

whether an individual poses a low risk to transportation or national security justifying eligibility for TSA PreCheck.

TSA makes the final determination on eligibility for the TSA PreCheck Application Program and notifies the applicant of the decision. On average, applicants receive notification from TSA within two to three weeks of the submission of their completed applications. Approved applicants are issued a Known Traveler Number (KTN) that is used for multiple purposes. Airline passengers who submit their KTN when making airline reservations may be eligible for expedited screening on flights originating from U.S. airports.<sup>1</sup> TSA uses the traveler's KTN and other information during passenger pre-screening to verify that the individual traveling matches the information on TSA's list of known travelers and to confirm TSA PreCheck expedited screening eligibility. TSA may also use the information collected, or verify the KTN and KTN-holder information, to determine a KTN holder's eligibility for other programs, such as potential eligibility for a reduced fee for another vetting program or participation in other DHS Trusted Traveler programs. TSA also will use the information submitted for identity verification at airport security checkpoints.

Eligibility for the TSA PreCheck Application Program is within the sole discretion of TSA, which provides written notification to applicants denied eligibility, including reasons for the denial. Applicants who are initially deemed ineligible or are later identified to be ineligible due to the identification of new disqualifying information through recurrent vetting have an opportunity to correct cases of misidentification or inaccurate criminal or citizenship/immigration records. For example, if advised during the application eligibility review process that the criminal record discloses a disqualifying criminal offense, the applicant has 60 days from the date of the denial letter to submit written notification of an intent to correct any information he or she believes to be inaccurate. The applicant must also provide a certified, revised record, or the appropriate court must forward a certified true copy of the information. TSA will review any information

<sup>1</sup> Passengers who are eligible for expedited screening typically will receive more limited physical screening, e.g., will be able to leave on their shoes, light outerwear, and belt, to keep their laptop in its case, and to keep their 3-1-1 compliant liquids/gels bag in a carry-on. For airports with dedicated TSA PreCheck lanes, see <https://www.tsa.gov/precheck/map>.

submitted and make a final decision. If TSA does not receive a notification or a corrected record, the agency may make a final determination to deny eligibility. Individuals ineligible for the TSA PreCheck Application Program are screened at airport security checkpoints pursuant to TSA's screening protocols.

TSA is seeking a revision to the currently approved request to reflect additional enrollment and enrollment provider options in accordance with the TSA Modernization Act, Division K of the FAA Reauthorization Act of 2018, Public Law 115-254 (132 Stat. 3185; Oct. 5, 2018) at section 1937, codified at 49 U.S.C. 44919. TSA expects enrollment providers to offer additional TSA PreCheck Application Program enrollment opportunities at airports to reduce the burden on frequent travelers. As TSA continues to improve identity verification at enrollment, enrollment providers may use public records, commercial sources, or other databases containing identity information to assist in identity verification. This revision also addresses TSA's plans to utilize DHS components' services, provided via U.S. Customs and Border Protection and the Office of Biometric Identity Management, to support TSA's biometric-based identification at the checkpoint and citizenship verification through passport information provided by the Department of State. Lastly, TSA intends to collect information from TSA PreCheck members after enrollment through additional surveys to determine satisfaction and customer engagement with TSA PreCheck.

*Average Annual Number of Respondents:* An estimated 6,533,518 average respondents over a three-year period. This estimate includes initial enrollments, renewals, and current members who would respond to voluntary surveys, as well as non-renewing individuals who respond to voluntary surveys.

*Average Annual Number of Responses:* An estimated 8,080,040 average responses over a three-year period. There could be multiple responses per respondent depending on the requested information.

*Estimated Annual Burden Hours:* An estimated 3,397,652 average hours based on a three-year projection.<sup>2</sup> This estimate includes the time for pre-enrollment, all aspects of enrollment (including voluntary surveys), and correction of records if needed.

*Estimated Cost Burden:* A \$252,601,799 average cost burden based

<sup>2</sup> TSA updated the annual estimates for the respondents and burden hours since the submission of the 60-day notice, which indicated respondents of 3,113,122 and burden hours of 4,211,661.

on a three-year projection. With the addition of multiple enrollment providers, TSA plans to allow each provider to set its own enrollment fee. As such, TSA expects that the public-facing TSA PreCheck fee will vary across providers. In addition, TSA expects that the renewal fee will also decrease. For the purposes of estimating a cost burden, TSA has estimated that the fee will be approximately \$85 for initial enrollments and drop to approximately \$75 for renewals. These fees cover TSA's program costs, the FBI fee for the criminal history records check when required, and enrollment providers' costs.

**Proposed Site Plan Under a Candidate Conservation Agreement With Assurances for the Fisher in Oregon; Enhancement of Survival Permit Application**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), received an application for an enhancement of survival permit (permit) pursuant to the Endangered Species Act of 1973, as amended (ESA). If granted, the requested permit would authorize the applicant's take of the fisher, incidental to otherwise lawful activities should the species become federally listed under the ESA. The application is associated with a template candidate conservation

agreement with assurances (CCAA) developed by the Service for the conservation of the fisher. The conservation measures in the CCAA are intended to provide a net conservation benefit to the fisher. We have also prepared a draft environmental action statement that the permit decision may be eligible for categorical exclusion under the National Environmental Policy Act. We provide this notice to open a public comment period and invite comments from all interested parties regarding the documents.

**DATES:** Submit written comments no later than June 22, 2020.

**ADDRESSES:** To request further information or submit written comments, please use one of the following methods:

- *Internet:* Documents may be viewed on the internet at <http://www.fws.gov/oregonfwo/>.

- *Email:* [ChinookCCAAcomments@fws.gov](mailto:ChinookCCAAcomments@fws.gov). Include "Chinook Fisher CCAA" in the subject line of the message.

- *U.S. Mail:* State Supervisor, Oregon Fish and Wildlife Office, U.S. Fish and Wildlife Service; 2600 SE 98th Avenue, Suite 100; Portland, OR 97266.

- *Fax:* 503-231-6195, Attn: Fisher CCAA.

**SUPPLEMENTARY INFORMATION:** We, the U.S. Fish and Wildlife Service (Service), received an application for an enhancement of survival permit (permit) from Chinook Forest Partners, LLC (applicant) in Oregon pursuant to section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). If granted, the requested permit would authorize take of the fisher (*Pekania pennanti*) incidental to the applicant's routine forest-related management activities should the species become federally listed under the ESA. The application includes a proposed individual site plan and is associated with a template candidate conservation agreement with assurances (CCAA) developed by the Service for the conservation of the fisher. We have prepared a draft environmental action statement (EAS) for our preliminary determination that the permit decision may be eligible for categorical exclusion under the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*). We provide this notice to open a public comment period
