A. Overview of Information Collection

Title of Information Collection: Disaster Recovery Grant Reporting System (DRGR).

OMB Approval Number: 2506-0165.

Type of Request: Extension of currently approved collection.

Form Number: SF-424 Application for Federal Assistance.

Description of the need for the information and proposed use: The Disaster Recovery Grant Reporting (DRGR) System is a grants management system used by the Office of Community Planning and Development to monitor special appropriation grants under the Community Development Block Grant program. This collection pertains to Community Development Block Grant Disaster Recovery (CDBG-DR) and Neighborhood Stabilization Program (NSP) grant appropriations.

The CDBG program is authorized under Title I of the Housing and Community Development Act of 1974, as amended. Following major disasters, Congress appropriates supplemental CDBG funds for disaster recovery. According to Section 104(e)(1) of the Housing and Community Development Act of 1974, HUD is responsible for reviewing grantees' compliance with applicable requirements and their continuing capacity to carry out their programs. Grant funds are made available to states and units of general local government, Indian tribes, and insular areas, unless provided otherwise by supplemental appropriations statute, based on their unmet disaster recovery needs.

DRGR is used to monitor CDBG-DR, NSP, and NSP-TA grants, as well as several programs that do not fall under the Office of Block Grant Assistance. Separate information collections have been submitted and approved for these programs. CDBG-DR and NSP grant funds are made available to states and units of general local government, Indian tribes, and insular areas, unless provided otherwise by supplemental appropriations statute. NSP-TA grant funds are awarded on a competitive basis and are open to state and local governments, as well as non-profit groups and consortia that may include for-profit entities.

[Docket No. FWS-R8-ES-2020-0039; FF08ESMF00-FXES1114080000-189]

Dos Osos Reservoir Replacement Project, Contra Costa County, California; Draft Categorical Exclusion and Draft Habitat Conservation Plan

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability of permit application; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce the

availability of a draft categorical exclusion under the National Environmental Policy Act. We also announce receipt of an application for an incidental take permit under the Endangered Species Act (ESA), and receipt of a draft habitat conservation plan. The East Bay Municipal Utility District (EBMUD) (applicant) has applied for an incidental take permit under the ESA for the Dos Osos Reservoir Replacement Project in Contra Costa County, California. The permit would authorize the take of one species incidental to the construction of the project. Incidental take coverage is not being sought for operation and maintenance of the project, as these activities are covered, analyzed, and mitigated for under the existing EBMUD Low-Effect East Bay HCP. We invite the public and local, State, Tribal, and Federal agencies to comment on these applications. Before issuing the requested permit, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive your written comments on or before June 8, 2020.

ADDRESSES: *Obtaining Documents:* The draft categorical exclusion (draft CatEx), draft habitat conservation plan (HCP), and any comments and other materials that we receive are available for public inspection at <http://www.regulations.gov> in Docket No. FWS-R8-ES-2020-0039.

Submitting Comments: To submit comments, please use one of the following methods, and note that your information requests or comments are in reference to the draft CatEx, draft HCP, or both.

Biologist, or Ryan Olah, Chief, Coast Bay Division, Fish and Wildlife Service, Sacramento Fish and Wildlife Office, by phone at 916-414-6600 or via the Federal Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), announce the availability of a draft categorical exclusion (CatEx), prepared pursuant to the National Environmental Policy Act of 1969, as amended (NEPA; 42 U.S.C. 4321 *et seq.*), and its implementing regulations in the Code of Federal Regulations (CFR) at 40 CFR 1506.6. This notice also announces the receipt of an application from the East Bay Municipal Utility District (EBMUD) (applicant) for a 15-year incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). Application for the permit requires the preparation of an HCP with measures to avoid, minimize, and mitigate the impacts of incidental take to the maximum extent practicable. The applicant prepared the draft Los Osos Reservoir Replacement Project Low-Effect Habitat Conservation Plan (draft HCP) pursuant to section 10(a)(1)(B) of the ESA. The purpose of the CatEx is to assess the effects of issuing the permit and implementing the draft HCP on the natural and human environment.

Background

Section 9 of the ESA (16 U.S.C. 1531-1544 *et seq.*) and Federal regulations (50 CFR 17) prohibit the taking of fish and wildlife species listed as endangered or threatened under section 4 of the ESA. Regulations governing permits for endangered and threatened species are at 50 CFR 17.22 and 17.32. For more about the Federal habitat conservation plan (HCP) program, go to <http://www.fws.gov/endangered/esa-library/pdf/hcp.pdf>.

National Environmental Policy Act Compliance

The proposed permit issuance triggers the need for compliance with the National Environmental Policy Act of 1969, as amended (NEPA; 42 U.S.C. 4321 *et seq.*). The draft CatEx was prepared to analyze the impacts of issuing an ITP based on the draft HCP and to inform the public of the proposed action, any alternatives, and associated
