March 20, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 9, 2020, Nasdaq MRX, LLC (“MRX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Options 3, Section 7, “Types of Orders,” and Options 3, Section 14, “Complex Orders” to permit the Exchange to

determine the availability of order types and time-in-force provisions and to add other existing order types to the list of single-leg and Complex Order types.

The Exchange requests that the Commission waive the 30-day operative delay period contained in Exchange Act Rule 19b-4(f)(6)(iii).³

The text of the proposed rule change is available on the Exchange’s website at <http://nasdaqmrx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Options 3, Section 7, “Types of Orders,” and Options 3, Section 14, “Complex Orders” to: (1) Provide that the Exchange may determine which order types and times-in-force provisions are available on a class or system basis; and (2) to add other existing order types to the list of single-leg and Complex Order types.

The Exchange proposes to add a sentence to Options 3, Section 14, Complex Orders, which states, “The Exchange may determine to make certain order types and/or times-in-force available on a class or System basis.” This sentence exists today within Nasdaq ISE, LLC (“ISE”) Options 3, Section 7, “Types of Orders.”⁴ This proposed change is based on the rules of ISE Options 3, Section 7 and the rules of Cboe BZX Exchange, Inc. (“BZX Options”),⁵ Rule 21.1, Cboe EDGX

³ 17 CFR 240.19b-4(f)(6)(iii).

⁴ See Securities Exchange Act Release No. 88294 (February 26, 2020), 85 FR 12629 (March 3, 2020) (SR-ISE-2020-07).

⁵ BZX Options Rule 21.1(d), Definitions, provides “The term ‘Order Type’ shall mean the unique processing prescribed for designated orders, subject to the restrictions set forth in paragraph (l) below with respect to orders and bulk messages submitted

Exchange, Inc. (“EDGX Options”) Rule 21.1(d),⁶ Cboe Exchange, Inc. (“Cboe”) Rule 5.6(a)⁷ and Cboe C2 Exchange, Inc. (“C2”) Rule 6.10(a).⁸

The purpose of this rule change is to provide the Exchange with appropriate flexibility to address different trading characteristics, market models, and the investor base of each class, as well as to handle any System issues that may arise and require the Exchange to temporarily not accept certain order types. This rule is consistent with BZX Options Rule 21.1(d) and (f), EDGX Options Rules 21.1(d) and (f), Cboe Rule 5.6(a) and C2 Rule 6.10(a), each of which provides these exchanges with substantially the same flexibility. This rule text is also consistent with ISE Rules at Options 3, Section 7.

This rule change will not permit the Exchange to discriminate among market

through bulk ports, that are eligible for entry into the System. Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following Order Types are available on a class or system basis.” BZX Options Rule 21.1(f), Definitions, provides “The term ‘Time in Force’ shall mean the period of time that the System will hold an order, subject to the restrictions set forth in paragraph (l) below with respect to bulk messages submitted through bulk ports, for potential execution. Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following Times-in-Force are available on a class or system basis.”

⁶ EDGX Options Rule 21.1(d), Definitions, provides, “The term ‘Order Type’ shall mean the unique processing prescribed for designated orders, subject to the restrictions set forth in paragraph (j) below with respect to orders and bulk messages submitted through bulk ports, that are eligible for entry into the System. Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following Order Types are available on a class, system, or trading session basis. Rule 21.20 sets forth the Order Types the Exchange may make available for complex orders.” EDGX Options Rule 21.1(f), Definitions, provides, “The term ‘Time in Force’ means the period of time that the System will hold an order, subject to the restrictions set forth in paragraph (j) below with respect to bulk messages submitted through bulk ports, for potential execution. Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following Times-in-Force are available on a class, system, or trading session basis. Rule 21.20 sets forth the Times-in-Force the Exchange may make available for complex orders.”

⁷ Cboe Rule 5.6, Order Types, Order Instructions, and Times-in-Force at subsection (a), Availability, provides, “Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following order types, Order Instructions, and Times-in-Force are available on a class, system, or trading session basis.”

⁸ C2 Rule 6.10, Availability of Orders, at subsection (a) provides, “Availability. Unless otherwise specified in the Rules or the context indicates otherwise, the Exchange determines which of the following order types, Order Instructions, and Times-in-Force are available on a class, system, or trading session basis. Rule 6.13 sets forth the order types, Order Instructions, and Times-in-Force the Exchange may make available for complex orders.”
