**SUPPLEMENTARY INFORMATION:** This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Labor-Management Standards

(OLMS) of the Department of Labor (Department) is soliciting comments concerning the proposed extension of the collection of information requirements implementing the Labor Management Reporting and Disclosure Act of 1959, as amended (LMRDA). In particular, the Department seeks to revise the existing ICR in order to ensure a fully comprehensive estimate of such burden associated with the LMRDA, by including the recordkeeping burden associated with union officer elections. See 29 U.S.C. 481. Under 29 U.S.C. 481, election officials designated in the constitution and bylaws or the secretary, if no other official is designated, shall preserve for one year the ballots and all other records pertaining to a labor organization’s election of officers. Additionally, the revision is necessary in order to incorporate the reporting burden associated with the voluntary submission of collective bargaining agreements to OLMS pursuant to Labor Management Relations Act section 211(a) and Secretary’s Order 4–2007. Finally, the revision is necessary due to electronic filing changes associated with the Forms LM–1, LM–3, LM–4, LM–10, LM–20, and LM–21. The Department proposes to remove the continuing hardship exemption for Form LM–3 and LM–4 filers, and also seeks to make mandatory electronic filing for labor organizations that file the Form LM–1, labor relations consultants that file the Form LM–20 and Form LM–21, and employers that file the Form LM–10. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on December 23, 2019 (84 FR 70567).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
