

comment in the **Federal Register** on October 23, 2019.³

On December 5, 2019, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ On January 17, 2020, the Commission instituted proceedings under Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.⁷ The Commission has received no comment letters on the proposal.

Section 19(b)(2) of the Act⁸ provides that, after initiating disapproval proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The date of publication of notice of filing of the proposed rule change was October 23, 2019. April 20, 2020, is 180 days from that date, and June 19, 2020, is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider this proposed rule change. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁹ designates June 19, 2020, as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR-NYSE-2019-54).

⁷ See Securities Exchange Act Release No. 88003, 85 FR 4051 (Jan. 23, 2020). Specifically, the Commission instituted proceedings to allow for additional analysis of the proposed rule change’s consistency with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be “designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade,” and “to protect investors and the public interest.” See *id.* at 4053 (citing 15 U.S.C. 78f(b)(5)).

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88683; File No. SR-ISE-2020-18]

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend a Pilot on the Nasdaq 100 Reduced Value Index

April 17, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 16, 2020, Nasdaq ISE, LLC (“ISE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to a proposed rule to extend the pilot to permit the listing and trading of options based on 1/5 the value of the Nasdaq-100 Index (“Nasdaq-100”) currently set to expire on May 4, 2020.

The text of the proposed rule change is available on the Exchange’s website at <http://ise.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set

forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

ISE filed a proposed rule change to permit the listing and trading of index options on the Nasdaq 100 Reduced Value Index (“NQX”) on a twelve month pilot basis.³

NQX options trade independently of and in addition to NDX options, and the NQX options are subject to the same rules that presently govern the trading of index options based on the Nasdaq-100, including sales practice rules, margin requirements, trading rules, and position and exercise limits. Similar to NDX, NQX options are European-style and cash-settled, and have a contract multiplier of 100. The contract specifications for NQX options mirror in all respects those of the NDX options contract listed on the Exchange, except that NQX options are based on 1/5 of the value of the Nasdaq-100, and are P.M.-settled pursuant to Options 4A, Section 12(a)(6).

The Exchange proposes to amend ISE Options 4A, Section 12(a)(6) to extend the current NQX pilot period to November 2, 2020. This pilot was previously extended with the last extension through May 4, 2020.⁴ The Exchange continues to have sufficient capacity to handle additional quotations and message traffic associated with the proposed listing and trading of NQX options. In addition, index options are integrated into the Exchange’s existing surveillance system architecture and are thus subject to the relevant surveillance processes. The Exchange also continues to have adequate surveillance procedures to monitor trading in NQX options thereby aiding in the maintenance of a fair and orderly market. Additionally, there is continued investor interest in these products and this extension will provide additional time to collect data related to the pilot.

Pilot Report

The Exchange currently makes public on its website the data and analysis previously submitted to the Commission on the Pilot Program and will continue to make public any data or analysis it

⁴ See Securities Exchange Act Release Nos. 86071 (June 10, 2019), 84 FR 27822 (June 14, 2019) (SR-ISE-2019-18); 87379 (October 22, 2019), 84 FR 57793 (October 28, 2019) (SR-ISE-2019-27).

submits under the Pilot Program in the future. If in the future the Exchange proposes an additional extension of the Pilot Program or proposes to make the Pilot Program permanent, the Exchange will submit an annual report to the Commission consistent with the order approving the establishment of the Pilot Program at least two months prior to the expiration date of the Pilot Program. Conditional on the findings in the Pilot Report, the Exchange will file with the Commission a proposal to extend the pilot program, adopt the pilot program on a permanent basis or terminate the pilot.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. By extending the pilot, the Exchange believes it will attract order flow to the Exchange, increase the variety of listed options, and provide a valuable hedge tool to retail and other investors. Specifically, the Exchange believes that the pilot will provide additional trading and hedging opportunities for investors while providing the Commission with data to monitor for and assess any potential for adverse market effects of allowing P.M.-settlement for NQX options, including on the underlying component stocks.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. NQX options would be available for trading to all market participants and therefore would not impose an undue burden on intra-market competition. The Exchange believes that the proposed rule change will not impose an undue burden on inter-market competition as this rule change will continue to facilitate the listing and trading of a new option product that will enhance competition among market participants, to the benefit of investors and the marketplace. The continued listing of NQX will enhance competition by providing investors with an additional investment

vehicle, in a fully-electronic trading environment, through which investors can gain and hedge exposure to the Nasdaq-100. Furthermore, this product could offer a competitive alternative to other existing investment products that seek to allow investors to gain broad market exposure. Finally, it is possible for other exchanges to develop or license the use of a new or different index to compete with the Nasdaq-100 and seek Commission approval to list and trade options on such an index.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁹ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that investors may continue to trade NQX options listed by the Exchange as part of the pilot program on an uninterrupted basis. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest as it will allow the pilot program to continue uninterrupted, thereby avoiding investor confusion that could result from a temporary interruption in the pilot program.

