

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive (AD):

2020–11–02 Airbus Helicopters:

Amendment 39–21127; Docket No. FAA–2020–0026; Product Identifier 2018–SW–052–AD.

(a) Applicability

This AD applies to Airbus Helicopters Model AS332C, AS332C1, AS332L, AS332L1, AS332L2, and EC225LP helicopters, certificated in any category, with a hoist arm and with right-hand (RH) side lateral sliding plug door (sliding door) reinforced bracket modification (MOD) 0726841 installed.

Note 1 to paragraph (a) of this AD: Airbus Helicopters reinforced bracket MOD 0726841 may also be identified as sliding door median fitting reinforcement MOD 07.26841.

(b) Unsafe Condition

This AD defines the unsafe condition as interference between the hoist arm and the reinforced bracket resulting in failure of the sliding door to jettison. This condition could prevent helicopter occupants from evacuating the helicopter during an emergency.

(c) Effective Date

This AD becomes effective June 25, 2020.

(d) Compliance

You are responsible for performing each action required by this AD within the specified compliance time unless it has already been accomplished prior to that time.

(e) Required Actions

(1) Within 10 hours time-in-service:

(i) Revise the Rotorcraft Flight Manual for your helicopter by inserting the Emergency Procedures page and the Normal Procedures page applicable to your helicopter model and configuration from Appendix 4.C. Flight Manual of Airbus Helicopters Emergency Alert Service Bulletin (EASB) No. 01.00.89, Revision 1, dated June 28, 2018 (EASB 01.00.89), or Airbus Helicopters EASB No. 04A014, Revision 1, dated June 28, 2018 (EASB 04A014). Inserting a different document with information identical to that in Appendix 4.C. Flight Manual of EASB 01.00.89 or EASB 04A014 is acceptable for compliance with the requirements of this paragraph.

(ii) Cover existing placards for each RH sliding door in accordance with Appendix 4.B. Masking Tapes and Labels (RH lateral sliding door) of EASB 01.00.89 or EASB 04A014.

(iii) Install new placards in accordance with Appendix 4.A. Labels and Appendix 4.B. Masking Tapes and Labels (RH lateral

sliding door) of EASB 01.00.89 or EASB 04A014.

(2) After complying with paragraph (e)(1) of this AD, each time the hoist arm is removed from the helicopter, you may remove the markings and placards that are required by paragraphs (e)(1)(ii) and (iii) of this AD. Before the hoist arm is re-installed, you must re-install the markings and placards that are required by paragraphs (e)(1)(ii) and (iii) of this AD.

(f) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Safety Management Section, Rotorcraft Standards Branch, FAA, may approve AMOCs for this AD. Send your proposal to: Kristin Bradley, Aviation Safety Engineer, Safety Management Section, Rotorcraft Standards Branch, FAA, 10101 Hillwood Pkwy., Fort Worth, TX 76177; telephone 817–222–5110; email 9-ASW-FTW-AMOC-Requests@faa.gov.

(2) For operations conducted under a 14 CFR part 119 operating certificate or under 14 CFR part 91, subpart K, the FAA suggests that you notify your principal inspector, or lacking a principal inspector, the manager of the local flight standards district office or certificate holding district office, before operating any aircraft complying with this AD through an AMOC.

(g) Additional Information

(1) Airbus Helicopters Service Bulletin (SB) No. AS332–52.00.43 and SB No. EC225–52–008, both Revision 0 and dated June 23, 2015, which are not incorporated by reference, contain additional information about the subject of this AD. For service information identified in this AD, contact Airbus Helicopters, 2701 N Forum Drive, Grand Prairie, TX 75052; telephone 972–641–0000 or 800–232–0323; fax 972–641–3775; or at <https://www.airbus.com/helicopters/services/technical-support.html>. You may view a copy of the service information at the FAA, Office of the Regional Counsel, Southwest Region, 10101 Hillwood Pkwy., Room 6N–321, Fort Worth, TX 76177.

(2) The subject of this AD is addressed in European Aviation Safety Agency (now European Union Aviation Safety Agency) (EASA) No. 2018–0140–E, dated June 29, 2018. You may view the EASA AD on the internet at <https://www.regulations.gov> in Docket No. FAA–2020–0026.

(h) Subject

Joint Aircraft Service Component (JASC) Code: 5200, Doors.

