We invited interested parties to comment on the *Preliminary Results*. Subsequent to the *Preliminary Results*, the petitioners; New Continent (mandatory respondent); and various separate rate entities submitted case and rebuttal briefs.<sup>2</sup>

A complete summary of the events that occurred since publication of the *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, may be found in the Issues and Decision Memorandum.<sup>3</sup> The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/>. **Scope of the Order**

The products covered by the order are certain passenger vehicle and light truck tires from China. A full description of

the scope of the order is contained in the Issues and Decision Memorandum.<sup>4</sup>

**Separate Rates**

In the *Preliminary Results*, we found that evidence provided by New Continent and other separate rate candidates supported finding an absence of both *de jure* and *de facto* government control, and, therefore, we preliminarily granted a separate rate to each of these companies.<sup>5</sup> We received no information since the issuance of the *Preliminary Results* that provides a basis for reconsidering these determinations with respect to New Continent and to the other separate rate candidates.

Subsequent to the *Preliminary Results*, Shandong Hengyu Science & Technology Co., Ltd. (Shandong Hengyu), informed Commerce that it did not withdraw its request for self-examination during the instant administrative review. Therefore, for these final results, we will not rescind the administrative review with respect to Shandong Hengyu. In addition, based on our examination of Shandong Hengyu’s Separate Rate Certification, we

determine that it demonstrated the absence of both *de jure* and *de facto* control over its operations by the government and/or governmental agencies of China.

Therefore, for the final results, we continue to find that New Continent and the other exporters listed below under “Final Results of Review” are eligible for separate rates.

In addition, Commerce continues to find that certain companies have not demonstrated their entitlement to separate rate status because: (1) They withdrew their participation from the administrative review; (2) they did not rebut the presumption of *de jure* or *de facto* government control of their operations; or (3) did not timely file their separate rate application and/or certification.<sup>6</sup> See Appendix II of this **Federal Register** notice for a complete list of companies not receiving a separate rate.

**Analysis of Comments Received**

All issues raised in the case and rebuttal briefs filed by parties in this review are addressed in the Issues and

Decision Memorandum, which is hereby adopted by this notice. A list of the issues that parties raised and to which we responded in the Issues and Decision Memorandum follows as an appendix to this notice.

**Adjustments for Export Subsidies**

Commerce continues to adjust New Continent’s U.S. price for export subsidies, pursuant to 772(c)(1)(C) of the Act for the final results.

**Changes Since the Preliminary Results**

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made certain changes for these final results. Specifically, we have made adjustments to the calculation of the antidumping margin for New Continent,<sup>7</sup> and granted separate rate status to Shandong Hengyu.<sup>8</sup>

### Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

For each individually examined respondent in this review whose weighted-average dumping margin in the final results of review is not zero or *de minimis* (i.e., less than 0.5 percent), Commerce intends to calculate importer-specific assessment rates, in accordance with 19 CFR 351.212(b)(1).<sup>9</sup> Where the respondent reported reliable entered values, Commerce intends to calculate importer-specific *ad valorem* assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer, and dividing this amount by the total entered value of the sales to the importer.<sup>10</sup> Where the importer did not report entered values, Commerce intends to calculate an importer-specific assessment rate by dividing the amount of dumping for reviewed sales to the importer by the total sales quantity associated with those transactions. Where an importer-specific *ad valorem* assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.<sup>11</sup>

Pursuant to Commerce practice, for entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, Commerce will instruct CBP to liquidate such entries at the rate for the China-wide entity.<sup>12</sup> Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's CBP case number

will be liquidated at the rate for the China-wide entity.

For the companies for which this review is rescinded, antidumping duties will be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce will issue appropriate assessment instructions with respect to the companies for which this review is rescinded to CBP 15 days after the publication of this notice.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on POR entries, and for future deposits of estimated antidumping duties, where applicable.

### Cash Deposit Requirements

Commerce will instruct CBP to require a cash deposit for antidumping duties equal to the weighted-average amount by which NV exceeds U.S. price. The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except that, if the rate is *de minimis* (i.e., less than 0.5 percent), then the cash deposit rate will be zero for that exporter); (2) for previously investigated or reviewed China and non-China exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all China exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (i.e., 76.46 percent);<sup>13</sup> and (4) for all non-China exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-China exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties and/or countervailing duties has occurred, and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

### Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: April 15, 2020.

For a discussion of these changes, see the "Changes Since the Preliminary Results" section of the Issues and Decision Memorandum.

#### Final Determination of No Shipments

In the *Preliminary Results*, Commerce preliminarily determined that eleven companies did not have any reviewable transactions during the POR: Astrotech Steels Pvt. Ltd.; Geeky Wires Limited; Hebei Minmetals Co., Ltd.; Jinhai Hardware Co., Ltd.; Nanjing Yuechang Hardware Co., Ltd.; Region Industries Co., Ltd.; Region System Sdn. Bhd.; Shandong Oriental Cherry Hardware Group Co., Ltd.; Shandong Oriental Cherry Hardware Import & Export Co., Ltd.; Shanghai Jade Shuttle Hardware Tools Co., Ltd.; and Zhangjiagang Lianfeng Metals Products Co., Ltd. Following the publication of the *Preliminary Results*, we received no comments from interested parties regarding these companies, nor has any party submitted record evidence which would call our preliminary determination into question. Therefore, for these final results, we continue to find that these eleven companies did not have any reviewable transactions during the POR. Consistent with our practice, we will issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on our final results.