⁷ 15 U.S.C. 78s(b)(3)(A).

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁹ 17 CFR 240.19b-4(f)(6).

¹⁰ 17 CFR 240.19b-4(f)(6)(iii).

Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-ISE-2020-18 on the subject line.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88678; File No. SR-CBOE-2020-033]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Amending Its Fees Schedule

April 17, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 16, 2020, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend its fees schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/>

AboutCBOE/CBOELegalRegulatoryHome.aspx), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Footnote 12 of the Fees Schedule, which governs pricing changes in the event the Exchange trading floor becomes inoperable. In the event the trading floor becomes inoperable, the Exchange will continue to operate in a screen-based only environment using a floorless configuration of the System that is operational while the trading floor facility is inoperable. The Exchange would operate using that configuration only until the Exchange’s trading floor facility became operational. Open outcry trading would not be available in the event the trading floor becomes inoperable. Particularly, the Exchange proposes to amend Footnote 12 to waive fees incurred from certain transactions executed in electronic compression forums.

By way of background, the Exchange recently adopted Rule 5.24(e)(1)(E), which provides that in the event the trading floor is inoperable, the Exchange will make available an electronic “compression forum” in the same manner as an open outcry “compression forum” as set forth in Rule 5.88, subject to certain exceptions.³ When the trading floor is open, the Exchange facilitates compression forums on the trading floor at the end of each calendar week, month, and quarter in which Trading Permit Holders (“TPHs”) may reduce open positions in series of SPX options in order to mitigate the effects of capital

constraints on market participants, which may contribute to continued depth of liquidity in the SPX options market.⁴ The Exchange adopted Rule 5.24(e)(1)(E) to provide for an electronic forum that replicates the compression forum that is available when the Exchange is operating with an open outcry environment. Particularly, an electronic compression forum would continue to provide TPHs an opportunity to efficiently reduce their open SPX positions and free up capital in the event the Exchange must operate in an all-electronic environment (as it currently is), which is particularly important in volatile market conditions.

The Exchange currently waives transaction fees (and surcharges) incurred as a result of transactions that compress or reduce certain open positions.⁵ One such waiver in particular is for transactions involving SPX and SPXW compression-list positions executed in a floor compression forum (pursuant to Rule 5.88).⁶ Particularly, the Exchange waives SPX/SPXW transaction fees, including surcharges, in order to encourage TPHs to submit compression-list positions in advance of monthly compression forums and compress these positions during compression forums.⁷ The Exchange wishes to similarly waive all transaction fees, including any applicable surcharges (e.g., Index License Surcharge and SPX/SPXW Execution Surcharges), for closing transactions involving SPX and SPXW compression-list positions executed in an electronic compression forum (pursuant to Rule 5.24).

The Exchange believes compression of these positions may improve market

⁴ In general, under the floor Compression Forum process, each month, TPHs may submit to the Exchange lists of open SPX positions (these positions are referred to in Rule 5.88 as “compression-list positions”) they wish to close against opposing (long/short) positions of other TPHs. The Exchange would then aggregate these positions into a single list to allow TPHs to more easily identify those positions with counterparty interest on the Exchange. The Exchange then provides a forum on the Exchange’s trading floor during which TPHs could conduct closing-only transactions in series of SPX options. The Exchange holds compression forums on the last three trading days of each calendar month.

⁵ See CBOE Fees Schedule, Footnote 41.

⁶ See Cboe Options Fees Schedule, Footnote 41. The Exchange notes it inadvertently failed to update the rule references in Footnote 41, including Rule 5.88, when it relocated the rules upon migration. See Securities and Exchange Act Release No. 86772 (August 27, 2019), 84 FR 46069 (September 3, 2019) (SR-CBOE-2019-042). The Exchange proposes to update those rule references now.

⁷ See Cboe Options Fees Schedule, Footnote 41. A rebate of transaction fees would include the transaction fee assessed along with any other surcharges assessed per contract (e.g., the Index License Surcharge).
