

It is DOE's policy that all comments may be included in the public docket, without change and as received, including any personal information provided in the comments (except information deemed to be exempt from public disclosure).

DOE considers public participation to be a very important part of the process for developing test procedures and energy conservation standards. DOE actively encourages the participation and interaction of the public during the comment period in each stage of this process. Interactions with and between members of the public provide a balanced discussion of the issues and assist DOE in the process. Anyone who wishes to be added to the DOE mailing list to receive future notices and information about this process should contact Appliance and Equipment Standards Program staff at (202) 287-1445 or via email at ApplianceStandardsQuestions@ee.doe.gov.

Signed in Washington, DC, on February 14, 2020.

Alexander N. Fitzsimmons,

Deputy Assistant Secretary for Energy Efficiency, Energy Efficiency and Renewable Energy.

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

14 CFR Part 382

[Docket No. DOT-OST-2018-0068]

RIN No. 2105-AE63

Traveling by Air With Service Animals

AGENCY: Office of the Secretary (OST), U.S. Department of Transportation (DOT).

ACTION: Denial of request for extension of comment period.

SUMMARY: The U.S. Department of Transportation (Department or DOT) is denying the requests to extend the comment period on the Department's Notice of Proposed Rulemaking (NPRM) on Traveling by Air with Service Animals. The NPRM was published in the *Federal Register* on February 5, 2020.

DATES: The closing date for comments on the NPRM published February 5, 2020 (85 FR 06448) on Traveling by Air with Service Animals is April 6, 2020.

ADDRESSES: You may review the requests to extend the public comment

period and other comments received under Docket Number OST 2018-0068 through the Federal eRulemaking Portal at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Maegan Johnson, Senior Attorney, Office of Aviation Enforcement and Proceedings, U.S. Department of Transportation, 1200 New Jersey Ave. SE, Washington, DC, 20590, 202-366-9342, 202-366-7152 (fax), maegan.johnson@dot.gov (email). You may also contact Blane Workie, Assistant General Counsel, Office of Aviation Enforcement and Proceedings, Department of Transportation, 1200 New Jersey Ave. SE, Washington, DC, 20590, 202-366-9342, 202-366-7152 (fax), blane.workie@dot.gov.

SUPPLEMENTARY INFORMATION: On

January 22, 2020, the Department announced the issuance of the NPRM on Traveling by Air with Service Animals and placed a copy of the NPRM on the Department's website at <https://www.transportation.gov/airconsumer/latest-news> and on the Federal eRulemaking Portal at <http://www.regulations.gov>. On February 5, 2020, the NPRM was published in the *Federal Register* and interested parties were asked to provide comments on or before April 6, 2020. The NPRM also stated that late-filed comments will be considered to the extent practicable.

By written request, dated March 30, 2020, U.S. Support Animals asked the Department to extend the comment period on the NPRM by an additional 90 days to July 6, 2020. U.S. Support Animals asserts that numerous individuals with concerns about the NPRM have not yet commented because they have been focusing on altering their everyday routines in response to the Coronavirus Disease 2019 (COVID-19) public health emergency. Additionally, on April 2, 2020, the American Association of Airport Executives and Airports Council International—North America jointly requested a 30-day extension of the comment period, stating that the industry is consumed with responding to the COVID-19 public health emergency and that airports need this additional time to provide meaningful and substantive feedback on the Department's proposed rule.

The Department has carefully considered the requests to extend the comment period on the NPRM, beyond the published 60-day comment period, which is longer than the generally prescribed length of the comment period for significant regulations under the Department's rules at 49 CFR 5.13(i)(3). While the Department

recognizes that COVID-19 has disrupted the lives of many Americans, the Department finds that the strong interest in the timely issuance of this priority rulemaking outweighs the need to provide the public with additional time to comment. The Department also notes that it has already received thousands of comments on the NPRM since its publication, including a steady stream of comments from the public while the country is responding to the COVID-19 public health emergency. For the reasons stated above, and given that the Department intends to consider late-filed comments to the extent practicable as indicated in the NPRM, the requests to extend the comment period on the Traveling by Air with Service Animals NPRM are denied.

Issued this 6th day of April 2020, in Washington, DC under authority delegated in 49 CFR 1.27(n).

Christina G. Aizcorbe,

Deputy General Counsel.
