To assist the Agency in accomplishing the goal outlined in the Strategic Plan, the Wage and Investment Division continuously maintains a "customer-first" focus through routinely soliciting information concerning the needs and characteristics of its customers and implementing programs based on the information received. W&I Strategies and Solutions (WISS), is developing the implementation of a Behavioral Laboratory to identify, plan and deliver business improvement processes that support fulfillment of the IRS strategic goals.

The collection of information through the Behavioral Laboratory is necessary to enable the Agency to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with the commitment to improving taxpayer service delivery.
