Hydrofluorocarbon Blends From the People's Republic of China: Affirmative Preliminary Determination of Circumvention of the Antidumping Duty Order for HFC Components; and Extension of Time Limit for Final Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that imports of hydrofluorocarbon (HFC) components R-32 (difluoromethane), R-125 (pentafluoroethane), and R-143a (1,1,1-trifluoroethane) from the People's Republic of China (China) are circumventing the antidumping duty (AD) order on HFC blends from China. As a result, imports of R-32, R-125, and R-143a from China will be subject to suspension of liquidation effective June 18, 2019. We invite interested parties to comment on this preliminary determination.

DATES: Applicable April 10, 2020.

FOR FURTHER INFORMATION CONTACT: Benjamin Luberda or Jacob Garten, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2185 or (202) 482-3342, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 18, 2019, Commerce initiated an anti-circumvention inquiry to determine whether imports of certain HFC components (*i.e.*, R-32, R-125, and R-143a) from China, that are further processed into finished HFC blends in

the United States,¹ are circumventing the *Order* on HFC blends from China.² For a complete description of the events that followed the initiation of this inquiry, *see* the Preliminary Decision Memorandum.³

Scope of the Order

The products subject to the *Order* are HFC blends. HFC blends covered by the scope are R-404A, R-407A, R-407C, R-410A, and R-507A/R-507.⁴ HFC blends covered by the scope of the *Order* are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings 3824.78.0020 and 3824.78.0050. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive.

Merchandise Subject to the Anti-Circumvention Inquiry

This anti-circumvention inquiry covers imports of the HFC components R-32 (difluoromethane), R-125 (pentafluoroethane), and R-143a (1,1,1-trifluoroethane), from China that are further processed in the United States to create an HFC blend that would be subject to the *Order*.

Methodology

Commerce made this preliminary finding of circumvention in accordance with section 781(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.225(g). We relied on information placed on the record by the American HFC Coalition (the petitioners); by Arkema Inc., BMP USA Inc., IGas USA, Inc., and their affiliated importers, National Refrigerants, Inc. (collectively, U.S. importers and blenders); and by Zhejiang Quzhou Juxin Fluorine Chemical Co., Ltd., Zhejiang Sanmei Chemical Ind. Co., Ltd., and T.T. International Co., Ltd. (collectively, Chinese producers and/or exporters). Further, because Golden G Imports LLC and Taizhou Qingsong Refrigerant New Material Co., Ltd. did not cooperate to the best of their ability in responding to Commerce's requests for information,

we have based parts of our preliminary determination on the facts available, with adverse inferences, pursuant to sections 776(a) and (b) of the Act.

A list of the topics discussed in the Preliminary Decision Memorandum is attached at the Appendix to this notice.

Affirmative Preliminary Determination of Circumvention

As detailed in the Preliminary Decision Memorandum, we preliminarily determine, pursuant to section 781(a) of the Act, that imports of HFC components R-32, R-125, and R-143a from China, that are further processed in the United States into finished HFC blends subject to the *Order* are circumventing the *Order*.

Suspension of Liquidation

In accordance with 19 CFR 351.225(l)(2), Commerce will instruct CBP to suspend liquidation of all HFC components R-32, R-125, and R-143a (as defined in the Merchandise Subject to the Anti-Circumvention Inquiry section above) from China that are entered, or withdrawn from warehouse, for consumption on or after June 18, 2019, the date of initiation of this anti-circumvention inquiry.⁵ CBP shall require cash deposits in accordance with those rates prevailing at the time of entry, depending upon the exporter in question, under the HFC blends *Order*. The suspension of liquidation instructions will remain in effect until further notice.

We received comments from multiple parties with respect to certification regimes to exclude certain imports of

Postponement of Final Determination

Section 781(f) of the Act provides that, to the maximum extent practicable, Commerce shall make its anti-circumvention determinations within 300 days from the date of initiation of the inquiry. We determine that it is not practicable to make a final determination in this anti-circumvention inquiry by the current deadline of April 13, 2020, because Commerce will require additional time to notify the U.S. International Trade Commission (ITC), and to review and analyze case and rebuttal briefs. Therefore, we are extending the time period for issuing the final determination in this inquiry by 80 days, to July 2, 2020.

Notification to the ITC

Consistent with section 781(e) of the Act, Commerce is notifying the ITC of this affirmative preliminary determination to include the merchandise subject to this inquiry within the AD order on HFC blends from China. Pursuant to section 781(e) of the Act, the ITC may request consultations concerning Commerce's proposed inclusion of the subject merchandise. These consultations must be concluded within 15 days after the date of the request. If, after consultations, the ITC believes that a significant injury issue is presented by the proposed inclusion, it will have 60 days to provide written advice to Commerce.

Notification to Interested Parties

This notice is published in accordance with section 781(a) of the Act and 19 CFR 351.225(g).
