ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Office of Labor-Management Standards (OLMS)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before June 1, 2020.

FOR FURTHER INFORMATION CONTACT: Anthony May by telephone at 202–693–4129, TTY 202–693–8064, (these are not toll-free numbers) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Labor-Management Standards

(OLMS) of the Department of Labor (Department) is soliciting comments concerning the proposed extension of the collection of information requirements implementing the Labor Management Reporting and Disclosure Act of 1959, as amended (LMRDA). In particular, the Department seeks to revise the existing ICR in order to ensure a fully comprehensive estimate of such burden associated with the LMRDA, by including the recordkeeping burden associated with union officer elections. See 29 U.S.C. 481. Under 29 U.S.C. 481, election officials designated in the constitution and bylaws or the secretary, if no other official is designated, shall preserve for one year the ballots and all other records pertaining to a labor organization’s election of officers. Additionally, the revision is necessary in order to incorporate the reporting burden associated with the voluntary submission of collective bargaining agreements to OLMS pursuant to Labor Management Relations Act section 211(a) and Secretary’s Order 4–2007. Finally, the revision is necessary due to electronic filing changes associated with the Forms LM–1, LM–3, LM–4, LM–10, LM–20, and LM–21. The Department proposes to remove the continuing hardship exemption for Form LM–3 and LM–4 filers, and also seeks to make mandatory electronic filing for labor organizations that file the Form LM–1, labor relations consultants that file the Form LM–20 and Form LM–21, and employers that file the Form LM–10. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on December 23, 2019 (84 FR 70567).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Current Actions: Over its history, the Institute of Museum and Library Services (IMLS) has invested in a wide range of projects supporting research and practice in early childhood education through grant making and special initiatives. This project builds

off the Boston Children's Museum's (BCM) and IMLS's previous work in piloting School Readiness Project in South Carolina and Virginia by scaling it into Iowa, Mississippi, and New Mexico. It addresses persistent gaps in early childhood education and school readiness and aims to amplify the strength of organizations serving children and families by forming networks between and across these organizations. The purpose of this data collection effort is to obtain a holistic view of the museum target audience and needs for capacity building support, identify potential gaps in the suite of current offerings, and define both opportunities and partnerships for new and expanded offerings.

This action is to seek approval for the information collection for the Building a National Network of Museums and Libraries for School Readiness Project for the next three years.
