

school or place of care is closed, or whose child care provider is unavailable, due to COVID-19 related reasons; or because the employee is experiencing a substantially similar condition, as specified by the Secretary of Health and Human Services. The FFCRA also requires covered employers to provide up to twelve weeks of expanded family and medical leave, up to ten weeks of which must be paid at partial pay, up to a specified cap, when an eligible employee is unable to work because of a need to care for the employee's son or daughter whose school or place of care is closed, or whose child care provider is unavailable, due to COVID-19 related reasons.

The FFCRA covers private employers with fewer than 500 employees and certain public employers. Small employers with fewer than 50 employees may qualify for an exemption from the requirement to provide paid leave due to school, place of care, or child care provider closings or unavailability, if the leave payments would jeopardize the viability of their business as a going concern.

Under the FFCRA, covered private employers qualify for reimbursement through refundable tax credits, as administered by the Department of the Treasury, for all qualifying paid sick leave wages and qualifying family and medical leave wages paid to an employee who takes leave under the FFCRA, up to per diem and aggregate caps, and for allocable costs related to the maintenance of health care coverage under any group health plan while the employee is on the leave provided under the FFCRA.

The CARES Act amended the FFCRA by providing certain technical corrections, as well as clarifying the caps for payment of leave; expanded family and medical leave to certain employees who were laid off or terminated after March 1, 2020, but are reemployed by the same employer prior to December 31, 2020; and provided authority to the Director of the Office of Management and Budget (OMB) to exclude certain federal employees from paid sick leave and expanded family and medical leave.

The FFCRA grants authority to the Secretary to issue regulations for certain purposes. In particular, sections 3102(b), as amended by section 3611(7) of the CARES Act, and 5111(3) of the FFCRA grant the Secretary authority to issue regulations "as necessary, to carry out the purposes of this Act, including to ensure consistency" between the EPSLA and the EFMLEA. The Department issued the temporary rule to

carry out the purposes of the FFCRA. This rule published in the **Federal Register** on April 6, 2020 (85 FR 19326). The new paid sick leave and expanded family and medical leave requirements became operational on April 1, 2020, and expire on December 31, 2020. As part of OMB's consideration of the temporary rule, the Department submitted an emergency processing request for the PRA package associated with the rule. Where OMB approves the collection of information on an emergency basis, the approval is time-limited and the agency must publish notice and comment on the collection to give the public opportunity to respond. Pursuant to 5 CFR 1320.13, OMB assigned control number 1235-0031 to this collection and approved the request on April 2, 2020 with an expiration of October, 2020.

II. *Review Focus:* The Department of Labor is particularly interested in comments which:

- Enhance the quality, utility, and clarity of the information to be collected;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
