

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Respondents/affected entities: States and local government employers in the 24 states, DC, and the U.S. territories of American Samoa, Guam, and the Northern Mariana Islands that have employees engaged in asbestos-related construction, custodial, and brake and clutch repair activities without OSHA-approved state plans.

Estimated total number of potential respondents: 25,312.

Frequency of response: On occasion.

Estimated total annual burden: 372,969 hours. Burden is defined at 5 CFR 1320.3(b).

Estimated total annual burden costs: \$16,894,178, includes no annualized capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There was no change from the burden hours from the last approval. Estimated annual burden hour costs showed an increase of \$1,00,000 due to increasing wage rates.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: May 8, 2020.

Alexandra Dapolito Dunn,

Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA R9-2019-13; FRL-10008-81-Region 9]

Notice of Proposed Administrative Settlement Agreement and Order on Consent With De Minimis Parties at the Omega Chemical Corporation Superfund Site in Los Angeles County, California

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement; request for public comment.

SUMMARY: In accordance with the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended ("CERCLA"), notice is hereby given that the Environmental Protection Agency ("EPA"), has entered into a proposed settlement, embodied in an Administrative Settlement Agreement and Order on Consent ("Settlement Agreement"), with one hundred and forty-five parties (the "Settling De Minimis Parties") that sent between one and three tons of waste to a solvent and refrigerant recycling facility that operated between 1976 and 1991 in Whittier, California, called the Omega Chemical Corporation. Under the Settlement Agreement, the Settling De Minimis Parties agree to pay EPA \$6,521,025.19 to resolve their liability for both past and future costs associated with the cleanup of the Omega Chemical Corporation Superfund Site ("Omega Site") in Los Angeles County California.

DATES: Comments must be received on or before June 19, 2020.

ADDRESSES: Please contact Keith Olinger at olinger.keith@epa.gov or (415) 972-3125 to request a copy of the Settlement Agreement. Comments on the Settlement Agreement should be submitted in writing to Mr. Olinger at olinger.keith@epa.gov. Comments should reference the Omega Site and the EPA Docket Number for the Settlement Agreement, EPA R9-2019-13. If for any reason you are not able to submit a comment by email, please contact Mr. Olinger at (415) 972-3125 to make alternative arrangements for submitting your comment. EPA will post its response to comments at <https://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0903349>, EPA's web page for the Omega Site.

FOR FURTHER INFORMATION CONTACT: Keith Olinger, Enforcement Officer (SFD-7-5), Superfund Division, U.S. EPA Region IX, 75 Hawthorne Street, San Francisco, CA 94105; email:

olinger.keith@epa.gov; Phone (415) 972-3125.

SUPPLEMENTARY INFORMATION: Notice of this proposed Settlement Agreement is made in accordance with the Section 122(i) of CERCLA, 42 U.S.C. 9622(i). The Settlement Agreement is a de minimis settlement agreement pursuant to Section 122(g) of CERCLA, 42 U.S.C. 9622(g), whereby the Settling De Minimis Parties, which are identified below, collectively agree to pay EPA \$6,521,025.19. The Settlement Agreement resolves the Settling De Minimis Parties' liability for both past and future response costs at the Omega Site and provides the Settling De Minimis Parties with a site-wide covenant not to sue pursuant to Section 122(g)(2) of CERCLA, 42 U.S.C. 9622(g)(2). Groundwater contamination extends approximately four-and-one-half miles south, southwest from the former Omega Chemical Corporation facility, where the Settling De Minimis Parties sent hazardous waste. Much of the plume of groundwater contamination at the Omega Site lies beneath a large commercial/industrial area where chemicals released at other facilities have commingled with the contamination originating at the former Omega Chemical facility. Pursuant to a Consent Decree entered on March 31, 2017, Docket No. 2:16-cv-02696 (Central District, California), between the United States and other potentially responsible parties ("PRPs") at the Omega Site, EPA is obligated to share seventy percent of the money collected under this Settlement Agreement with certain PRPs that have incurred significant costs cleaning up contamination at the Omega Site and will continue to incur cleanup costs in the future. As of December 31, 2019, EPA had incurred more than \$43 million in costs related to the Omega Site. After accounting for the transfer of a portion of the proceeds from this Settlement Agreement to certain PRPs at the Omega Site pursuant to the terms of the 2017 Consent Decree, EPA will have recovered more than \$28 million of its costs.

EPA will consider all comments received on the Settlement Agreement in accordance with the **DATES** and **ADDRESSES** sections of this Notice and may modify or withdraw its consent to the Settlement Agreement if comments received disclose facts or considerations that indicate that the settlement is inappropriate, improper, or inadequate.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0850 and OMB 3060-0896; FRS 16753]

Information Collections Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it can further reduce the information collection burden for small business concerns with fewer than 25 employees.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before June 19, 2020.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418-2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the
