

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

March 25, 2020.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by April 29, 2020 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Food and Nutrition Service

Title: 7 CFR part 245, Determining Eligibility for Free and Reduced Price Meals and Free Milk in Schools.

OMB Control Number: 0584–0026.
Summary of Collection: The Richard B. Russell National School Lunch Act (NSLA), Child Nutrition Act of 1966 (42 U.S.C. 1779), and Title 7 CFR part 245, Determining Eligibility for Free and Reduced Price Meals and Free Milk in Schools, set forth Program requirements for State agencies, local education agencies (LEAs)/school food authorities (SFAs), and households. 7 CFR part 245 and section 9 of the NSLA require Program participants and administrators of the School Breakfast Program (SBP), National School Lunch Program (NSLP), or Special Milk Program (SMP) to determine children's eligibility for free and reduced price meals and/or free milk. Also established in 7 CFR part 245 and section 9 of the NSLA are Program procedures and Federal requirements that prevent physical segregation, or other discrimination against, or overt identification of, children unable to pay the full price for meals or milk. All schools and institutions opting to participate in the SBP, NSLP, or the SMP are required to make free or reduced price meals or free milk available to all eligible enrolled children.

Need and Use of the Information: FNS collects information for this mandatory collection from State agencies, LEAs/SFAs, and households. The information collected from the State agencies and the LEAs/SFAs ensures that eligibility determinations are made, that applications are verified, that eligibility and other records are maintained, and that public notification is provided concerning the programs. The information collected from the households is used to determine eligibility for free and reduced price meal benefits and participation in the Special Milk Program and to verify eligibility determinations. FNS uses the information to estimate and report the burden that Program requirements have on State and local levels, comply with Federal requirements, understand the administrative and operational costs associated with Program eligibility criteria, to monitor the number of children directly certified and the

number participating in the school meal programs, to monitor the number of household applications that are submitted, and to monitor the number of schools operating under Provision 1, 2, or 3 or the Community Eligibility Provision which enable schools to serve all enrolled students free meals at no charge.

Description of Respondents: Individuals or households; State, Local, or Tribal Government.

Number of Respondents: 3,571,311.

Frequency of Responses: Recordkeeping; Reporting; Third Party Disclosure: Annually.

Total Burden Hours: 664,725.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Submission for OMB Review; Comment Request

March 25, 2020.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by April 29, 2020 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/

public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Scrapie in Sheep and Goats; Interstate Movement Restrictions and Indemnity Program.

OMB Control Number: 0579–0101.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The Secretary may also prohibit or restrict import or export of any such animal or related material if necessary to prevent spread of any livestock or poultry pest or disease. The AHPA is contained in Title X, Subtitle E, Sections 10401–18 of Public Law 107–171, May 13, 2002, the Farm Security and Rural Investment Act of 2002. Scrapie is a progressive, degenerative, and eventually fatal disease affecting the central nervous system of sheep and goats. Its control is complicated because the disease has an extremely long incubation period without clinical signs of disease, and there is no test for the disease and/or known treatment. The Animal and Plant Health Inspection Service (APHIS) restricts the interstate movement of certain sheep and goats to help prevent the spread of scrapie within the United States. APHIS has regulations at 9 CFR part 54 for an indemnity program to compensate owners of sheep and goats destroyed because of scrapie.

Need and Use of the Information: The regulations necessitate the use of a number of information collection activities including, but not limited to, applications for participation in the Scrapie Flock Certification Program; various plans for infected and source flocks; scrapie test records; application for indemnity payments; certificates; permits; and applications for APHIS-approved eartags, backtags, or tattoos, etc. Without this information, APHIS’ efforts to more aggressively prevent the

spread of scrapie would be severely hindered.

Description of Respondents: Business or other for-profit; Not for Profit; and State, Local, or Tribal Government;

Number of Respondents: 155,053.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.

Total Burden Hours: 1,006,509.

Food Safety and Inspection Service

[Docket No. FSIS–2020–0011]

Notice of Request for a New Information Collection (Laboratory Assessment Requests)

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and the Office of Management and Budget (OMB) regulations, the Food Safety and Inspection Service (FSIS) is announcing its intention to collect information from laboratories that test food samples during illness outbreak investigations. This is a new information collection with 22.5 burden hours.

DATES: Submit comments on or before May 29, 2020.

ADDRESSES: FSIS invites interested persons to submit comments on this **Federal Register** notice. Comments may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* This website provides commenters the ability to type short comments directly into the comment field on the web page or to attach a file for lengthier comments. Go to <http://www.regulations.gov>. Follow the on-line instructions at that site for submitting comments.

- *Mail, including CD-ROMs, etc.:* Send to Docket Clerk, U.S. Department of Agriculture, Food Safety and Inspection Service, 1400 Independence Avenue SW, Mailstop 3758, Room 6065, Washington, DC 20250–3700.

- *Hand- or courier-delivered submittals:* Deliver to 1400 Independence Avenue SW, Room 6065, Washington, DC 20250–3700.

Instructions: All items submitted by mail or electronic mail must include the Agency name and docket number FSIS–

2020–0011. Comments received in response to this docket will be made available for public inspection and posted without change, including any personal information, to <http://www.regulations.gov>.

Docket: For access to background documents or comments received, call (202)720–5627 to schedule a time to visit the FSIS Docket Room at 1400 Independence Avenue SW, Room 6065, Washington, DC 20250–3700.

FOR FURTHER INFORMATION CONTACT: Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250–3700; (202) 720–5627.

SUPPLEMENTARY INFORMATION:

Title: Laboratory Assessment Requests.

OMB Number: 0583–NEW.

Type of Request: New information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18 and 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, unadulterated, and properly labeled and packaged.

FSIS is announcing its intention to collect information from laboratories that test food samples during illness outbreak investigations. This is a new information collection with 22.5 burden hours.

As a public health regulatory agency, FSIS investigates reports of foodborne illness, contamination, and adulteration potentially associated with FSIS-regulated products. During these investigations, non-FSIS laboratories may test FSIS regulated product and share the results with FSIS. FSIS OPHS Science Staff (SciS) will review the results and associated documentation shared by the non-FSIS laboratory to determine whether FSIS will accept the results. If the SciS lead investigator determines the non-FSIS laboratory result is acceptable, FSIS may use the result to inform regulatory action (*e.g.* request a recall or detain product).

As part of the process to determine if the non-FSIS laboratory result is acceptable, the SciS lead investigator collects information from the non-FSIS laboratory and verifies that the non-FSIS laboratory can provide the appropriate
