

in the work plan and budget that accompanied the grant application. This information includes: Identifier data (organization name and grant number); the date and location where the training occurred; the length of training (hours); the number of workers and employers attending training sessions provided by the organization during the quarter; a description of the training provided; a narrative account of grant activities conducted during the quarter; and an evaluation of progress regarding planned versus actual work accomplished. This comparison permits OSHA to determine if the organization is meeting the proposed program goals and objectives, and spending funds in the manner described in the proposed budget.

Requiring these reports on a quarterly basis enables OSHA to identify work plan, training, and expenditure discrepancies in a timely fashion so that it can implement appropriate action. In addition, this information permits the agency to assess an organization's ability to meet projected milestones and expenditures.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply—for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend the approval of the information collection requirements contained in the Grantee Quarterly Progress Report. The agency will summarize the comments submitted in response to this notice, and will include this summary in the request to OMB.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133-0092.

Title: Loans to Members and Lines of Credit to Members, 12 CFR 701.21 and Appendix B to 741.

Type of Review: Extension of a currently approved collection.

Abstract: Section 107(5) of the Federal Credit Union Act authorizes Federal Credit Unions (FCU) to make loans to members and issue lines of credit (including credit cards) to members. Section 701.21 governs the requirements related to loans to members and lines of credit to members for FCUs.

Additionally, Part 741 established requirements for all federally insured credit unions (both Federal and state charters) related to loans to members and lines of credit union members.

NCUA reviews the information collections to ensure compliance with applicable regulations and laws, and to assess the safety and soundness of the credit union’s lending program.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 21,534.

OMB Number: 3133-0101.

Title: Member Business Loans; Commercial Lending, 12 CFR 723.

Type of Review: Extension of a currently approved collection.

Abstract: As part of NCUA’s Regulatory Modernization Initiative, the NCUA Board amended Part 723 to provide federally insured credit unions with greater flexibility and individual autonomy in safely and soundly providing commercial and business loans to serve their members. The rule modernizes the regulatory requirements that govern credit union commercial lending activities by replacing the current rule’s prescriptive requirement and limitations with a broad principles-based regulatory approach.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 3,656.

OMB Number: 3133-0140.

Title: Secondary Capital for Low-Income Designated Credit Unions, 12 CFR 701.34(b).

Type of Review: Extension of a currently approved collection.

Abstract: Section 701.34 (b) of NCUA’s regulations provide that designated low-income credit unions (LICU) may accept secondary capital under certain conditions. For those LICUs wishing to exercise their option to access secondary capital, NCUA requires that credit unions accepting secondary capital must develop and submit a plan for its acquisition, use, and repayment. The information is used by NCUA to determine if the secondary capital will be managed by the credit union without risk to its financial condition, the U.S. government, or the National Credit Union Share Insurance Fund. This collection of information is necessary to obtain the information needed to ensure compliance with requirements related to acceptance and management of secondary capital.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 1,020.

Reason for change: An adjustment has been made due to a decrease in the number of credit unions requesting redemption of secondary capital. A total of 80 burden hours has been removed as

result of the adjustment. A total of 1,020 burden hours is being requested.

OMB Number: 3133-0152.

Title: Management Official Interlocks, 12 CFR 711.

Type of Review: Extension of a currently approved collection.

Abstract: NCUA requires this information collection to ensure federally insured credit unions comply with NCUA’s Management Official Interlocks regulation at 12 CFR part 711, implementing the Depository Institution Management Interlocks Act (“Interlocks Act”) (12 U.S.C. 3201-3208). The Interlocks Act generally prohibits financial institutions management officials from serving simultaneously with two unaffiliated depository institutions or their holding companies. For credit unions, the Interlocks Act restricts interlocks only between credit unions and other financial institutions, such as banks and their holding companies. The information collection requirements of this part covers interlock relationships permitted by statute.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 6.

OMB Number: 3133-0196.

Title: Contractor’s Diversity Profile.

Type of Review: Extension of a currently approved collection.

Abstract: On January 2011, NCUA created the Office of Minority and Women Inclusion (OMWI), as mandated by sec. 342 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Act”) (Pub. L. 111-203). As prescribed by sec. 342(c) of the Act, OMWIs shall develop and implement standards and procedures to ensure the fair inclusions and utilization of minorities, women, and minority-owned and women-owned business in all business and activities of the agency at all levels, including in procurement, insurance, and all types of contracts. As a result, NCUA developed the Contractor Profile form to be completed by a contractor to ensure the fair inclusion and utilization of minorities and women in the workforce of the contractor and, as applicable, subcontractor. The Contractor Profile form includes a series of questions covering a contractor’s, and, as applicable, a subcontractor’s diversity strategies, policies, recruitment, succession planning, and outreach. The information provided is used by NCUA to determine if good faith efforts are met and to fulfill statutory requirements of the Act. Determinations are valid for a two-year period.
