the Exchanges' proposed rule changes are consistent with Section 6(b)(5) of the Act,[18] which requires that the rules of an exchange be designed, among other things, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and not be designed to permit unfair discrimination between customers, issuers, brokers or dealers.

The Exchanges state that their proposed rule changes will make their rules consistent with the rules and functionalities of other exchanges.[19] Accordingly, the proposals remove impediments to and perfect the mechanism of a free and open market and are not designed to permit unfair discrimination to the extent that they promote consistency among the rules of the equity exchanges regarding how orders are priced, processed, and disseminated to the SIP. Based on the foregoing, the Commission therefore finds that the proposed rule changes are consistent with the Act.[20]

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,[21] that the proposed rule changes (SR–NYSE–2020–13, SR–NYSENAT–2020–09, SR–NYSEArca–2020–17, SR–NYSEAMER–2020–12; and SR–NYSECHX–2020–06) be, and hereby are approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.[22]

J. Matthew DeLesDernier,

Assistant Secretary.

SUPPLEMENTARY INFORMATION:

A. Background

The GSP program provides for the duty-free importation of designated articles when imported from designated beneficiary developing countries. The GSP program is authorized by Title V of the Trade Act of 1974 (19 U.S.C. 2461–2467), as amended, and is implemented in accordance with Executive Order 11888 of November 24, 1975, as modified by subsequent Executive Orders and Presidential Proclamations.

B. Petitions Requesting Modifications of GSP Product Eligibility

On March 2, 2020 (85 FR 12381), USTR announced the 2020 GSP Annual Review to consider petitions to modify the list of products that are eligible for duty-free treatment under the GSP program and petitions to waive competitive need limitations (CNLs) on imports of certain products from specific beneficiary countries. The GSP Subcommittee considered the product and CNL waiver petitions submitted in response to this announcement.

USTR has decided to accept for review several petitions seeking to add or remove products from GSP eligibility for all GSP beneficiary countries. USTR posted a list of petitions and products accepted for review on the USTR website at: *https://ustr.gov/sites/default/files/IssueAreas/gsp/2020_GSP_Annual_Review-Petitions_Accepted_for_Review.pdf* under the title ''2020 GSP Annual Review—Petitions Accepted for Review. You also can find this list at *Regulations.gov* in Docket Number USTR–2020–0019. Acceptance of a petition only indicates that the subject of the petition warranted further consideration and that a review of the requested action will take place. The U.S. International Trade Commission also will review the selected petitions and provide a report to USTR on the probable economic effects of adding or removing products from GSP eligibility during the 2020 GSP Annual Review. The President will proclaim any modifications to the list of articles eligible for duty-free treatment under the GSP resulting from the 2020 GSP Annual Product Review by November 1, 2020.

C. Public Participation

Due to COVID–19, the GSP Subcommittee will foster public participation via written submissions rather than an in-person hearing on all petitions USTR accepted for the 2020 GSP Annual Product Review. USTR invites public comments on these petitions according to the schedule set out in the Dates section above. The GSP Subcommittee will review comments and replies to comments, if any, and may ask clarifying questions to commenters. The GSP Subcommittee will post the questions it asks on the public docket, other than questions that include properly designated business confidential information (BCI). USTR will send questions that include properly designated BCI to the relevant commenters by email, and will not post

You must clearly designate BCI by marking the submission ''BUSINESS CONFIDENTIAL'' at the top and bottom of the cover page and on each succeeding page, and indicating, via brackets, the specific information that is BCI. Additionally, you must include 'business confidential' in the 'type comment' field and add the designation BCI to the end of the file name for any attachments. For any submission containing BCI, you must separately submit a non-confidential version, *i.e.,* not as part of the same submission with the BCI version, indicating where confidential information has been redacted. USTR will post the non-confidential version in the docket for public inspection.

F. Public Viewing of Review Submissions

Submissions in response to this notice, except for information granted business confidential status under 15 CFR 2003.6, will be available for public viewing pursuant to 15 CFR 2007.6 at *Regulations.gov* upon completion of processing, usually within two weeks of the relevant due date or the date of the submission. USTR will make public versions of all documents relating to these reviews available for public viewing in docket number USTR–2020–0019 at *Regulations.gov* upon completion of processing.
