

operation of a student loan fund to increase the number of qualified nurse faculty.

Under the agreement, HRSA makes awards to the school for the NFLP loan fund, which must be maintained in a distinct account. The school of nursing makes loans from the NFLP account to students enrolled full-time or, at the discretion of the Secretary, part-time, in a master's or doctoral nursing education program that will prepare them to become qualified nursing faculty. Following graduation from the NFLP lending school, loan recipients may receive up to 85 percent NFLP loan cancellation over a four-year period in exchange for service as full-time faculty at a school of nursing. The NFLP lending school collects any portion of the loan that is not cancelled and any loans that go into repayment due to default, and deposits these monies into the NFLP loan fund to make additional NFLP loans.

The NFLP—Program Specific Data Form is a required electronic attachment within the NFLP application materials. The data provided in the form is essential for the formula-based criteria used to determine the award amount to the applicant schools. The form will collect application related data from applicants such as the amount requested, number of students to be funded, tuition information, and projected unused loan fund balance. Approval of the NFLP—Program Specific Data Form will allow HRSA to

continue to efficiently capture data to generate the formula-based awards for the NFLP program. This data collection assists HRSA in streamlining the application submission process, enabling an efficient award determination process, and facilitating reporting on the use of funds and analysis of program outcomes.

HRSA is also seeking public comment on the NFLP—APR Financial Data Form. The NFLP—APR Financial Data Form is an online form that exists in the HRSA Electronic Handbooks (EHBs) Performance Report module. The NFLP—APR Financial Data Form will collect outcome and financial data to capture the NFLP loan fund account activity related to financial receivables, disbursements, and borrower account data related to employment status, loan cancellation, loan repayment and collections. Participating schools will provide HHS with current and cumulative information on: (1) NFLP loan funds received, (2) number and amount of NFLP loans made, (3) number and amount of loans cancelled, (4) number and amount of loans in repayment, (5) loan default rate percent, (6) number of NFLP graduates employed as nurse faculty, and (7) other related loan fund costs and activities.

The school of nursing must keep records of all NFLP loan fund transactions. The NFLP—APR Financial Data Form is used to monitor grantee performance by collecting information related to the NFLP loan fund

operations and financial activities for a specified reporting period (July 1 through June 30 of the academic year). Participating schools are required to complete and submit the NFLP—APR Financial Data Form annually.

The data provided in the form is essential for HRSA to effectively monitor the school's use of NFLP funds in accordance with the statute and program guidelines. Approval of the NFLP—APR Financial Data Form extension will allow HRSA to continue to monitor program performance and program outcome.

Likely Respondents: Participating NFLP schools and applicants to the NFLP program.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of respondents per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Nurse Faculty Loan Program—Program Specific Data Form	90	1	90	8	720
Nurse Faculty Loan Program—Annual Performance Report Financial Data Form	260	1	260	6	1,560
