SUPPLEMENTARY INFORMATION:

OMB Number: 3133-0134.

Title: Disclosure and Recordkeeping Requirements in Connection with 12 CFR part 707 (Truth in Savings).

Type of Review: Extension of a currently approved collection.

Abstract: The Truth in Savings Act (TISA), 12 U.S.C. 4301 *et seq.*, requires depository institutions to disclose to consumers certain information, including interest rates, dividends, bonuses, and fees associated with their deposit accounts and accompanying services.

TISA also directed the National Credit Union Administration (NCUA) to promulgate a TISA regulation governing credit unions. Section 272(b) of TISA, 12 U.S.C. 4311(b), mandated that the NCUA regulation be “substantially similar” to those of the Consumer Financial Protection Bureau (CFPB), but the NCUA may take into account the unique nature of credit unions and the limitations under which they may pay dividends.

To implement TISA, the NCUA published its TISA regulation, 12 CFR part 707, which applies to all credit unions whose accounts are either insured by, or eligible to be insured by, the National Credit Union Share Insurance Fund, except for any credit union that has been designated as a corporate credit union and any non-automated credit union that has \$2 million or less in assets (together, “credit unions”). In addition, the advertising rules apply to any person who advertises an account offered by a credit union. The NCUA’s TISA regulation requires credit unions to disclose fees, dividend rates and other terms concerning accounts to members or potential members before they open accounts.

The NCUA’s TISA regulation requires credit unions to provide specific

disclosures when an account is opened, when a disclosed term changes or a term account is close to renewal, on periodic statements of account activity, in advertisements, and upon a member's or potential member's request. Credit unions that provide periodic statements are required to include information about fees imposed, the annual percentage yield (APY) earned during those statement periods, and other account terms. The requirements for creating and disseminating account disclosures, change in terms notices, term share renewal notices, statement disclosures, and advertising disclosures are necessary to implement TISA's purpose of providing the public with information that will permit informed comparisons of accounts at financial institutions.

The collection of information pursuant to Part 707 is triggered by specific events and disclosures and must be provided to consumers within the time periods established under the regulation. Credit unions must retain evidence of compliance for a minimum of two years after the disclosures are required to be made or an action is required to be taken.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Number of Respondents: 5,322.

Frequency: Upon occurrence of triggering action.

Estimated Total Annual Responses: 4,869,630.

Estimated Hours per Response: 0.07.

Estimated Total Annual Burden Hours: 373,870.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper execution of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.

By Gerard Poliquin, Secretary of the Board, the National Credit Union Administration, on April 20, 2020.

Dated: April 21, 2020.

NCUA PRA Clearance Officer.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-264; NRC-2020-0048]

In the Matter of the Dow Chemical Company; Dow TRIGA Research Reactor

AGENCY: Nuclear Regulatory Commission.

ACTION: Indirect transfer of license; order.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC, the Commission) is issuing an order approving an application filed by the Dow Chemical Company (TDCC) on November 22, 2019. The application sought NRC approval of the indirect transfer of control of Renewed Facility Operating License No. R-108 for the Dow TRIGA Research Reactor (DTRR). The indirect transfer of control resulted from the merger of TDCC with E.I. du Pont de Nemours and Company in August 2017, which established a new parent company, DowDuPont, Inc. Subsequently, in April 2019, Dow, Inc. was formed as a separate company from DowDuPont, Inc. and TDCC became a wholly-owned subsidiary of Dow, Inc. The NRC determined that TDCC
