Northwest Pipeline LLC; Notice of Extension of Time Request

Take notice that on March 12, 2020, Northwest Pipeline LLC (Northwest) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time, until April 11, 2022, to construct and place into service the facilities for its Kalama Lateral Project authorized on April 11, 2016. The Kalama Lateral Project would enable Northwest to provide service to the proposed methanol facility of Northwest Innovation Works Kalama LLC (NWIW).

Northwest was initially required to construct the facilities and place them into service by April 11, 2018. On April 11, 2018, the Office of Energy Projects, by delegated order, extended the deadline through April 11, 2019. On April 10, 2019 the Office of Energy Projects, by delegated order, extended the deadline through April 11, 2020. Northwest now requests a two-year extension of this deadline through April 11, 2022. Northwest states that the basis for the previous extensions of time, as well as this one, are based upon permitting issues encountered by the NWIW methanol plant.
