Accordingly, the (Acting) Secretary of the Navy, in consultation with the Department of the Navy General Counsel, has determined in writing that the meeting shall be partially closed to the public because the discussions during the executive session from 11 a.m. to noon (12 p.m.) will be concerned with matters protected under sections 552b(c) (5), (6), and (7) of title 5, United States Code.

Authority: 5 U.S.C. 552b.

Meeting Accessibility: Pursuant to FACA and 41 CFR 102–3.140, this meeting is virtually open to the public. This meeting will be broadcasted live from the United States Naval Academy to include audio and video. The broadcast will be close captioned for the duration of the public portion of the meeting. The link to view the meeting will be posted at <https://www.usna.edu/PAO/Superintendent/bov.php> forty-eight hours prior to the meeting. Due to expected health directives in light of COVID–19, the public cannot be accommodated to attend the meeting in person.

Written Statements: Per Section 10(a)(3) of the FACA and 41 CFR 102–3.105(j) and 102–3.140, interested persons may submit a written statement for consideration at any time, but should be received by the Designated Federal Officer a least 15 business days prior to the meeting date so that the comments may be made available to the Board for their consideration prior to the meeting. Written statements should be submitted via mail to 121 Blake Rd, Annapolis MD 21402. Please note that since the Board operates under the provisions of the FACA, as amended, all submitted comments and public presentations will be treated as public documents and will be made available for public inspection, including, but not limited to, being posted on the board website.

Office of the Chancellor

Re: Notice of 20 U.S.C. 1011f
Investigation and Record Request/
University of Texas System

Dear Chancellor Milliken:

Section 117 of the Higher Education Act of 1965 (20 U.S.C. 1011f) requires institutions of higher education (IHEs), including the University of Texas System (UT), to fully report statutorily defined gifts, contracts, and/or restricted and conditional gifts or contracts from or with a foreign source to the U.S. Department of Education (Department). These reports are posted at <https://studentaid.ed.gov/sa/about/data-center/school/foreign-gifts>.

According to UT's Medical Branch (UTMB), it is responsible for the operation of the Galveston National Laboratory (GNL) under UTMB's Institute for Human Infections and Immunity. GNL, in turn, has substantial contractual relations with a maximum biocontainment laboratory (MCL) in Wuhan, China (Wuhan MCL) (also known as the Wuhan Institute of Virology) which is upon information and belief owned by the Chinese government's Chinese Academy of Sciences. See <https://www.utmb.edu/gnl/news/2018/11/28/scientific-diplomacy-and-international-cooperation-key-say-bsl4-directors>; <https://nationalinterest.org/blog/coronavirus/wuhan-institute-virology-origin-coronavirus-or-conspiracy-nonsense-144082>; <https://www.foxnews.com/world/wuhan-laboratory-china-coronavirus-controversy>. On November 28, 2018, GNL claimed in SCIENCE Magazine:

We direct a newly constructed MCL in Wuhan, China (Z.Y.) and an established MCL in the United States (J.W.L), in Galveston, Texas. In preparation for the opening of the new

China MCL, we engaged in short- and long-term personnel exchanges focused on biosafety training, building operations and maintenance, and collaborative scientific investigations in biocontainment. We succeeded in transferring proven best practices to the new Wuhan facility. Both labs recently signed formal cooperative agreements that will streamline future scientific and operational collaborations on dangerous pathogens, although funding for research and the logistics of exchanging specimens are challenges that we have yet to solve.

Between June 6, 2014, and June 3, 2019, UT reported approximately twenty-four contracts with various Chinese state-owned universities and ten contracts with Huawei Technologies, all purportedly worth a reported total of \$12,987,896. It is not clear, however, whether UT has in fact reported all gifts from or contracts with or relating to the Wuhan MCL, the Wuhan Institute of Virology, and/or all other foreign sources, including agents and instrumentalities of the government of the Peoples' Republic of China. Therefore, to verify UT's compliance with Section 117, the Department requests that your Institution produce the following records within thirty (30) days. Unless otherwise noted, the relevant time frame for these requests is January 1, 2012 through the present.

The geographic location of your Institution's faculty and staff and/or of the persons employed by or agents for any of the listed entities is not determinative of your obligations hereunder (*e.g.*, all employees, agents, lobbyists, and attorneys of or for the listed entities must also be identified and disclosed regardless of citizenship and place of residence). 5. All records (including but not limited to emails and true copies of contracts and/or gift or donation agreements) of, regarding, or relating to (a) the Wuhan MCL, the Chinese Academy of Sciences, Wuhan MCL researcher Shi Zhengli, and Eric Yuan, Chief Executive Officer of Zoom Communications; and/or (b) any gift, contract, or conditional gift or contract from or with the Communist Party of China, its agents, employees, representatives, and instrumentalities.

