Potential options now include initiating an omnibus framework adjustment or requesting that NMFS use its authority under Section 305(b) of the MSA to extend the recently implemented commercial eVTR requirement to cover New England party/charter vessels. Finally, as indicated above under Tuesday's agenda, the Council may discuss other requests for emergency action that come up during the meeting in light of the unforeseen COVID-19 pandemic as allowed under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act (MSA).

Although non-emergency issues not contained on this agenda may come before the Council for discussion, those issues may not be the subject of formal action during this meeting. The public should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

BILLING CODE 3510-22-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2020-OS-0037]

Privacy Act of 1974; System of Records

AGENCY: Office of the Secretary, Department of Defense (DoD).

ACTION: Notice of a modified System of Records.

SUMMARY: The Office of the Secretary of Defense (OSD) is modifying the System of Records, Mandatory Declassification Review Files, DWHS E05. This system was established to verify and declassify record requests from the public and to provide a resource to research historical data. Without the ability to review and declassify data in the Mandatory Declassification Review (MDR) Files System of Records, information in the system would not be releasable to the

public and the DoD would not comply with the applicable regulations and laws. Updates to this system include administrative changes required by the Office of Management and Budget (OMB) Circular A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," revised December 23, 2016. This modification includes changes to the system name, authorities, purpose, categories of records, routine uses, storage of records, retention and disposal of records, safeguards, records access procedures, contesting record procedures, notification procedures, and exemptions sections. In addition, the only exemption claimed for the system, (k)(1), is being deleted, since the system does not contain classified information. The records undergoing MDR are stored in a separate system, which is not a Privacy Act System of Records.

DATES: This System of Records modification is effective upon publication; however, comments on the Routine Uses will be accepted on or before May 4, 2020. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <http://www.regulations.gov>.

Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Ms. Luz D. Ortiz, Chief, Records, Privacy and Declassification Division, 1155 Defense Pentagon, Washington, DC 20301-1155, or by phone at (571) 372-0478.

SUPPLEMENTARY INFORMATION: This System of Records is mandated by E.O. 13526, 32 CFR 2001.33, and DoD 5230.30-M which require the DoD to validate requests from members of the public requesting classified information. As a result, the DoD is required to

identify the requested document or information record with sufficient specificity to enable the DoD to locate it with a reasonable amount of effort. Without this system, the DoD will not comply with these requirements. Also, the system allows the DoD to consider the sensitivity of the requested data to determine its releasability and to address denials or appeals in a timely manner.

The OSD notices for Systems of Records subject to the Privacy Act of 1974, as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or from the Defense Privacy, Civil Liberties, and Transparency Division website at <https://dpcl.dod.mil>.

The proposed systems reports, as required by the Privacy Act, as amended, were submitted on December 16, 2019, to the House Committee on Oversight and Reform, the Senate Committee on Homeland Security and Governmental Affairs, and the OMB pursuant to Section 6 of OMB Circular No. A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," revised December 23, 2016 (December 23, 2016, 81 FR 94424).

Dated: March 30, 2020.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
