DEPARTMENT OF STATE

[Public Notice: 11095]

Notice of Public Teleconference Concerning the Use of Digital Sequence Information of Genetic Resources

ACTION: Notice of meeting.

SUMMARY: The U.S. Department of State (DOS) invites submission of comments from the public, academia, industry, and other stakeholders on the topic of “digital sequence information (DSI) on genetic resources,” also known as genetic sequence data (GSD). The United States will use these comments to inform policy development and international messaging on GSD, particularly regarding the Convention on Biological Diversity (CBD) and the Nagoya Protocol. The Department will hold a public meeting and information session to discuss these issues, on May 14, 2020 at 10:00 a.m., by teleconference. This teleconference is in place of the postponed in-person public meeting on DSI originally scheduled for March 12, 2020 [Public Notice 11037].

DATES: A teleconference is planned on Thursday, May 14, 2020. The meeting will begin at 10:00 a.m. EDT and last for up to two hours. Dial-in details will be made available upon registration. Electronic comments are due on or before June 30, 2020.

ADDRESSES: The meeting will be held by phone. You will receive dial-in details upon registration. One electronic submission per person by the June 30 deadline is welcome, with no more than 10 pages of single-spaced text including relevant examples, with no more than one page per example. Submissions should be made via the internet at www.regulations.gov docket number [DOS-2020-2017]. Note that relevant comments submitted to regulations.gov will be posted without editing and will be available to the public; therefore,

business-confidential information should be clearly identified as such and submitted by email instead to ReillyPK2@state.gov. The public is required to file submissions electronically rather than by facsimile or mail. You do not need to resubmit comments if you submitted comments for the original **Federal Register** Notice [Public Notice 11037] announcing the now postponed, in-person public meeting on DSI originally scheduled for March 12, 2020.

FOR FURTHER INFORMATION CONTACT:

Questions regarding the submission of comments should be directed to Patrick Reilly (202) 647-4827, ReillyPK2@state.gov.

SUPPLEMENTARY INFORMATION: The Secretariat of the CBD released three studies on “Digital Sequence Information on Genetic Resources” (<https://www.cbd.int/dsi-gr/2019-2020/studies/>) that examine the scope, present use, traceability, access, and current benefit-sharing schemes relating to DSI/GSD. These studies were commissioned to inform decisions by the Parties to the CBD and the Nagoya Protocol at the 2020 Conference of Parties (COP) to the CBD and the Conference of Parties serving as the Meeting of the Parties to the Nagoya Protocol. (Originally planned for October 15–18, 2020 in Kunming, China, the CBD COP and related meetings have been postponed due to COVID-19; new dates have not yet been announced.) During the teleconference, DOS will provide a brief overview of the ongoing discussions regarding DSI/GSD in the context of the CBD and the Nagoya Protocol and public participants will have the opportunity to share their comments, concerns, and questions about this issue. The information obtained from these meetings will help the U.S. Government prepare for U.S. participation in international meetings, in particular, U.S. participation in upcoming CBD and Nagoya Protocol meetings. Documents and other information related to the CBD and Nagoya Protocol can be found at this website: www.cbd.int.

We welcome examples, information, and comment on:

- (1) The CBD studies cited above;
- (2) practices regarding the collection, management, and use of DSI/GSD;
- (3) experiences with access and benefit-sharing (ABS) approaches or requirements related to DSI/GSD;
- (4) specific examples of actual and potential impacts that could occur if tracking and benefit sharing for the utilization of DSI/GSD were required by domestic legislation in other countries,

or encouraged under the Nagoya Protocol or other international instruments, such as the International Treaty on Plant Genetic Resources for Food and Agriculture and the World Health Organization Pandemic Influenza Preparedness Framework;

(5) specific examples of actual and potential impacts that could occur if tracking and benefit sharing for the utilization of DSI/GSD were required on research collaborations, international sample sharing, academic and commercial research, pandemic and epidemic preparedness and response, and food security;

(6) monetary or non-monetary benefits that are facilitated by international sharing of DSI/GSD;

(7) how organizations can still advance science if national-level ABS frameworks in other countries require tracking and benefit sharing for the utilization of DSI/GSD;

(8) non-ABS challenges and barriers to sharing DSI/GSD that have significant implications for global research efforts that might merit additional attention or analysis; and

(9) issues and/or examples related to the items described above or other items that could affect the scientific process.

