

Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: May 22, 2020.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10009-74-OMS]

Privacy Act of 1974; System of Records

AGENCY: Office of Mission Support, Environmental Protection Agency (EPA).

ACTION: Notice of a new system of records.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, the Office of Mission Support (OMS) gives notice that it proposes to create a new system of records for the Personnel Security System (PSS) 2.0. OMS is replacing the current PSS (1.0), which is a module of the Office of Administrative Services Information System (OASIS, EPA-41), with a new stand-alone system, PSS 2.0, outside of the OASIS portal. All exemptions and provisions included in the SORN for PSS 1.0 under the OASIS portal will transfer to the new SORN for PSS 2.0.

DATES: Persons wishing to comment on this system of records notice must do so by June 29, 2020. New routine uses for this new system of records will be effective June 29, 2020.

ADDRESSES: Submit your comments, identified by Docket ID No. OMS-2019-0371, by one of the following methods:

Regulations.gov: www.regulations.gov. Follow the online instructions for submitting comments.

Email: oei.docket@epa.gov.

Fax: 202-566-1752.

Mail: OMS Docket, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

Hand Delivery: OMS Docket, EPA/DC, WJC West Building, Room 3334, 1301 Constitution Ave. NW, Washington, DC. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OMS-2019-0371. The EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Controlled Unclassified Information (CUI) or other information for which disclosure is restricted by statute. Do not submit information that you consider to be CUI or otherwise protected through www.regulations.gov. The www.regulations.gov website is an "anonymous access" system for EPA, which means the EPA will not know your identity or contact information unless you provide it in the body of your comment. Each agency determines submission requirements within their own internal processes and standards. EPA has no requirement of personal information. If you send an email comment directly to the EPA without going through www.regulations.gov your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. If you submit an electronic comment, the EPA recommends that you include your name and other contact information in the body of your comment. If the EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, the EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about the EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, e.g., CUI or other information for which disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly

available docket materials are available either electronically in www.regulations.gov or in hard copy at the OMS Docket, EPA/DC, WJC West Building, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OMS Docket is (202) 566-1752.

FOR FURTHER INFORMATION CONTACT: Jon Ross, Office of Mission Support, Environmental Protection Agency, William Jefferson Clinton North Building, Mailcode 3206A, 1200 Pennsylvania Avenue NW, Washington, DC 20460; telephone number, (202) 564-6153; email address, Ross.Jon@epa.gov.

SUPPLEMENTARY INFORMATION: The Office of Mission Support (OMS) plans to replace the current PSS (1.0), which is a module of OASIS (EPA-41), with a new system, PSS 2.0, outside of the OASIS portal. OMS is creating a stand-alone Privacy Act system of records for the Personnel Security System (PSS) 2.0. All exemptions and provisions included in the SORN for PSS 1.0 under the OASIS portal will transfer to the new SORN for PSS 2.0. Details regarding the system of records are contained in this **Federal Register** Notice. The PSS 2.0 assists the Security Management Division (SMD) with tracking the documentation associated with security investigations for Federal and non-Federal personnel working for EPA. This includes reporting requirements that meet the Security Executive Agent Directive (SEAD) 3, which establishes reporting requirements for all "covered individuals" who have access to classified information or who hold a sensitive position. Access to the system is restricted to authorized users and will be maintained in a secure, password protected computer system, in secure areas and buildings with physical access controls and environmental controls. In the performance of their official duties, EPA federal personnel must input and manage Sensitive Personally Identifiable Information (such as SSN) and Personally Identifiable Information (such as home address and email address). The data is required in the system to start the onboarding process and to manage personnel through lifecycle activity at EPA (such as background investigations).

² 4,500 hours = 270,000 minutes.

SYSTEM NAME AND NUMBER:

Personnel Security System (PSS)
2.0—EPA—83.

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

National Computer Center (NCC), 109
TW Alexander Drive, Research Triangle
Park, Durham, NC 27711.

SYSTEM MANAGER (S):

Jon Ross, Security Management
Division, Environmental Protection
Agency, William Jefferson Clinton North
Building, Mailcode 3206A, 1200
Pennsylvania Avenue NW, Washington,
DC 20460; telephone number, (202)
564-6153; email address, *Ross.Jon@
epa.gov*.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

5 U.S.C. 301; Federal Information
Security Modernization Act (Pub. L.
104-106, sec. 5113); Electronic
Government Act (Pub. L. 104-347, sec.
203); the Paperwork Reduction Act of
1995 (44 U.S.C. 3501); and the
Government Paperwork Elimination Act
(Pub. L. 105-277, 44 U.S.C. 3504);
Federal Property and Administrative
Act of 1949, as amended.

