

which could permit continued liquidity and a fair and orderly market. As discussed above, the proposed rule change would apply temporarily, and only to two exclusively listed index option classes, during the time the trading floor is unavailable for open outcry trading. Waiver of the operative delay would allow the proposed changes, which are designed to help maintain fair and orderly markets, to be in effect immediately. For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.²⁶