(i) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless the AD specifies otherwise.

BILLING CODE 4910–13–P

SOCIAL SECURITY ADMINISTRATION

20 CFR Part 404

[Docket No. SSA–2020–0016]

RIN 0960–A148

Extension of Expiration Dates for Three Body System Listings

AGENCY: Social Security Administration.

ACTION: Final rule.

SUMMARY: We are extending the expiration dates of the following body systems in the Listing of Impairments (listings) in our regulations: Low Birth Weight and Failure to Thrive, Endocrine Disorders, and Cancer (Malignant Neoplastic Diseases). We are making no other revisions to these body systems in this final rule. This extension ensures that we will continue to have the criteria we need to evaluate impairments in the affected body systems at step three of the sequential evaluation processes for initial claims and continuing disability reviews.

DATES: This final rule is effective on May 21, 2020.

FOR FURTHER INFORMATION CONTACT:

Cheryl A. Williams, Director, Office of Medical Policy, Social Security Administration, 6401 Security Boulevard, Baltimore, MD 21235–6401, (410) 965–1020.

For information on eligibility or filing for benefits, call our national toll-free number, 1-800-772-1213, or TTY 1-800-325-0778, or visit our internet site, Social Security Online, at <http://www.socialsecurity.gov>.

SUPPLEMENTARY INFORMATION:

Background

We use the listings in appendix 1 to subpart P of part 404 of 20 CFR at the third step of the sequential evaluation

process to evaluate claims filed by adults and children for benefits based on disability under the title II and title XVI programs.¹ 20 CFR 404.1520(d), 416.920(d), 416.924(d). The listings are in two parts: Part A has listings criteria for adults and Part B has listings criteria for children. If you are age 18 or over, we apply the listings criteria in Part A when we assess your impairment or combination of impairments. If you are under age 18, we first use the criteria in Part B of the listings when we assess

your impairment(s). If the criteria in Part B do not apply, we may use the criteria in Part A when those criteria consider the effects of your impairment(s). 20 CFR 404.1525(b), 416.925(b).

Explanation of Changes

In this final rule, we are extending the dates on which the listings for the following three body systems will no longer be effective as set out in the following chart:

Listing	Current expiration date	Extended expiration date
Low Birth Weight and Failure to Thrive (100.00)	June 12, 2020	August 12, 2022.
Endocrine Disorders (9.00/109.00)	June 26, 2020	August 12, 2022.
Cancer (Malignant Neoplastic Diseases) (13.00/113.00).	July 20, 2020	August 12, 2022.

We continue to revise and update the listings on a regular basis, including those body systems not affected by this final rule.² We intend to update the three listings affected by this final rule as necessary based on medical advances as quickly as possible, but may not be able to publish final rules revising these listings by the current expiration dates. Therefore, we are extending the expiration dates listed above.

Regulatory Procedures

Justification for Final Rule

We follow the Administrative Procedure Act (APA) rulemaking procedures specified in 5 U.S.C. 553 in promulgating regulations. Section 702(a)(5) of the Social Security Act, 42 U.S.C. 902(a)(5). Generally, the APA requires that an agency provide prior notice and opportunity for public comment before issuing a final regulation. The APA provides exceptions to the notice-and-comment requirements when an agency finds there is good cause for dispensing with such procedures because they are impracticable, unnecessary, or contrary to the public interest.

We determined that good cause exists for dispensing with the notice and public comment procedures. 5 U.S.C. 553(b)(B). This final rule only extends the date on which the three body system listings will no longer be effective. It makes no substantive changes to our rules. Our current regulations³ provide that we may extend, revise, or promulgate the body system listings again. Therefore, we determined that opportunity for prior comment is

unnecessary, and we are issuing this regulation as a final rule.

In addition, for the reasons cited above, we find good cause for dispensing with the 30-day delay in the effective date of this final rule. 5 U.S.C. 553(d)(3). We are not making any substantive changes to the listings in these body systems. Without an extension of the expiration dates for these listings, we will not have the criteria we need to assess medical impairments in the three body systems at step three of the sequential evaluation processes. We therefore find it is in the public interest to make this final rule effective on the publication date.

