Announcement of Funding Availability, Loan Application Procedures, and Deadlines for the Rural Energy Savings Program (RESP)

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of Solicitation of Applications (NOSA).

SUMMARY: The Rural Utilities Service (RUS), an Agency of the United States Department of Agriculture (USDA), is soliciting letters of intent for loan applications under the Rural Energy Savings Program (RESP), announcing the application process for those loans and deadlines for applications from eligible entities for funding in fiscal year (FY) 2020, until expended or further notice.

DATES: To be considered for this funding, applications under this NOSA will be accepted immediately. The RESP application process is described in detail pursuant to 7 CFR part 1719. In brief, the RESP is comprised of two steps:

Step 1: To be considered for financing, an Applicant seeking financing must submit a Letter of intent, in an electronic PDF (PDF) format not to exceed 10 Megabytes (10 MB) by electronic mail (email) to RESP@USDA.GOV. No paper letters of intent will be accepted. The Letters of intent will be queued as they are received. If it advances program and policy goals, RUS may consider loan applications from Eligible entities that have submitted Letters of intent under prior funding announcements but were not invited to proceed with a loan application.

Step 2: A RESP applicant that has been invited in writing by RUS to proceed with the loan application, will have up to ninety (90) days to complete and submit to RUS the documentation

for a complete loan application. The ninety (90) day timeframe will begin on the date the RESP applicant receives RUS' Invitation to proceed. If the deadline to submit the completed loan application falls on Saturday, Sunday, or a Federal holiday, the application is due the next business day. The loan application package must be marked with the subject line "Attention: Christopher McLean, Assistant Administrator for the Electric Program; RESP Loan Application."

General Information

The purpose of the RESP is to help rural families and small businesses achieve cost savings by providing loans to qualified consumers through eligible entities to implement durable cost-effective energy efficiency measures pursuant to 7 U.S.C. 8107a(a) of the RESP authorizing statute. The Secretary may use this funding to allow eligible entities to offer energy efficiency loans to customers in any part of their service territory in accordance to § 7 CFR part 1719. The Administrator may approve loans proposing to include these eligible activities for entities currently in the queue provided they still meet all of the application requirements. Additionally, subject to appropriations, funding for projects may be used to replace manufactured housing units with another manufactured housing unit if the replacement would be more cost effective in saving energy.

The Agency encourages applications that will support recommendations made in the Rural Prosperity Task Force report to help improve life in rural America. See, www.usda.gov/ruralprosperity. Applicants are encouraged to consider projects that provide measurable results in helping

rural communities build robust and sustainable economies through strategic investments in infrastructure, partnerships and innovation. Key strategies include: Achieving e-Connectivity for rural America, developing the rural economy, harnessing technological innovation, supporting a rural workforce, and improving quality of life.

Certain Uncoated Paper From Brazil: Preliminary Results of Administrative Review of the Antidumping Duty Order; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily finds that sales of certain uncoated paper (uncoated paper) from Brazil were made at less than normal value during the period of review (POR) March 1, 2018 through February 28, 2019. We invite interested parties to comment on these preliminary results.

DATES: Applicable April 1, 2020.

FOR FURTHER INFORMATION CONTACT: Jerry Huang or Justin Neuman, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4047 or (202) 482-0486, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 29, 2019, Commerce initiated an administrative review of the antidumping duty order on uncoated paper from Brazil in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).¹ This review covers two producers/exporters of the subject merchandise: Suzano Papel e Celulose S.A. (Suzano) and International Paper do Brasil Ltda. (IP)/ International Paper Exportadora Ltda. (IPEX) (collectively, International Paper).² For details regarding the events

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 84 FR 24743 (May 29, 2019).

² In the investigation, we determined that IP and IPEX constituted a single entity. Because no interested parties submitted comments on this issue, and in the absence of any new information regarding this finding, Commerce is continuing to find that IP and IPEX are affiliated, pursuant to sections 771(33)(E) and (F) of the Act, and are considered a single entity, pursuant to 19 CFR