PURPOSE OF THE SYSTEM:

The purpose of the Personnel Security
System is to assist the members of the
Security Management Division with
tracking the documentation associated
with background investigations for
potential and current Federal and non-
Federal personnel working for EPA.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals who require access to
EPA-controlled facilities, information
technology systems, or information
classified in the interest of national
security, including applicants for
employment or to work on a contract,
grant etc. Federal employees,
contractors, grantees, students, interns,
volunteers, other non-Federal
employees and individuals formerly in
any of these positions. The system does
not apply to occasional visitors or short-
term guests to whom the Agency will
issue temporary identification.

CATEGORIES OF RECORDS IN THE SYSTEM:

Employee name, social security
number (SSN), date and place of birth,
organization, office and home addresses,
office and home and cell phone, job
series, pay grade, previous
employments, overseas travel, military
service, credit information, fingerprint
results, OPM's background investigation
reports, driver's license information,

passport information, photograph,
emergency contact, foreign passport,
foreign travel, foreign involvement,
foreign contacts, ownership of foreign
property, foreign bank accounts and
arrests in foreign countries.

RECORD SOURCE CATEGORIES:

The sources of data within PSS 2.0 are
from internal EPA systems such as the
Human Resources Line of Business
(HRLoB) and the General Service
Administration (GSA) external system,
USAccess, and from external sources
such as vendors, applicants and
onboard personnel. The HRLoB SORN is
EPA-1 and the USAccess SORN is GSA/
GOVT-7.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:

The following routine uses are both
related to and compatible with the
original purpose for which the
information was collected. General
routine uses A, B, C, D E, F, G, H, I, J,
and K apply to this system (73 FR 2245).
In addition, the two routine uses below
(L and M) are required by M-17-12.

L. Disclosure to Persons or Entities in
Response to an Actual or Suspected
Breach of Personally Identifiable
Information. To appropriate agencies,
entities, and persons when (1) the
Agency suspects or has confirmed that
there has been a breach of the system of
records, (2) the Agency has determined
that as a result of the suspected or
confirmed breach there is a risk of harm
to individuals, the Agency (including its
information systems, programs, and
operations), the Federal Government, or
national security; and (3) the disclosure
made to such agencies, entities, and
persons is reasonably necessary to assist
in connection with the Agency's efforts
to respond to the suspected or
confirmed breach or to prevent,
minimize, or remedy such harm.

M. Disclosure to assist another agency
in its efforts to respond to a breach. To
another Federal agency or Federal
entity, when the Agency determines that
information from this system of records
is reasonably necessary to assist the
recipient agency or entity in (1)
responding to a suspected or confirmed
breach or (2) preventing, minimizing, or
remediating the risk of harm to
individuals, the recipient agency or
entity (including its information
systems, programs, and operations), the
Federal Government, or national
security, resulting from a suspected or
confirmed breach.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

The information collected within PSS
2.0 is maintained and stored in the
database located at NCC. These records
are maintained electronically on
computer storage devices such as
computer tapes and disks. Backup will
be maintained at a disaster recovery site.
Computer records are maintained in a
secure password protected environment.
Access to computer records is limited to
those who have a need to know.
Permission level assignments will allow
users access only to those functions for
which they are authorized. All records
are maintained in secure, access-
controlled areas or buildings.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Personal information will be retrieved
by SSN, name, date of birth, email
address, personal identification number
or background investigation case
number.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records are retained and disposed of
in accordance with NARA records
retention schedules appropriate to the
retention of background investigation
related data, as well as EPA's Records
Schedule 1008.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Security controls used to protect
personal sensitive data in PSS 2.0 are
commensurate with those required for
an information system rated
MODERATE for confidentiality,
integrity, and availability, as prescribed
in NIST Special Publication, 800-53,
"Recommended Security Controls for
Federal Information Systems," Revision
4.

ADMINISTRATIVE SAFEGUARDS:

Access to PSS 2.0 requires two-factor
authentication accomplished by using
Personal Identity Verification (PIV)
cards that are issued to all personnel
based on the requirements of Homeland
Security Presidential Directive 12
(HSPD 12).

When a user is logged into PSS 2.0,
they are asked by the system to confirm
that they still want to remain logged in.
If there is no response, or after 15
minutes of inactivity, the user is
automatically logged out of the system.
Personnel are instructed to lock their
computer when they leave their desks.
Personnel receive annual Privacy Act
awareness training and are regularly
reminded about appropriate SPII and PII
handling procedures.

In addition to the agency's Rules of Behavior and Privacy Act training that personnel undergo, PSS users are required to sign a PSS-specific Rules of Behavior document prior to their access being granted to the system.