Representatives from DOS will review written submissions and share them, as appropriate, with other Federal Agencies to inform U.S. Government policy and our international engagements on these issues. U.S. officials may contact individuals making submissions for further information or clarification.

Status: The meeting will be open to the public. Persons wishing to dial-in should submit their full name and organization to Patrick Reilly at ReillyPK2@state.gov and copy RSVP-ECW@state.gov at least three days prior to the meeting. Requests made after that time will be considered but might not be accommodated.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36395]

Puget Sound & Pacific Railroad—Lease Amendment and Operation Exemption Including Interchange Commitment—Union Pacific Railroad Company

Puget Sound & Pacific Railroad (PSAP), a Class III rail carrier, has filed

a verified notice of exemption under 49 CFR 1150.41 to amend an existing rail line lease between PSAP and Union Pacific Railroad Company (UP).¹ PSAP states that, under the Amended Lease, it will continue to lease and operate 3.65 miles of rail line: Between milepost 53.83 and milepost 54.23 and between milepost 55.28 and milepost 56.70, in Aberdeen and Hoquiam, Wash.; and between milepost 2.41 at Blakeslee Junction, Wash., and milepost 4.26 at Raisch, Wash. (collectively, the Line).

PSAP states that the Current Lease was entered into in 2000 and amended in 2002. *See Ariz. & Cal. R.R.—Lease & Operation Exemption—Union Pac. R.R.*, FD 33886 (STB served July 7, 2000); *Puget Sound & Pac. R.R.—Lease & Operation Exemption—Union Pac. R.R.*, FD 34213 (STB served Dec. 13, 2002). PSAP further states that the term of the Current Lease was extended in 2010, in accordance with its terms, for an additional 10 years. According to PSAP, the Amended Lease would extend the lease term for an additional 10 years and revise other commercial terms.

PSAP certifies that the projected annual revenues as a result of the proposed transaction will not exceed those that would qualify it as a Class III carrier. Additionally, PSAP certifies that its total revenues exceed \$5 million. Pursuant to 49 CFR 1150.42(e), if a carrier's projected annual revenues will exceed \$5 million, it must, at least 60 days before the exemption becomes effective, post notice of its intent to undertake the proposed transaction at the workplace of the employees on the affected lines, serve a copy of the notice on the national offices of the labor unions with employees on the affected lines, and certify to the Board that it has done so. However, PSAP's verified notice includes a request for waiver of the 60-day advance labor notice requirements. PSAP's waiver request will be addressed in a separate decision.

As required under 49 CFR 1150.43(h)(1), PSAP has disclosed in its verified notice that the Amended Lease contains an interchange commitment.² PSAP has provided additional information regarding the interchange commitment as required by 49 CFR 1150.43(h).

The verified notice states that the Amended Lease will be effective upon the effective date of the verified notice

¹ The existing lease, as previously amended from time to time, is referred to as the Current Lease; the Current Lease with the addition of the new amendment for which authority is sought here is referred to as the Amended Lease.

² A copy of the Amended Lease with the interchange commitment was submitted under seal. *See* 49 CFR 1150.43(h)(1).

of exemption and that PSAP will continue to operate under the terms of the Current Lease until then. The Board will establish the effective date in its separate decision on the waiver request.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed no later than May 1, 2020.

All pleadings, referring to Docket No. FD 36395, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on PSAP's representative, Eric M. Hocky, Clark Hill PLC, Two Commerce Square, 2001 Market St., Suite 2620, Philadelphia, PA 19103.

According to PSAP, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

Decided: April 21, 2020.

By the Board, Allison C. Davis, Director, Office of Proceedings.

Regena Smith-Bernard,

Clearance Clerk.
