

voluntary. See 5 CFR 1320.3(c); see also 44 U.S.C. 3502(3). Before seeking clearance from OMB, agencies are generally required, among other things, to publish a 60-day notice in the **Federal Register** concerning any proposed information collection—including extension of a previously-approved collection—and provide an opportunity for comment. See 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1).

To comply with this requirement, the Access Board is publishing this 60-day notice for the proposed renewal of this information collection. OMB's approval of the current version of the Access Board's Online Architectural Barriers Act (ABA) Complaint Form is set to expire in August 2020. See 81 FR 85,926 (Nov. 29, 2016) (30-day notice); see also 81 FR 48,739 (July 26, 2016) (60-day notice).

OMB Control Number: 3014-0012.

Title: Online Architectural Barriers Act (ABA) Complaint Form.

Type of Review: Extension of a currently approved information collection.

Abstract: The Access Board is statutorily charged with enforcing the ABA through, among other things, investigation of complaints from members of the public concerning the accessibility of covered buildings or facilities, namely—those owned or leased by the Federal government, as well as those constructed or altered using Federal funds from grants or loans. See 29 U.S.C. 792(b)(1), (e). At present, over 90% of individuals elect to submit their ABA complaints using the Online ABA Complaint Form; the remainder are submitted in writing, without the need to use a hard-copy complaint form, by email, regular mail, or fax.

By this notice, the Access Board is proposing to continue using essentially the same Online ABA Complaint Form for another three years. We propose to make formatting-type changes only that will update the “look and feel” of the online form; we do not anticipate making any material, substantive revisions.

In sum, the Online ABA Complaint Form seeks information needed by the Access Board to investigate complaints and, if desired, contact the complainant. Mandatory fields are: Name and location (by city and state) of the building/facility at issue and description of accessibility barrier(s). Optional fields include the building/facility address and the complainant's name; and contact information. (Where provided, a complainant's identity and other personal information may not be disclosed outside the agency without his or her written permission.)

Individuals may also upload electronic attachments (e.g., pictures, drawings) relevant to their complaint, if desired. Once a complaint is submitted, the system automatically provides confirmation of successful submission, a complaint number, and the option to print a copy of the submitted complaint. Complainants who elect to provide an email address as part of their contact information also receive an automatically generated confirmation email.

Description of Respondents: Individual members of the public.

Estimated Total Annual Number of Responses: Approximately 185 individuals submit complaints using the Online ABA Complaint Form each year.

Estimated Frequency of Response: Occasional. Complainants submit one complaint for each building or facility at which they noted accessibility barriers, regardless of the number of barriers encountered.

Estimated Time Burden per Response: On average, about 30 minutes per online complaint; the time burden may vary depending on the number of accessibility barriers identified in a complaint. There is no financial burden to complainants.

Estimated Total Annual Burden Hours: Approximately 93 hours.

Request for Comment: Comments are invited on: (a) Whether the proposed collection of information is necessary for the Access Board's performance; (b) the accuracy of the estimated burden; (c) ways for the Access Board to enhance the quality, utility, and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. Comments will be summarized and included in our request for OMB's approval of renewal of our existing generic clearance.

Executive Director.

Certain Carbon and Alloy Steel Cut-To-Length Plate From the People's Republic of China: Preliminary Intent To Rescind Antidumping Duty Administrative Review; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Jiangsu Tiangong Tools Company LTD (TG Tools) did not make a *bona fide* sale of certain carbon and alloy steel cut-to-length plate (CTL plate) from the People's Republic of China (China) during the period of review (POR) March 1, 2018 through February 28, 2019. Therefore, Commerce preliminarily intends to rescind this administrative review. Interested parties are invited to comment on this preliminary rescission of review.

DATES: Applicable April 3, 2020.

FOR FURTHER INFORMATION CONTACT: Hannah Falvey or Matthew Renkey, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4889 or (202) 482-2312, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 29, 2019, Commerce initiated an administrative review of the antidumping duty order on CTL plate from China in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), with respect to TG

Tools as the sole mandatory respondent in this review.¹

On November 12, 2019, pursuant to section 751(a)(3)(A) of the Act, Commerce determined that it was not practicable to complete the preliminary results of this review within the 245 days and extended the preliminary results by 117 days.² The revised deadline for the preliminary results in this review is now March 27, 2020.

Scope of the Order

The merchandise subject to this order is certain carbon and alloy steel hot-rolled or forged flat plate products not in coils, whether or not painted, varnished, or coated with plastics or other non-metallic substances (cut-to-length plate). For a full description of the scope, see the Preliminary Decision Memorandum.³

China-Wide Entity

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.⁴ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in this review, the entity is not under review, and the entity's rate (*i.e.*, 68.27 percent) is not subject to change.⁵

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The

Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and it is available to all parties in the Central Records Unit, room B8024 of the main Commerce building. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Rescission of the Administrative Review

As discussed in the Preliminary Decision Memorandum and as expounded upon in the *Bona Fides* Memorandum, Commerce preliminarily finds that the sale made by TG Tools serving as the basis for this review is not a *bona fide* sale of CTL plate.⁶ Commerce reached this conclusion based on the totality of the record information surrounding TG Tools' reported sale, including, but not limited to, the sales price and quantity, the profitability of the resold subject merchandise, the limited number of sales (*i.e.*, one sale), the trial nature of the sale, the comparison to the subsequent sales after the POR, and the likelihood of future sales.

Because the non-*bona fide* sale was the only reported sale of subject merchandise during the POR, we find that TG Tools had no reviewable transactions during this POR. Accordingly, we preliminarily intend to rescind this administrative review.⁷ The factual information used in our *bona fides* analysis of TG Tools' sale involves business proprietary information. See the *Bona Fides* Memorandum for a full discussion of the basis for our preliminary findings.

Public Comment

Interested parties are invited to comment on the preliminary results and may submit case briefs and/or written comments, filed electronically using ACCESS, within 30 days of the date of publication of this notice, pursuant to 19 CFR 351.309(c)(1)(ii). Rebuttal briefs, limited to issues raised in the case briefs, will be due seven days after the due date for case briefs, pursuant to 19 CFR 351.309(d).⁸ Parties who submit