Executive Order 12866, as Supplemented by Executive Order 13563

We consulted with the Office of Management and Budget (OMB) and determined that this final rule does not meet the requirements for a significant regulatory action under Executive Order 12866, as supplemented by Executive Order 13563. Therefore, OMB did not review it. We also determined that this final rule meets the plain language requirement of Executive Order 12866.

Regulatory Flexibility Act

We certify that this final rule does not have a significant economic impact on a substantial number of small entities because it affects only individuals. Therefore, a regulatory flexibility analysis is not required under the Regulatory Flexibility Act, as amended.

Executive Order 13771

This regulation does not impose novel costs on the public and as such is considered an exempt regulatory action under E.O. 13771.

Paperwork Reduction Act

This final rule only extends the date for the medical listings cited above, but does not create any new or affect any existing collections, or otherwise change any content of the currently published rules. Accordingly, it does not impose any burdens under the Paperwork Reduction Act, and does not require further OMB approval.

Designation of Areas for Air Quality Planning Purposes; Indiana; Redesignation of the Indianapolis Sulfur Dioxide Nonattainment Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: In accordance with the Clean Air Act (CAA), the Environmental

Protection Agency (EPA) is redesignating the Indianapolis, Indiana area from nonattainment to attainment for the 2010 sulfur dioxide (SO₂) National Ambient Air Quality Standard (NAAQS). The area is comprised of Perry, Wayne, and Center Townships in Marion County, Indiana. EPA is also approving, as a revision to the Indiana State Implementation Plan (SIP), Indiana's maintenance plan for this area. EPA proposed to approve Indiana's redesignation request and maintenance plan on April 30, 2019 and received two public comment submissions.

DATES: This final rule is effective on May 21, 2020.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R05–OAR–2017–0462. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either through www.regulations.gov or at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays and facility closures due to COVID 19. We recommend that you telephone Mary Portanova at (312) 353–5954 before visiting the Region 5 office.

SUPPLEMENTARY INFORMATION: Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA. This supplementary information section is arranged as follows:

- I. What is being addressed by this document?
- II. What comments did we receive on the proposed action and what are EPA's responses to those comments?
- III. What action is EPA taking?
- IV. Statutory and Executive Order Reviews

I. What is being addressed by this document?

On April 30, 2019 (84 FR 18195), EPA proposed to redesignate the

Indianapolis SO₂ nonattainment area to attainment of the 2010 SO₂ NAAQS. The Indianapolis SO₂ nonattainment area is comprised of Perry, Wayne, and Center Townships in Marion County, Indiana. An explanation of the CAA requirements for redesignation, a detailed analysis of Indiana's July 10, 2017 redesignation request, and a discussion of EPA's reasons for proposing to redesignate were provided in the notice of proposed rulemaking (NPRM) and will not be restated here.

II. What comments did we receive on the proposed action and what are EPA's responses to those comments?

The public comment period for EPA's proposed redesignation closed on May 30, 2019. EPA received two public comment submissions, which are addressed below.

Comment: The Indiana Department of Environmental Management (IDEM) commented that it supported the proposed redesignation. IDEM also commented that EPA's proposed redesignation omitted Center Township from its description of the Indianapolis SO₂ nonattainment area and requested that this error be corrected.

EPA Response: EPA affirms its intent to approve the redesignation of the entire Indianapolis SO₂ nonattainment area, which includes Center Township, Perry Township, and Wayne Township in Marion County. Two facilities addressed in EPA's April 30, 2019 proposal are located in Center Township: Belmont Advanced Wastewater Treatment Plant (formerly Indianapolis Sludge Incinerator), and the Citizen's Thermal-Perry K steam generation plant. The April 30, 2019 proposal discussed the permanent and enforceable SO₂ emission reductions which have occurred at these two facilities. The enforceable requirements for these facilities, adopted into the SIP at 326 IAC 7–4–2.1, include new controls at the Belmont Advanced Wastewater Treatment Plant and an enforceable change from coal to natural gas as fuel for Citizen's Thermal-Perry K. EPA finds that the redesignation requirements for Center Township have been met, and therefore, EPA intends to include Center Township in the final redesignation action for the Indianapolis SO₂ nonattainment area.

Comment: A second commenter stated that Indiana is subject to a SIP call issued under CAA section 110(k)(5), and that EPA may not redesignate the Indianapolis area because “the state must have an approved SIP under section 110(k).” The commenter contends that the Indiana SIP provision covered by the SIP call is generally
