SUPPLEMENTARY INFORMATION:

Title of Collection: NSF Surveys to Measure Customer Service Satisfaction.

OMB Number: 3145–0157.

Expiration Date of Approval: August 31, 2020.

Type of Request: Intent to seek approval to renew an information collection.

Abstract

Proposed Project: On September 11, 1993, President Clinton issued Executive Order 12862, “Setting Customer Service Standards,” which calls for Federal agencies to provide service that matches or exceeds the best service available in the private sector. Section 1(b) of that order requires agencies to “survey customers to determine the kind and quality of services they want and their level of satisfaction with existing services.” The National Science Foundation (NSF) has an ongoing need to collect information from its customer community (primarily individuals and organizations engaged in science and engineering research and education) about the quality and kind of services it provides and use that information to help improve agency operations and services.

Estimate of Burden: The burden on the public will change according to the needs of each individual customer satisfaction survey; however, each survey is estimated to take approximately 30 minutes per response.

Respondents: Will vary among individuals or households; business or other for-profit; not-for-profit institutions; farms; federal government; state, local or tribal governments.

Estimated Number of Responses per Survey: This will vary by survey.

Comments: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity

of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Dated: April 15, 2020.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-197, OMB Control No. 3235-0200]

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:

Rule 15c3-1

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 15c3-1 (17 CFR 240.15c3-1) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 15c3-1 requires brokers-dealers to have at all times sufficient liquid assets to meet their current liabilities, particularly the claims of customers. The rule facilitates the monitoring of the financial condition of broker-dealers by the Commission and the various self-regulatory organizations. It is estimated that broker-dealer respondents registered with the Commission and subject to the collection of information requirements of Rule 15c3-1 incur an aggregate annual burden of approximately 76,981 hours to comply with this rule and an aggregate annual external cost of approximately \$299,000.
