Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding the *Preliminary Results*, we have recalculated the weighted-average dumping margin for Al Jazeera.³

² See Memorandum, "Circular Welded Carbon-Quality Steel Pipe from the Sultanate of Oman: Issues and Decision Memorandum for the Final Results of Administrative Review; 2017–2018," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

³ See Issues and Decision Memorandum; see also Memorandum, "Final Results Margin Calculation for Al Jazeera Steel Products Co.," dated concurrently with this memorandum.

Final Results of the Review

As a result of this review, Commerce determines that the following weighted-average dumping margin exists for the period December 1, 2017 through November 30, 2018:

Producer and/or exporter	Weighted-average dumping margin (percent)
Al Jazeera Steel Products Co. SAOG	1.10

Duty Assessment

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b), Commerce shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.⁴ Commerce intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this administrative review.

For Al Jazeera, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). Upon issuance of the final results of this administrative review, if any importer-specific assessment rates calculated in the final results are above *de minimis* (i.e., at or above 0.5 percent), Commerce will issue instructions directly to CBP to assess antidumping duties on appropriate entries. Where an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

In accordance with Commerce's "automatic assessment" practice,⁵ for entries of subject merchandise during the POR produced by Al Jazeera for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in

⁴ In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

⁵ For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).
