

Louis, MO, Class B (previously Lambert-St. Louis International Airport, MO, Class B) to coincide with FAA Order 7400.11D, Airspace Designations and Reporting Points; and replacing the outdated term “Airport/Facility Directory” with “Chart Supplement”;

Amending the Class E airspace area designated as an extension to a Class D surface area at St. Louis Regional Airport to within 2.5 miles (decreased from 2.6 miles) each side of the 008° (previously 012°) bearing from the Civic Memorial NDB (previously St. Louis Regional Airport) extending from the 4.4-mile (increased from 4.2-mile) radius of St. Louis Regional Airport to 7 miles (increased from 6.1 miles) north of the Civic Memorial NDB (previously the airport); updating the header of the airspace legal description to Alton/St. Louis, IL (previously Alton, IL) to coincide with the FAA’s aeronautical database; removing the city associated with the airport in the airspace legal description to comply with changes to FAA Order 7400.2M; updating the geographic coordinates of the airport to coincide with the FAA’s aeronautical database; and replacing the outdated term “Airport/Facility Directory” with “Chart Supplement”;

And establishing Class E airspace extending upward from 700 feet above the surface within a 6.9-mile radius St. Louis Regional Airport; and within 2.5 miles each side of the 008° bearing from the Civic Memorial NDB extending from the 6.9-mile radius of the airport to 7 miles north of the Civic Memorial NDB. (This airspace was previously contained within the St. Louis, MO, Class E airspace extending upward from 700 feet above the surface airspace legal description; however, with this amendment, the airspace no longer adjoins, and a separate airspace legal description is being established by this action.)

This action is the result of an airspace review caused by the decommissioning of the outer marker to runway 29 at St. Louis Regional Airport which provided navigational information to this airport.

Class E airspace designations are published in paragraph 5000, 6004, and 6005, respectively, of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designation listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

Proposed Amendment of the Class E Airspace; Hazard, KY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class E airspace extending upward from 700 feet above the surface at Wendell H. Ford Airport, Hazard, KY. The FAA is proposing this action as the result of an airspace review due to the decommissioning of the Hazard VHF omnidirectional range (VOR) navigation aid, which provided navigation information for the instrument procedures at this airport, as part of the VOR Minimum Operational Network (MON) Program. The geographic coordinates of the airport would also be updated to coincide with the FAA's aeronautical database.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in

Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend the Class E airspace extending upward from 700 feet above the surface at Wendell H. Ford Airport, Hazard, KY, to support instrument flight rule operations at this airport.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by amending the Class E airspace extending upward from 700 feet above the surface to within a 6.7-mile radius (increased from a 6.6-mile radius) of Wendell H. Ford Airport, Hazard, KY; adding an extension 2 miles each side of the 139° bearing from the airport extending from the 6.7-mile radius of the airport to 11.1 miles south of the airport; and updating the geographic coordinates of the airport to coincide with the FAA's aeronautical database.

This action is the result of an airspace review caused by the decommissioning of the Hazard VOR, which provided navigation information for the instrument procedures at this airport, as part of the VOR MON Program.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

BILLING CODE 4910–13–P

FEDERAL TRADE COMMISSION

16 CFR Chapter I

Semiannual Regulatory Agenda

AGENCY: Federal Trade Commission.

ACTION: Semiannual regulatory agenda.

SUMMARY: The Federal Trade Commission (FTC or Commission) is publishing its semiannual regulatory agenda in accordance with agency regulations.

DATES: May 7, 2020.

ADDRESSES: Copies of this document are available on the Commission’s website, www.ftc.gov.

FOR FURTHER INFORMATION CONTACT: For information about specific regulatory actions listed in the agenda, call, email, or write the contact person listed for each particular proceeding. General comments or questions about the agenda should be directed to G. Richard Gold; Attorney, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington, DC 20580, telephone: (202) 326–3355; email: rgold@ftc.gov.

SUPPLEMENTARY INFORMATION: The Federal Trade Commission (FTC or Commission) is publishing its semiannual regulatory agenda in accordance with section 22(d)(1) of the Federal Trade Commission Act, 15 U.S.C. 57b–3(d)(1) and the Regulatory Flexibility Act (RFA), 5 U.S.C. 601 to 612, as amended by the Small Business Regulatory Enforcement Fairness Act. The Commission’s agenda follows guidelines and procedures issued January 16, 2020, by the Office of Management and Budget in accordance with the provisions of Executive Order 12866, “Regulatory Planning and Review,” of September 30, 1993, 58 FR 51735 (Oct. 4, 1993).

The Government-wide Unified Agenda of Federal Regulatory and Deregulatory Actions includes a list of all regulatory actions under development or review and is scheduled for publication in its entirety on www.reginfo.gov and www.regulations.gov in a format that

offers users a greatly enhanced ability to obtain information from the agenda database.

The RFA requires publication in the **Federal Register** of agenda entries for rules that are likely to have a significant impact on a substantial number of small entities (5 U.S.C. 602) and any such rules that the agency has identified for periodic review under section 610 of the RFA. For spring 2020, the Commission has no proposed rules that would meet the RFA’s publication requirements. In addition, the Commission has no proposed rules that would be a “significant regulatory action” under the definition in Executive Order 12866.

The Commission has identified rulemakings that are likely to have some impact on small entities, but do not meet the RFA’s publication requirements. The current rulemakings that are likely to have some impact on small entities are: (1) The Textile Rules, 16 CFR 303; (2) the Energy Labeling Rule, 16 CFR 305; (3) Telemarketing Sales Rule, 16 CFR 310; (4) Children’s Online Privacy Protection Rule, 16 CFR 312; (5) Privacy of Consumer Financial Information, 16 CFR 313; (6) Standards for Safeguarding Customer Information, 16 CFR 314; (7) Contact Lens Rule, 16 CFR 315; (8) Health Breach Notification Rule, 16 CFR 318; (9) the Care Labeling Rule, 16 CFR 423; (10) the Amplifier Rule, 16 CFR 432; (11) Disclosure Requirements and Prohibitions Concerning Franchising, 16 CFR 436; (12) Funeral Rule, 16 CFR 453; (13) Eyeglass Rule, 16 CFR 456; (14) the Duties of Creditors Regarding Risk-Based Pricing Rule, 16 CFR 640; (15) the Duties of Users of Consumer Reports Regarding Address Discrepancies Rule, 16 CFR 641; (16) the Prescreen Opt-Out Notice Rule, 16 CFR 642; (17) the Duties of Furnishers of Information to Consumer Reporting Agencies Rule, 16 CFR 660; (18) the Affiliate Marketing Rule, 16 CFR 680; and (19) Identity Theft Rules, 16 CFR 681. The Commission’s rulemaking review process carefully considers regulatory burdens and streamlines rules when feasible and appropriate.

The majority of the rulemakings listed in the agenda are being conducted as part of the Commission’s systematic review of all of its regulations and guides on a rotating basis. Under the Commission’s program, rules are reviewed on a 10-year schedule. In each rule review, the Commission requests public comments on, among other things, the economic impact and benefits of the rule; possible conflict between the rule and state, local, or other federal laws or regulations; and the effect on the rule of any
