

stakeholders that seek to address issues under the Board's jurisdiction that are not otherwise specifically provided for under the Board's other regulatory provisions.

Number of Respondents:
Approximately four.

Estimated Time Per Response: 25 hours.

Frequency: On occasion. In calendar years 2017–2019, approximately four petitions of this type were filed with the Board per year.

Total Burden Hours (annually including all respondents): 100 hours (estimated hours per petition (25) × total number of petitions (4)).

Total "Non-hour Burden" Cost: \$280 (estimated non-hour burden cost per petition (\$70) × total number of petitions (four)).

Needs and Uses: Under 49 U.S.C. 1321 and 49 CFR part 1117 (the Board's catch-all petition provision), shippers, railroads, and the public in general may seek relief (such as waiver of the Board's regulations) not otherwise specifically provided for under the Board's other regulatory provisions. Under section 1117.1, such petitions should contain three items: (a) A short, plain statement of jurisdiction, (b) a short, plain statement of petitioner's claim, and (c) request for relief. The collection by the Board of these petitions that parties choose to file enables the Board to more fully meet its statutory duty to regulate the rail industry.

Under the PRA, a federal agency that conducts or sponsors a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Section 3507(b) of the PRA requires, concurrent with an agency's submitting a collection to OMB for approval, a 30-day notice and comment period through publication in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information.