Contracting Officer's Representatives (CORs) will be receiving SPII/PII as a normal part of their operations. The COR's user guide provides confirmation of how SPII/PII should be handled, and the following is an excerpt of that guide:

"BE AWARE THAT YOU ARE HANDLING SENSITIVE PERSONALLY IDENTIFIABLE INFORMATION (SPII) and need to do so under the following guidelines, which will help prevent privacy breaches by ensuring the COR, who has a need to know the information, is the only individual to see the PII/SPII:

- The COR will instruct the vendor to send the requested information (name, email address, SSN) by email with the COR as the only EPA email recipient.
- The COR will enter the information into PSS 2.0 and will then delete the email.
- To properly delete the email, press the Shift key and the Delete key at the same time—this will fully remove the email, so it isn't even in the Deleted Items folder.
- If the COR replies to the email, the COR will ensure that all SPII and PII in their email response is removed prior to hitting Send.
- The COR will not save or print the email in any form.
- The COR will not forward the email to others."

TECHNICAL SAFEGUARDS:

Access to the data is strictly controlled and is limited to those with an operational need to access the information. Access is granted and managed by PSS 2.0 Administrators. A "least-privilege" role-based access system is employed that restricts access to data on a "need-to-know" basis; access to the data is limited to those with an operational need to access the information. Additionally, all web-based access to the application requires multi-factor authentication.

PHYSICAL SAFEGUARDS:

EPA employees and contractors involved in the management, design, development, implementation and execution of the program will have monitored access to the application. Only individuals who have the proper authorization and who perform functions related to PSS 2.0 are allowed to access any information. Entry to the EPA facility and within the facility to specific spaces at the NCC is achieved

using HSPD-12 PIV cards on door readers. PIV cards are only issued to personnel who have met EPA's initial security screening requirements. Security Guards at all entrances confirm that the PIV card is valid, unexpired and reflects the identity of the card holder. Entry to the server rooms is only available to personnel using their PIV cards on door readers, where those personnel have been approved for elevated access (meaning they have undergone a more rigorous security screening). The NCC maintains an Access Control List to ensure access to server rooms is limited to approved personnel only.

RECORD ACCESS PROCEDURES:

Any individual who wants access to his or her record, should make a written request to the EPA Attn: Privacy Officer, MC2831T, 1200 Pennsylvania Avenue NW, Washington, DC 20460.

CONTESTING RECORD PROCEDURES:

Requests for correction or amendment must identify the record to be changed and the corrective action sought. Complete EPA Privacy Act procedures are described in EPA's Privacy Act regulations at 40 CFR part 16.

NOTIFICATION PROCEDURE:

Any individual who wants to know whether this system of records contains a record about him or her, should make a written request to the EPA, Attn: Privacy Officer, MC2831T, 1200 Pennsylvania Avenue NW, Washington, DC 20460.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

Under 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5), the Personnel Security System is exempt from the following provisions of the Privacy Act of 1974 as amended, subject to the limitations set forth in this subsection; 5 U.S.C. 552a(c)(3); (d)(2), (d)(3), and (d)(4); (e)(1), and (f)(2) through (5). Although the Personnel Security System has been exempted, EPA may, in its discretion, fully grant individual requests for access and correction if it determines that the exercise of these rights will not interfere with an interest that the exemption is intended to protect.

HISTORY:

The security files were previously covered under Office of Administrative Services Information System (OASIS) EPA 41 **Federal Register** (FR) Volume 71, Number 169, FR DOC No: 06-7319 until 2019 and is being transferred to

this existing PSS 2.0 SORN to include all exemptions and provisions.

Vaughn Noga,

Senior Agency Official for Privacy.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2014-0738; FRL-10009-62-OAR]

Notice of Request for Approval of Alternative Means of Emission Limitation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice and request for comments.

SUMMARY: This action provides public notice and solicits comment on the alternative means of emission limitation (AMEL) request from Lyondell Chemical Company (Lyondell), under the Clean Air Act (CAA), for the multi-point ground flares (MPGFs) at its Channelview chemical plant in Houston, Texas.

DATES:

Comments: Comments must be received on or before July 13, 2020.

Public hearing: If anyone contacts us requesting a public hearing on or before June 3, 2020, the EPA will hold a virtual public hearing on June 15, 2020. Please refer to the **SUPPLEMENTARY INFORMATION** section for additional information on the public hearing.

ADDRESSES: You may send comments, identified by Docket ID No. EPA-HQ-OAR-2014-0738, by any of the following methods:

- *Federal eRulemaking Portal:* <https://www.regulations.gov/> (our preferred method). Follow the online instructions for submitting comments.
- *Email:* a-and-r-docket@epa.gov. Include Docket ID No. EPA-HQ-OAR-2014-0738 in the subject line of the message.

Instructions. Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2014-0738, at <https://www.regulations.gov/>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. *Regulations.gov* is our preferred method of receiving comments. All submissions received must include the Docket ID No. for this rulemaking. For detailed instructions on sending comments and additional information on the rulemaking process, see the **SUPPLEMENTARY INFORMATION** section of
