

section, CMRS providers shall provide with wireless 911 calls that have dispatchable location or z-axis (vertical) information the C/U data required under paragraph (j)(1) of this section. Where available to the CMRS provider, floor level information must be provided with associated C/U data in addition to z-axis location information.

Section 9.10(k) requires that CMRS providers must record information on all live 911 calls, including, but not limited to, the positioning source method used to provide a location fix associated with the call, as well as confidence and uncertainty data. This information must be made available to PSAPs upon request, as a measure to promote transparency and accountability for this set of rules.

Federal Communications Commission.

Cecilia Sigmund,

Federal Register Liaison Officer.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0760; FRS 16728]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before July 13, 2020. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele at (202) 418-2991.

OMB Control Number: 3060-0760.

Title: 272 Sunset Order, WC Docket No. 06-120; Access Charge Reform, CC Docket No. 96-262, First Report and Order; Second Order on Reconsideration and Memorandum Opinion and Order; and Fifth Report and Order; Business Data Services Report and Order, WC Docket No. 16-143 *et al.*

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 13 respondents; 66 responses.

Estimated Time per Response: 3-80 hours.

Frequency of Response: One-time reporting requirement; on-occasion reporting requirement; third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 1, 4(i)-(j), 201-205, and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154(i)-(j), 201-205, and 303(r).

Total Annual Burden: 1,256 hours.

Total Annual Cost: \$63,360.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The information requested is not of a confidential nature. However, respondents may request materials or information submitted to the Commission be withheld from public inspection under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: On April 28, 2017, the Commission released the *Business*

Data Services Order, WC Docket No. 16-143 *et al.*, FCC 17-43, reforming the business data services/special access regulations for incumbent and competitive LECs. The Commission's reforms included replacing the application-based pricing flexibility rules with a new framework under which: (a) Packet-based services, time division multiplexing (TDM) services with bandwidth greater than 45 mbps, and TDM transport services are not subject to ex ante pricing regulation; (b) a new standard is applied to determine the extent to which the Commission regulates price cap LECs' TDM end user channel terminations with bandwidth less than 45 mbps and certain other low bandwidth business data services. Under this standard, a price cap LEC is not subject to ex ante pricing regulation in the provision of these services in counties deemed competitive under the Commission's competitive market test or for which the price cap LEC previously obtained Phase II pricing flexibility; (c) the price cap LEC is subject to ex ante pricing regulation in other counties where it is the incumbent LEC, but in these counties the price cap LEC has downward pricing flexibility (*i.e.*, the equivalent of Phase I pricing flexibility under the prior rules); and (d) the Commission will update the competitive market test results every three years using data already collected in FCC Form 477.

Among other rule changes, the *Business Data Services Report and Order* repealed section 1.774, which set forth requirements for pricing flexibility applications, and added section 1.776, which limits the circumstances under which price cap LECs must file their business data services contracts as contract-based tariffs. The Commission also amended section 69.701 of its rules to specify that its pricing flexibility rules no longer apply to business data services.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[WT Docket No. 02-55; DA 20-321; FRS 16716]

Improving Public Safety Communications in the 800 MHz Band

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Federal Communications Commission (Commission) takes steps to accelerate the successful conclusion of the Commission's 800 MHz band reconfiguration program, or rebanding. Specifically, this Order declares a list of licensees that have completed physical rebanding but, because they (a) have failed timely to complete the closing process dictated by the Commission's 800 MHz Orders or (b) timely filed notification that they have a remaining dispute with Sprint, are deemed to have completed rebanding and have no further rights under the Commission's 800 MHz orders, including recourse to the dispute resolution or other services of the 800 MHz Transition Administrator.

DATES: Effective June 12, 2020.

FOR FURTHER INFORMATION CONTACT: Roberto Mussenden, Policy and Licensing Division, Public Safety and Homeland Security Bureau, (202) 418-1428.

SUPPLEMENTARY INFORMATION: This is a summary of the Public Safety and Homeland Security Bureau's Order in WT Docket No. 02-55, DA 20-321, released on March 23, 2020. The document is available for download at http://fjallfoss.fcc.gov/edocs_public/.

The complete text of this document is also available for inspection and copying during normal business hours in the FCC Reference Information Center, Portals II, 445 12th Street SW, Room CY-A257, Washington, DC 20554. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to FCC504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (TTY).

1. In the Order, the Bureau, after consultation with Sprint and the Transition Administrator, has determined each of the licensees listed below has: (a) Completed physical reconfiguration, (b) has not submitted a timely, accurate completion certification, and (c) has not timely advised that it has an outstanding dispute with Sprint. The Bureau is satisfied, therefore, that the listed licensees have been successfully rebanded and that Sprint has satisfied its rebanding obligations to them.

2. Pursuant to the authority delegated to it, the Bureau deems the licensees listed below to have completed rebanding. Consequently, the Bureau terminates each listed licensee's rights under the Commission's 800 MHz rebanding orders, including the right to

the TA's dispute resolution process and further reimbursement of costs.

Procedural Matters

A. Paperwork Reduction Act of 1995 Analysis

3. The Order document does not contain new or modified information collection requirements subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104-13.

B. Report to Congress

4. The Commission will not send a copy of this Order to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A), because the Commission did not adopt any rules of particular applicability.

Ordering Clause

5. Accordingly, *it is ordered* that, pursuant to sections 4(i), 4(j), 301, 303, and 403 of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 154(j), 301, 303, and 403, the Order *is hereby adopted*.

6. This action is taken under delegated authority pursuant to Sections 0.191 and 0.392 of the Commission's rules, 47 CFR 0.191 and 0.392.

FEDERAL COMMUNICATIONS COMMISSION

[FRS 16731]

Privacy Act of 1974; Matching Program

AGENCY: Federal Communications Commission.

ACTION: Notice of establishment of a matching program.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (“Privacy Act”), this document announces the establishment of a computer matching program the Federal Communications Commission (“FCC” or “Commission” or “Agency”) and the Universal Service Administrative Company (USAC) will conduct with the State of Nevada, Department of Health and Human Services, Division of Welfare and Supportive Services (DWSS). The purpose of this matching program is to verify the eligibility of

applicants to and subscribers of the Universal Service Fund (USF) Lifeline program, which is administered by USAC under the direction of the FCC. More information about this program is provided in the **SUPPLEMENTARY INFORMATION** section below.

DATES: Written comments are due on or before June 12, 2020. This computer matching program will commence on June 12, 2020, unless written comments are received that require a contrary determination, and will conclude on December 13, 2021.

ADDRESSES: Send comments to Mr. Leslie F. Smith, Privacy Manager,
