considers adults eligible for payment if they continue to be unable to do substantial gainful activity because of their impairments; and we consider Title XVI children eligible for payment if they have marked and severe functional limitations due to their impairments. SSA also uses Form SSA–454 to obtain information on sources of medical treatment; participation in vocational rehabilitation programs (if any); attempts to work (if any); and the opinions of individuals regarding whether their conditions have improved. The respondents are Title II or Title XVI disability recipients or their representatives.

Type of Request: Revision of an OMB-approved information collection.

* We based this figure on average DI payments, as reported in SSA's disability insurance payment data.
** This figure does not represent actual costs that SSA is imposing on recipients of Social Security payments to complete this application; rather, these are theoretical opportunity costs for the additional time respondents will spend to complete the application. *There is no actual charge to respondents to complete the application.*
*** We based this figure on the average FY 2020 wait times for field offices, based on SSA's current management information data.

2. *Employer Reports of Special Wage Payments—20 CFR 404.428–404.429—0960–0565.* SSA collects information on the SSA–131 to prevent earnings-related overpayments, and to avoid erroneous withholding of benefits. SSA field offices and program service centers also use Form SSA–131 for awards and post-entitlement events requiring special wage payment verification from employers. While we need this information to ensure the correct payment of benefits, we do not require employers to respond. The respondents are large and small businesses that make special wage payments to retirees.

- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of Proposed Collection

The U.S. President's Emergency Plan for AIDS Relief (PEPFAR) was established through enactment of the United States Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2003 (Pub. L. 108–25), as amended by the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008 (Pub. L. 110–293) (HIV/AIDS Leadership Act), as amended and reauthorized for a third time by the PEPFAR Extension Act of 2018 (Pub. L. 115–305) to support the global response to HIV/AIDS. In order to improve program monitoring, PEPFAR added reporting of expenditures by program area to the current routine reporting of program results for the annual report. Data are collected from implementing partners in countries with PEPFAR programs using a standard tool (DS–4213) via an electronic web-based interface into which users upload data. This expenditures data is analyzed by partner for all PEPFAR program areas. These analyses then feed into partner and program reviews at the country level for monitoring and evaluation on an ongoing basis. Summaries of these data provide key information about program costs under PEPFAR on a global level. Applying expenditure results will improve strategic budgeting, identification of efficient means of delivering services, accuracy in defining program targets, and will inform allocation of resources to ensure the program is accountable and using public funds for maximum impact.

Methodology

Data will continue to be collected in a web-based interface available to all partners receiving funds under PEPFAR. After implementing Expenditure Reporting since 2012, we learned that implementing partners (IPs) prefer the Microsoft Excel template (DS–4213) data collection process. The requirements in the Excel template have been reduced with IP input to only request critical information. By being able to download a template, prime IPs responsible to complete the submission are more effectively able to collaborate quickly with other key personnel and coordinate with their subrecipients to enter the data for the full amount of PEPFAR funding expended during the prior fiscal year. This approach also proves helpful where internet connectivity is not strong. After completing the Excel template, IPs upload the data to an automated system that further checks the data entered for quality and completeness. Automated checks reduce the time needed by IPs to complete the data cleaning process. Aggregate data is available in a central system for analysis.

Brendan Garvin,

Director of Management & Budget.

SURFACE TRANSPORTATION BOARD

[Docket No. AB 279 (Sub–No. 7X)]

Canadian National Railway Company—Discontinuance of Trackage Rights Exemption—in St. Lawrence and Franklin Counties, N.Y.

Canadian National Railway Company (CNR), a Class I rail carrier, has filed a verified notice of exemption under 49 CFR part 1152 subpart F—*Exempt Abandonments and Discontinuances of Service* to discontinue approximately 22.3 miles of limited local and overhead trackage rights on a line of railroad owned by CSX Transportation, Inc. (CSXT), extending from milepost 160.8 in Massena, N.Y., to milepost 183.1 at the U.S.-Canadian border near Fort Covington, N.Y., in St. Lawrence and Franklin Counties, N.Y. (the Line).[1] The Line traverses U.S. Postal Service Zip Codes 12937, 12914, 13613, and 13662.

CNR has certified that: (1) No local traffic has moved over the Line for at least two years via CNR's trackage rights; (2) any overhead traffic handled by CNR on the Line could be rerouted over other lines; (3) no formal complaint filed by a user of CNR rail service on the Line (or by a state or local government entity acting on behalf of such user) regarding cessation of service on the Line is pending either with the Surface Transportation Board (Board) or with any U.S. District Court or has been decided in favor of complainant within

[1] The Line is among those lines currently proposed to be acquired by an affiliate of CNR. *See Bessemer & Lake Erie R.R.—Acquis. & Operation—Certain Rail Lines of CSX Transp., Inc. in Onondaga, Oswego, Jefferson, St. Lawrence & Franklin Ctys., N.Y.,* Docket No. FD 36347. CNR certifies that it has served its verified notice on all parties of record in that acquisition proceeding.