The Department requests that UT produce records as follows:

- Searches for records in electronic form should include searches of all relevant mobile devices, hard drives, network drives, offline electronic folders, thumb drives, removable drives, records stored in the cloud, and archive files, including, but not limited to, backup tapes. Do not time stamp or modify the content, the create date, or the last date modified of any record and do not scrub any metadata. Electronic records should be produced in native format. For emails, please place responses in one .pst file per employee. For .pdf files, please provide searchable file format and not image file format.

- All email searches should be conducted by the agency's information technology department, or its equivalent, and not by the individuals whose records are being searched. Please provide the name and contact information of the individual(s) who conducted the search, as well as an explanation of how the search was conducted.

- To the extent practicable, please produce all records in a searchable electronic format and not hardcopies. Should you have any questions about the method or format of production please contact the undersigned to coordinate.

As used in this Notice of Investigation and Information Request:

“Agent” has its plain and ordinary meaning, indicating that a person, organization, or entity, is acting on behalf of another person, organization, or entity, whether that agency is disclosed or undisclosed.

“Contract” has the meaning given at 20 U.S.C. 1011f(h)(1).

“Faculty” refers to all teaching positions at the university (including professors of all ranks, teachers, lecturers, and/or researchers whether in a classroom, laboratory, or other educational environment—whether physically or electronically present).

“Foreign source” has the meaning given at 20 U.S.C. 1011f(h)(2).

“Gift” has the meaning given at 20 U.S.C. 1011f(h)(3).

“Institution” has the meaning given at 20 U.S.C. 1011f(h)(4) and for the purposes of this request includes all UT campuses and facilities. Section 117 requires that when an institution receives the benefit of a gift from or a contract with a foreign source in the applicable amount, even if by an agent (e.g., employee) and through an intermediary (e.g., non-profit organization), it must disclose the gift or contract to the Department. Where a legal entity (e.g., centers, boards, foundations, research groups, partnerships, or non-profit organizations, whether or not organized under the laws of the United States and including, by way of example and not limitation, UTMB and GNL) operates substantially for the benefit or under the auspices of an IHE, there is a rebuttable presumption that when that legal entity receives money or enters into a contract with a foreign source, it is for the benefit of the institution, and, thus, must be disclosed.

“Record” means all recorded information, regardless of form or characteristics, made or received, and including metadata, such as email and other electronic communication, word processing documents, PDF documents, animations (including PowerPoint™ and other similar programs) spreadsheets, databases, calendars, telephone logs, contact manager information, internet usage files, network access information, writings, drawings, graphs, charts, photographs, sound recordings, images, financial statements, checks, wire transfers, accounts, ledgers, facsimiles, texts, animations, voicemail files, data generated by calendaring, task management and personal information management (PIM) software (such as Microsoft Outlook), data created with the use of personal data assistants (PDAs), data created with the use of document management software, data

created with the use of paper and electronic mail logging and routing software, and other data or data compilations, stored in any medium from which information can be obtained either directly or, if necessary, after translation by the responding party into a reasonably usable form. The term “recorded information” also includes all traditional forms of records, regardless of physical form or characteristics.

“Restricted or conditional gift or contract” has the meaning given at 20 U.S.C. 1011f(h)(5).

“Staff” refers to all members of the university involved in administration of the university and its obligations and commitments (including deans of all ranks, administration officials, and support personnel).

“Wuhan MCL” refers to the maximum biocontainment laboratory in Wuhan, China, as referenced in GNL documents, and which may also be known as the Wuhan Institute of Virology.

If UT asserts attorney-client or attorney-work product privilege for a given record, then it must prepare and submit a privilege log expressly identifying each such record and describing it so the Department may assess the claim’s validity. Please note that no other privileges apply. UT’s record and data preservation obligations are outlined at Exhibit A.

Please note that Section 117(f), 20 U.S.C. 1011f(f), provides that whenever it appears an IHE has failed to fully comply with the law, the Secretary of Education may, among other things, request that the Attorney General commence an enforcement action to compel compliance and to recover the full costs to the United States of obtaining compliance, including all associated costs of investigation and enforcement. Please further note there may also be other penalties triggered by the knowing and intentional submission of false reports and/or information.

The Department recognizes that the COVID-19 virus may have a significant impact on certain UT operations. Nonetheless, the critical importance of the Department’s investigation into the accuracy of UT’s foreign source reporting with respect to the Wuhan MCL and other Chinese Communist Party-related persons and entities is not diminished. Accordingly, the Department expects UT’s timely response to this investigation.

This investigation is being directed by the Department’s Office of the General Counsel. To arrange transmission of the requested information, or should you have any other questions, please contact:
