

asserts that its participation in the Plan will be on a basis no less advantageous than that of Eligible Persons.¹⁰

Section 23(c) of the Act

12. Section 23(c) of the Act generally prohibits a registered closed-end investment company from purchasing any securities of which it is the issuer except in the open market, pursuant to tender offers or under other circumstances as the Commission may permit to insure that the purchase is made on a basis that does not unfairly discriminate against any holders of the class or classes of securities to be purchased.

13. Applicant states that the payment of a stock option exercise price with previously acquired stock of the Applicant or with shares withheld by the Applicant may be deemed a purchase by the Applicant of its own securities within the prohibition of section 23(c).¹¹ Applicant therefore requests an order under section 23(c) to permit these purchases. Applicant states that it will purchase its shares from Eligible Persons at their Fair Market Value on the relevant date, which would not be significantly different from the price at which all other stockholders could sell their shares in a market transaction. Applicant therefore submits that such transactions would not unfairly discriminate against other stockholders.

Applicant's Conditions

Applicant agrees that any order of the Commission granting the requested relief will be subject to the following conditions:

1. The Board will maintain a Committee, none of the members of which will be "interested persons" of the Applicant as defined in the Act. The Committee will administer the 2020 Daxor Plan and will be composed of three or more directors of the Applicant who (i) are Non-Interested Directors of the Applicant, and (ii) are Non-Employee Directors within the meaning of rule 16b-3 under the Exchange Act.

2. The Plan will not be operated unless it is approved by a majority of the votes cast by stockholders at a meeting called to consider the Plan. Any amendment to the 2020 Daxor Plan will be subject to the approval of Applicant's

stockholders to the extent such approval is required by applicable law or regulation or the Board otherwise determines. Unless terminated or amended, during the fifth year of the 2020 Daxor Plan (and each fifth year thereafter), the Plan shall be submitted for reapproval to the Applicant's stockholders and all Awards made during that year shall be contingent upon stockholder approval.

3. Awards are not transferable or assignable, except as the Committee will specifically approve to facilitate estate planning or to a beneficiary upon an Eligible Person's death or by will or the laws of descent and distribution. Awards may also be transferred pursuant to a qualified domestic relations order.

4. The maximum number of shares of stock available for delivery in connection with all Awards granted under the 2020 Daxor Plan may not exceed 250,000 of such shares, or 5% of the Applicant's outstanding shares, whichever is the larger number, subject to adjustment for corporate transactions.

5. The Board will review the 2020 Daxor Plan at least annually. In addition, the Committee periodically will review the potential impact that the grant, exercise, or vesting of Awards could have on the Applicant's earnings and net asset value per share, such review to take place prior to any decisions to grant Awards, but in no event less frequently than annually. Adequate procedures and records will be maintained to permit such review, and the Committee will be authorized to take appropriate steps to ensure that neither the grant nor the exercise or vesting of Awards would have an effect contrary to the interests of investors in the Applicant. This will include the authority to prevent or limit the grant of additional Awards. All records maintained pursuant to this condition will be subject to examination by the Commission and its staff.

6. Awards under the 2020 Daxor Plan are issuable only to Eligible Persons. No person will be granted Awards denominated by reference to shares, or be issued shares in settlement of Awards not initially denominated by reference to shares, that in the aggregate exceed 35% of the shares initially reserved for issuance under the Plan, subject to adjustment under the Plan. Subject to the immediately preceding limitation, in any thirty-six month period during which the Plan is in effect, no person may be granted Awards under the Plan relating to more than 75,000 shares, which amount may be adjusted to reflect certain corporate transactions or events that affect the

Applicant's stock. Grants to Non-Employee Directors are limited to those described in condition 7 below.

7. In each fiscal year, a Non-Employee Director may be granted up to 500 shares of vested Bonus Stock without restrictions, which amount may be adjusted to reflect certain corporate transactions.

For the Commission, by the Division of Investment Management, under delegated authority.

J. Matthew DeLesDernier,
Assistant Secretary.

I. General Dispute Settlement Mechanism Under Chapter 31

USMCA is a trilateral trade agreement between the United States, Mexico, and Canada (the Parties). Chapter 31 sets out detailed procedures for the resolution of most disputes arising under the USMCA. Dispute settlement involves two stages: (1) Consultations between the disputing Parties to try to arrive at a mutually satisfactory resolution of the matter, and (2) resort to a neutral panel to make a determination regarding the matter at issue. The disputing Parties form a separate five-member panel for each dispute although they may agree to a three-member panel.

USMCA requires the Parties to establish a general roster of up to 30 individuals who are willing to serve as panelists, with each Party designating up to 10 individuals. The Parties will try to achieve consensus on the roster. Individuals on the roster are appointed

for a minimum term of three years and will remain on the list until the Parties form a new roster. *See* USMCA Article 31.8.1.

Panelists normally are selected from the roster. For disputes under Chapter 23 (Labor) and Chapter 24 (Environment), each disputing Party has to select panelists with relevant expertise, and for disputes in specialized areas of law aside from labor and environment, the disputing Parties should select panelists to ensure the necessary expertise is available on the panel. For each dispute, roster members under consideration to serve as a panelist will have to complete a disclosure form that the Parties use to identify possible conflicts of interest or appearances thereof. The disclosure form requests information regarding financial interests and affiliations, including information regarding the identity of any clients the roster member may have, and, if applicable, clients of the roster member's firm.

To qualify for inclusion on the on the general dispute settlement roster, an applicant must:

- Have expertise or experience in law, international trade, other matters covered by USMCA, or the resolution of disputes arising under international trade agreements.
- Be objective, reliable, and possess sound judgment.
- Be independent of, and not be affiliated with or take instructions from, a Party.
- Comply with a code of conduct established by the Parties.

II. Facility-Specific Rapid Response Labor Mechanism Under Annex 31–A

Annex 31–A establishes a facility-specific rapid response labor mechanism (the Mechanism), as between the United States and Mexico, which can be used whenever either Party believes that workers at a Covered Facility (as defined in Article 31–A.15) are being denied the right of free association and collective bargaining under the laws necessary to fulfill the obligations of the other Party under the USMCA (a Denial of Rights). A Party may ask a labor panel under the Mechanism to request that the respondent Party allow it an opportunity to verify the Covered Facility's compliance with the law in question and to determine whether there has been a Denial of Rights. *See* USMCA Article 31–A.5. Labor panelists have to submit a report to the Parties commenting on the functioning of the Mechanism at the conclusion of the first four-year term and every four years

thereafter. *See* USMCA Article 31–A.3.6.

USMCA requires the Parties to establish three lists of panelists who are willing to commit to being generally available to serve as labor panelists for the Mechanism. By the date of entry into force of USMCA, each Party has to appoint three individuals to one list and appoint, by consensus, three individuals to a joint list. The individuals on the joint list may not be nationals of either the United States or Mexico. Six months from entry into force of USMCA, the lists will be expanded to at least five individuals each. Individuals on the lists are appointed for a minimum term of four years or until the Parties constitute new lists. *See* Article 31–A.3.

To qualify for inclusion on the Mechanism lists, an applicant must:

- Have expertise and experience in labor law and practice, and with the application of standards and rights as recognized by the International Labor Organization.
- Be objective, reliable, and possess sound judgment.
- Be independent of, and not be affiliated with or take instructions from, a Party.
- Comply with a code of conduct established by the Parties.
