

and CleanSpace is not pursuing MSHA approval.

The petitioner proposes the following alternative method:

(1) The operator is petitioning to use the *Versaflo™ TR-800 Intrinsically Safe PAPR* and the *CleanSpace EX Power Unit* within 150 feet of pillar workings and longwall faces.

(2) The equipment will be examined at least weekly by a qualified person according to 30 CFR 75.512-2 and examination results will be recorded weekly and may be expunged after one year.

(3) The operator will comply with 30 CFR 75.323.

(4) A qualified person under 30 CFR 75.151 will monitor for methane as is required in the mine.

(5) Qualified miners will receive training regarding the information in the Decision and Order before using equipment in the relevant part of the mine. A record of the training will be kept and available upon request.

(6) Within 60 days of the Decision and Order becoming finalized, the operator will submit proposed revisions to 30 CFR 75.370, mine ventilation, to be approved under the 30 CFR part 48 training plan by the Coal Mine Safety and Health District Manager. The revisions will specify initial and refresher training and when the revisions are conducted, the MSHA Certificate of Training (Form 5000-23) will be completed. Comments will be made on the certificate to note non-permissible testing equipment training.

(7) The operator is responsible for all people, including contractors, using the above equipment. The petitioner asserts that the alternative method will guarantee no less than the same measure of protection afforded the miners under the mandatory standard.

### Distribution of 2018 Satellite Royalty Funds

**FOR FURTHER INFORMATION CONTACT:** Anita Blaine, CRB Program Specialist, by telephone at (202) 707-7658 or email at [crb@loc.gov](mailto:crb@loc.gov).

**SUPPLEMENTARY INFORMATION:** Each year satellite carriers must submit royalty payments to the Register of Copyrights as required by the statutory license set forth in section 119 of the Copyright Act for the retransmission to satellite subscribers of over-the-air television broadcast signals. See 17 U.S.C. 119(b). The Copyright Royalty Judges (Judges) oversee distribution of royalties to copyright owners whose works were included in a qualifying transmission and who timely filed a claim for royalties.

Allocation of the royalties collected occurs in one of two ways. In the first instance, the Judges may authorize distribution in accordance with a negotiated settlement among all claiming parties. 17 U.S.C. 119(b)(5)(A), 801(b)(3)(A). If all claimants do not reach an agreement with respect to the royalties, the Judges must conduct a proceeding to determine the distribution of any royalties that remain in controversy. 17 U.S.C. 119(b)(5)(B), 801(b)(3)(B). Alternatively, the Judges may, on motion of claimants and on notice to all interested parties, authorize a partial distribution of royalties, reserving on deposit sufficient funds to resolve identified disputes. 17 U.S.C. 119(b)(5)(C), 801(b)(3)(C).

On May 11, 2020, representatives of all the Allocation Phase (formerly "Phase I") claimant categories<sup>1</sup> filed

<sup>1</sup> The representatives are Program Suppliers, Joint Sports Claimants, Broadcaster Claimants Group, Music Claimants (represented by American Society of Composers, Authors and Publishers, Broadcast

with the Judges a motion requesting a partial distribution amounting to 40% of the 2018 satellite royalty funds on deposit pursuant to section 801(b)(3)(C) of the Copyright Act. That statutory section requires that, before ruling on the motion, the Judges publish a notice in the **Federal Register** seeking responses to the motion for partial distribution to ascertain whether any claimant entitled to receive the subject royalties has a reasonable objection to the requested distribution. 17 U.S.C. 801(b)(3)(C).

Accordingly, this notice seeks comments from interested claimants on whether any reasonable objection exists that would preclude the distribution of 40% of the 2018 satellite royalty funds to the Allocation Phase Claimants. Parties objecting to the proposed partial distribution must advise the Judges of the existence and extent of all their objections by the end of the comment period. The Judges will not consider any objections with respect to the partial distribution motion that come to their attention after the close of the comment period.

Members of the public may read the motion by accessing the Copyright Royalty Board's electronic filing and case management system at <https://app.crb.gov/> and searching for Docket No. 19-CRB-0011-SD (2018).

Dated: May 13, 2020.
