	<i>Send them to:</i>
By email	Susan.Lingenfelter@fws.gov .
By mail	USFWS Virginia Field Office, 6669 Short Lane, Gloucester, VA 23061, Attn: Tinker Creek Restoration Plan.

All comments must be submitted no later than thirty (30) days after the publication date of this notice. During the public comment period, a copy of the draft Restoration Plan will be available electronically at https://www.cerc.usgs.gov/orda_docs/DocHandler.ashx?task=get&ID=5859. A copy of the draft Restoration Plan may also be examined at the Virginia Ecological Services Field Office. Arrangements to view the documents must be made in advance by contacting Susan Lingenfelter at (804) 824–2415.

Jeffrey Sands,

Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE 4410–15–P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Application for Waiver of Surface Sanitary Facilities’ Requirements (Pertaining to Coal Mines)

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Mine Safety and Health Administration (MSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before April 17, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/

PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Frederick Licari by telephone at 202–693–8073, TTY 202–693–8064, (these are not toll-free numbers) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: Title 30 CFR 71.400 through 71.402 and 75.1712–1 through 75.1712–3 require coal mine operators to provide bathing facilities, clothing change rooms, and sanitary flush toilet facilities in a location that is convenient for use of the miners. If the operator is unable to meet any or all of the requirements, the operator may apply for a waiver. Title 30 CFR 71.403, 71.404, 75.1712–4, and 75.1712–5 provide procedures by which an operator may apply for and be granted a waiver. Applications must be submitted to the MSHA District Manager for the district in which the mine is located and must contain the name and address of the mine operator, name and location of the mine, and a detailed statement of the grounds on which the waiver is requested. Waivers for surface mines may be granted by the District Manager for a period not to exceed one year. If the waiver is granted, surface mine operators may apply for annual extensions of the approved waiver. Waivers for underground mines may be granted by the District Manager for the period of time requested by the underground mine operator as long as the circumstances that were used to justify granting the waiver remain in effect. Waivers are not transferable to a successor coal mine operator. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 2, 2020 (85 FR 134).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL–MSHA.

Title of Collection: Application for Waiver of Surface Sanitary Facilities’ Requirements (Pertaining to Coal Mines).

OMB Control Number: 1219–0024.

Affected Public: Private Sector:

Businesses or other for-profits.

Total Estimated Number of Respondents: 525.

Total Estimated Number of Responses: 525.

Total Estimated Annual Time Burden: 232 hours.

Total Estimated Annual Other Costs Burden: \$2,625.

Authority: 44 U.S.C. 3507(a)(1)(D).

Dated: March 12, 2020.

Frederick Licari,

Departmental Clearance Officer.

BILLING CODE 4510–43–P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Slope and Shaft Sinking Plans (Pertains to Surface Work Areas of Underground Coal Mines)

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Mine Safety and Health Administration (MSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995

(PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before April 17, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Frederick Licari by telephone at 202–693–8073, TTY 202–693–8064, (these are not toll-free numbers) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: Section 103(h) of the Federal Mine Safety and Health Act of 1977 (Mine Act), 30 U.S.C. 813(h), authorizes MSHA to collect information necessary to carry out its duty in protecting the safety and health of miners. Further, section 101(a) of the Mine Act, 30 U.S.C. 811, authorizes the Secretary of Labor to develop, promulgate, and revise as may be appropriate, improved mandatory health or safety standards for the protection of life and prevention of injuries in coal and metal and nonmetal mines. Title 30 CFR 77.1900 requires underground coal mine operators to submit for approval a plan that will provide for the safety of workmen in each slope or shaft that is commenced or extended from the surface to the underground coal mine. Each slope or shaft sinking operation is unique in that each operator uses different methods and equipment and encounters different geological strata which make it impossible for a single set of regulations to ensure the safety of the miners under all circumstances. This makes an individual slope or shaft sinking plan
