

Communications Commission or operating on the interoperability and mutual aid channels.

(1) Railroad police officer means a peace officer who is commissioned in his or her state of legal residence or state of primary employment and employed, full or part time, by a railroad to enforce state laws for the protection of railroad property, personnel, passengers, and/or cargo.

(2) Commissioned means that a state official has certified or otherwise designated a railroad employee as qualified under the licensing requirements of that state to act as a railroad police officer in that state.

(3) Property means rights-of-way, easements, appurtenant property, equipment, cargo, facilities, and buildings and other structures owned, leased, operated, maintained, or transported by a railroad.

(4) Railroad means each class of freight railroad (*i.e.*, Class I, II, III); Amtrak, Alaska Railroad, commuter railroads and passenger transit lines.

(5) The word state, as used herein, encompasses states, territories and the District of Columbia.

(B) Eligibility for licensing on the 700 MHz narrowband interoperability channels is restricted to entities that have as their sole or principal purpose the provision of public safety services.

To effectively implement the provisions of the new Rule, no other modifications to existing FCC rules are required. The changes are intended to simplify the licensing process for railroad police officers and ensure interoperable communications. The modified rules provide a benefit to public safety licensees by ensuring that only railroad police officers with appropriate governmental authorization can operate on the interoperability and mutual aid channels during emergencies. This will provide the additional benefit of promoting interoperability with railroad police officers by eliminating eligibility as a gating factor when licensing spectrum. The *Report and Order* reduces the burden on railroad police by allowing them to meet eligibility standard by requiring employers of railroad police officers to obtain concurrence from the relevant state interoperability coordinator or regional planning committee before applying for a license to the Federal Communications Commission or operating on the interoperability and mutual aid channels. Compliance with this requirement is already a requisite for public safety eligibility to use the interoperability and mutual aid channels, consequently any new burden

imposed by this requirement would be minimal.

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before May 26, 2020. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

Total Annual Burden: 4,486 hours.

Total Annual Cost: No cost.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Impact Assessment: No impact(s).

Needs and Uses: Under Section 614 of the Communications Act and the implementing rules adopted by the Commission, commercial TV broadcast stations are entitled to assert mandatory carriage rights on cable systems located within the station's television market. Under Section 325(b) of the Communications Act, commercial TV broadcast stations are entitled to negotiate with local cable systems for carriage of their signal pursuant to retransmission consent agreements in lieu of asserting must carry rights. This system is therefore referred to as "Must-Carry and Retransmission Consent." Under Section 615 of the Communications Act, noncommercial educational (NCE) stations are also entitled to assert mandatory carriage rights on cable systems located within the station's market; however, noncommercial TV broadcast stations

are not entitled to retransmission consent.

In 2019, the Commission adopted new rules governing the delivery and form of carriage election notices. Electronic Delivery of MVPD Communications, Modernization of Media Regulation Initiative, MB Docket Nos. 17–105, 17–317, Report and Order and Further Notice of Proposed Rulemaking, FCC 19–69, 34 FCC Rcd 5922(2019) (2019 Report and Order). That decision modernized the carriage election notice rules by moving the process online for most broadcasters and multichannel video programming distributors (MVPDs), but the Commission sought comment on how to apply these updated rules to certain small broadcast stations and MVPDs.

In 2020, the Commission adopted a Report and Order that resolved the remaining issues regarding carriage election notice rules for small broadcast stations and MVPDs. Electronic Delivery of MVPD Communications, Modernization of Media Regulation Initiative, MB Docket Nos. 17–105, 17–317, Report and Order, FCC 20–14, 2020 WL 948697 (rel. Feb. 25, 2020) (2020 Report and Order). Pursuant to that decision, the obligations of certain small broadcasters and MVPDs were slightly modified.

This information collection is being revised to reflect the changes to 47 CFR 76.64(h) as well as other new obligations adopted in the 2020 Report and Order, which require review and approval from the Office of Management and Budget (OMB).

47 CFR 76.64(h)(5) is amended to require low power television stations and non-commercial educational translator stations that are qualified under 47 CFR 76.55 and retransmitted by an MVPD to, beginning no later than July 31, 2020, respond as soon as is reasonably possible to messages or calls from MVPDs that are received via the email address or phone number the station provides in the Commission's Licensing and Management System (LMS) database.

A qualified Low Power Television (LPTV) station that changes its carriage election must send an election change notice to each affected MVPD's carriage election-specific email address by the carriage election deadline. Such change notices must include, with respect to each station covered by the notice: The station's call sign, the station's community of license, the DMA where the station is located, the specific change being made in election status, and an email address and phone number for carriage-related questions. LPTV notices to cable operators need to

identify specific cable systems for which a carriage election applies only if the broadcaster changes its election for some systems of the cable operator but not all. In addition, the broadcaster must carbon copy *ElectionNotices@FCC.gov*, the Commission's election notice verification email inbox, when sending its carriage elections to MVPDs.

All qualified LPTV stations, whether being carried pursuant to must carry or retransmission consent, must send an email notice to all MVPDs that are or will be carrying the station no later than the next carriage election deadline of October 1, 2020. Qualified LPTVs must do so even if they are not changing their carriage status from the current election cycle. These notifications must be sent to an MVPD's carriage election-specific email address, must be copied to *ElectionNotices@FCC.gov*, and must include the same information required for a change notification except that the notification may simply confirm the existing carriage status rather than a change in status.

All qualified NCE translator stations must provide email notice to all MVPDs that are or will be carrying the translator no later than the next carriage election deadline of October 1, 2020. Similar to qualified LPTVs, these notifications must be sent to an MVPD's carriage election-specific email address, must be copied to *ElectionNotices@FCC.gov*, and must include the station's call sign, the station's community of license, and the DMA where the station is located and within which it has elected to be carried.
