It is hereby ordered, pursuant to its authority under Section 36 of the Exchange Act, based on the representations and facts presented in the Letter, that any broker-dealer that is designated as a TALF Agent and that participates in TALF 2020 by facilitating extensions of non-recourse credit, on behalf of the TALF SPV, to a purchaser of new issues of securities is exempt from the prohibition on arranging certain credit contained in Section 11(d)(1) with respect to ABS securities that are or that may be designated as designated as "eligible collateral."

This exemption from Section 11(d)(1) of the Exchange Act applies solely to such TALF Agent's facilitation of extensions and maintenance of credit by the New York Fed pursuant to the TALF 2020 with respect to ABS that are or that may be designated as "eligible collateral," and not to any other extension or maintenance of credit, or any other arranging for the extension or maintenance of credit, on new issues of securities in the distribution of which such TALF Agent participated as a member of a selling syndicate or group within the meaning of Section 11(d)(1) of the Exchange Act.

This order should not be considered a view with respect to any other question that participation in TALF 2020 program may raise, including, but not limited to the applicability of other federal or state laws to such participation.

For the Commission, by the Division of Trading and Markets pursuant to delegated authority.⁴

J. Matthew DeLesDernier,

Assistant Secretary.

rearess for alleged violations related to unreasonable rates, unreasonable practices, service issues, and other statutory claims. *Number of Respondents:* Four.

Estimated Time per Response: 467 hours.

Needs and Uses: Under the Board's regulations, persons may file complaints

before the Board pursuant to 49 CFR part 1111 seeking redress for alleged violations of provisions of the Interstate Commerce Act, 49 U.S.C. 10101 et seq. The required content of a complaint is outlined at 49 CFR 1111.1(a). Generally, the most significant complaints filed at the Board allege that railroads are charging unreasonable rates or that they are engaging in unreasonable practices. The collection by the Board of these complaints, and the agency's action in conducting proceedings and ruling on the complaints, enables the Board to meet its statutory duty to regulate the rail industry.

In two notices of proposed rulemakings, Final Offer Rate Review, EP 755 et al. (84 FR 48872 (Sept. 17, 2019)); and Market Dominance Streamlined Approach, EP 756 (84 FR 48882 (Sept. 17, 2019)), the Board is proposing new rules that are intended to simplify and streamline certain complaint proceedings. The Board has submitted to OMB an interim request for modification and extension of the existing collection and has received comments, which it is reviewing. The Board will submit its requests for modification of this collection once the final rules are decided.

Under the PRA, a federal agency that conducts or sponsors a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c). includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Under 44 U.S.C. 3506(c)(2)(A), federal agencies are required to provide, prior to an agency's submitting a collection to OMB for approval, a 60-day notice and comment period through publication in the Federal Register concerning each proposed collection of information, including each proposed extension of an existing collection of information.
