

NHTSA has also determined that any RI who imports or modifies one of these vehicles must include in the statement of conformity and associated documents (referred to as a “conformity package”) it submits to NHTSA under 49 CFR 592.6(d) additional specific proof to confirm that the vehicle was manufactured to conform to, or was successfully altered to conform to, FMVSS No. 138, *Tire Pressure Monitoring Systems*, and FMVSS No. 208, *Occupant Protection*. This proof must include detailed descriptions of all modifications made to achieve conformity with those standards, including a detailed description of systems in place (if any) on the vehicle at the time it was delivered to the RI and a similarly detailed description of the systems in place after the vehicle is altered, including photographs of all required labeling. The description must also include parts assembly diagrams and associated part numbers for all components that were removed from or installed on the vehicle, a description of how any computer *programming* changes were completed, and a description of how compliance was verified after alterations were completed. Photographs (*e.g.*, monitor print screen captures) or report printouts, as practicable, must be submitted as proof that any computer reprogramming was carried out successfully.

In addition to the information specified above, each conformity package must also include evidence showing how the RI verified that any changes it made in loading or reprogramming vehicle software to achieve conformity with each separate FMVSS did not cause the vehicle to fall out of compliance with any other applicable FMVSS.

Decision

Accordingly, on the basis of the foregoing, NHTSA hereby decides that MY 2014 Ferrari LaFerrari PCs that were not originally manufactured to comply with all applicable FMVSS are substantially similar to 2014 Ferrari LaFerrari PCs manufactured for importation into and/or sale in the United States, and certified under 49 U.S.C. 30115, are capable of being altered to conform to all applicable FMVSS.

Vehicle Eligibility Number for Subject Vehicles

The importer of a vehicle admissible under any final decision must indicate on the form HS-7 accompanying entry the appropriate vehicle eligibility number indicating that the vehicle is

eligible for entry. VSP-609 is the vehicle eligibility number assigned to MY 2014 Ferrari LaFerrari PCs admissible under this notice of final decision.
